Whenever ~~it shall come to the knowledge of~~ a local board of health ~~knows~~ that a case of a contagious or infectious disease exists within its jurisdiction, the board immediately shall examine the facts of the case and may adopt such quarantine and sanitary measures as in its judgment tend to prevent the spread of such disease. The board immediately may cause any person infected with such disease to be removed to a separate house if, in the opinion of the health officer ~~or county superintendent of public health~~, such person can be removed without danger to ~~his~~ that person's health. If the infected person cannot be removed without danger to ~~his~~ that person's health, the local board shall make such quarantine regulations as it deems proper with reference to the house within which such infected person is, and may cause the persons in the neighborhood to be removed, and may take such other measures as it deems necessary for the safety of the inhabitants within its jurisdiction. Quarantine measures adopted under this section must be in compliance with section 5 of this Act.

SECTION 4. AMENDMENT. Section 23-07-13 of the North Dakota Century Code is hereby amended and reenacted to read as follows:

23-07-13. Contagious or infectious diseases - Local board may establish temporary hospital. Each local board of health may provide such temporary hospital or place of reception for persons afflicted with any contagious or infectious disease as it judges best for their accommodation and the safety of the inhabitants. It may provide a means of transportation to such hospital for persons suffering from any such disease. All such hospitals, and all private houses or other places in which exists any contagious or infectious disease, during the existence of such disease, ~~shall be~~ are under the control and subject to the regulations of the local board of health. ~~All the inmates of any such house or other place, during the existence of such disease therein, must conform to the regulations and obey the instructions of the local board with reference thereto.~~

SECTION 5. A new chapter to title 23 of the North Dakota Century Code is hereby created and enacted to read as follows:

Definitions. As used in this chapter, unless the context otherwise requires:

1. "Communicable disease" means a disease or condition that causes serious illness, serious disability, or death, the infectious agent of which may pass or be carried, directly or indirectly, from the body of one person to the body of another.
2. "Local board" means a board of health as described under section 23-05-01 or a district board of health as described under section 23-14-04.
3. "Respondent" means the person ordered to be confined or restricted under this chapter.

Confinement order. The state health officer or any local board may order any person into confinement if there are reasonable grounds to believe that the person is infected with any communicable disease and is unable or unwilling to behave in a manner as not to expose other persons to danger of infection, the state health officer or local board determines that the person poses a substantial threat to the public health, and confinement is necessary and is the least restrictive alternative to protect or preserve the public health.

Contents of the order. The confinement order must be in writing and set forth the name of the person to be confined; the grounds for the belief that the person has a communicable disease and is unable or unwilling to behave in a manner so as not to expose other persons to danger of infection; that the person poses a substantial threat to the public health and that confinement is necessary and is the least restrictive alternative to protect or preserve the public health; the place of designated confinement, and any conditions or restrictions necessary to protect or preserve the public health. The order must also list the respondent's rights under this chapter. A copy of the order must be given to the respondent. If the order is issued by a local board, the local board, within twenty-four hours of the issuance of the order, shall notify the state health officer that the order has been issued. The order is effective for not more than thirty days. Orders of confinement under this chapter may be issued for successive periods of not more than thirty days each if issued before the last business day of the preceding period of confinement.

Place of confinement. A respondent must be confined in a place designated in the order until the entity that issued the order determines that the respondent no longer poses a substantial threat to the public health or until a court of competent jurisdiction orders the release of the respondent.

Court hearing. A respondent has the right to a court hearing in the county court of the county in which the respondent resides. The respondent or the respondent's representative has a right to be present at the hearing. The respondent has a right to counsel and if the respondent is indigent or otherwise unable to pay for or obtain counsel, the respondent has the right to have counsel appointed. The respondent, respondent's representative, or respondent's counsel has the right to cross-examine witnesses testifying at the hearing. If the respondent, respondent's representative, or respondent's counsel requests, in writing, a hearing, the hearing must be held within seventy-two hours of receipt of the request, excluding Saturdays and

holidays. A request for a hearing does not stay the order of confinement. The court shall determine if the respondent is infected with a communicable disease, is unable or unwilling to behave in a manner as not to expose other persons to danger of infection, poses a substantial threat to the public health, and confinement is necessary and is the least restrictive alternative to protect or preserve the public health. If the order is issued by a local board, the state health officer has the right to be made a party to the proceedings.

Notice of hearing. Notice of the hearing must be given to the respondent and must inform the respondent of the respondent's rights under this chapter.

Access to records. Before a hearing conducted under this chapter, the respondent, respondent's representative, or respondent's counsel must be afforded access to all records including hospital records if the respondent is hospitalized. If the respondent is hospitalized at the time of the hearing, the hospital must make available at the hearing for use by the respondent, respondent's representative, or respondent's counsel all records in its possession relating to the conditions of the respondent.

Burden of proof. At a hearing conducted under this chapter, the entity that ordered confinement has the burden of showing by clear and convincing evidence that the respondent is infected with a communicable disease, is unable or unwilling to behave in a manner so as not to expose other persons to danger of infection, and poses a substantial threat to the public health, and that confinement of the respondent is necessary and is the least restrictive alternative to protect or preserve the public health.

Court findings and orders. If the court finds by clear and convincing evidence that the respondent is infected with a communicable disease, is unable or unwilling to behave in a manner so as not to expose other persons to danger of infection, and poses a substantial threat to the public health, and that confinement of the respondent is necessary and is the least restrictive alternative to protect or preserve the public health, the court may order the continued confinement of the respondent under any conditions and restrictions the court determines appropriate until the entity that issued the original confinement order determines that the respondent's release would not constitute a substantial threat to the public health, or may order the release of the respondent under any conditions and restrictions the court determines appropriate to protect the public health. If the court fails to find that the conditions required for an order for confinement have been proven, the court shall order the immediate release of the respondent.

Request to terminate or modify an order - Review of confinement orders. A respondent may, at any time, request the court to terminate or modify an order of the court, in which case a hearing must be held in accordance with this chapter. Upon its own motion, the court periodically shall conduct a hearing to determine if the conditions requiring the confinement or restriction of the respondent continue to exist. If the court, at a hearing held upon motion of the respondent or its own motion, finds that the conditions requiring confinement or restriction no longer exist, the court shall order the immediate release of the respondent. If the court finds that the conditions continue to exist but that a different remedy is appropriate under this chapter, the court may modify its order accordingly.

Closed hearing - Confidentiality of information. At the request of the respondent, a hearing conducted under this chapter must be closed and any report, transcript, record, or other information relating to actions taken under this chapter must be kept confidential.

Right of appeal. Any party aggrieved by an order of the county court under this section may appeal to the supreme court.

SECTION 6. AMENDMENT. Section 40-06-01 of the North Dakota Century Code is hereby amended and reenacted to read as follows:

40-06-01. Jurisdiction of governing body. Except as otherwise provided by law, a governing body of a municipality ~~shall have~~ has jurisdiction:

An individual may limit an anatomical gift to one or more of the purposes specified in subsection 1 of section 23-06.2-06.
2. An anatomical gift may be made by a document of gift.

7. A potential donor may refuse to make an anatomical gift by a writing executed in the same manner as an anatomical gift is made or any other instrument used to identify the individual as refusing to make an anatomical gift. It may be an oral statement or other form of communication during a terminal illness or injury.
8. An anatomical gift of a part by a donor pursuant to subsection 1 is not a refusal to give other parts in the absence of contrary indications by the donor and is not a limitation on a gift or release of other parts pursuant to sections 23-06.2-03 and 23-06.2-04.
9. A revocation or amendment of an anatomical gift by a donor is not a refusal to make another anatomical gift in the absence of contrary indications by the donor. If the donor intends a revocation to be a refusal to make an anatomical gift, the donor must make a refusal pursuant to subsection 7.

23-06.2-03. Making, revoking, and objecting to anatomical gifts by others.

1. Unless an individual at the time of death has refused to make any anatomical gift, then any member of the following classes of persons, in the order of priority stated, may make an anatomical gift of all or any part of the decedent's body for any purpose specified in section 23-06.2-06:

4. An anatomical gift by a person under subsection 1 may be revoked by any member of the same or a prior class if, before commencement of procedures for the removal of any part from the body of the decedent, the physician, surgeon, technician, or enucleator taking the part knows of the revocation.
5. A failure to make an anatomical gift under subsection 1 is not an objection to the making of an anatomical gift.
- 23-06.2-04. Authorization by coroner or local public health official.
1. The coroner may permit the removal and release of any part from a body within the coroner's custody, for transplant or therapeutic purposes, if the following requirements are met:

3. An official permitting the removal and release of any part shall maintain a permanent record of the name of the decedent, the person making the request, the date and purpose of the request, the part requested, and the person to whom it is released.

23-06.2-05. Request for consent to an anatomical gift - Protocol - Exceptions.

1. When death occurs, or is deemed to be imminent, in a hospital to a patient who has not made an anatomical gift, the hospital administrator or a designated representative, other than a person connected with the determination of death, shall request the person described in subsection 1 of section 23-06.2-03, in the order of priority stated, when persons in prior classes are not available at the time of death, and in the absence of actual notice of contrary indication by the decedent or one in a prior class, to consent to the gift of organs of the decedent's body as an anatomical gift. The hospital must develop a protocol that includes the training of employees or other persons designated to make the request, the procedure to be followed in making the request, and a form of record identifying the person making the request and the response and relationship to the decedent. The protocol must encourage reasonable discretion and sensitivity to the family circumstances in all discussions regarding anatomical gifts.
2. If, based upon medical criteria, a request would not yield an anatomical gift that would be suitable for use, there is authorized an exception to the request required by this section.
3. If, based upon the attending physician's special and peculiar knowledge of the decedent or the circumstances surrounding the death of the patient, the attending physician determines that a request will not be made for an anatomical gift, that determination must be noted in the patient's medical record. The determination is an exception to the request required by this section.
4. A reasonable search for a document of gift or other information identifying the bearer as an anatomical gift donor or as an individual who has refused to make an anatomical gift must be made by:
 - a. A law enforcement officer, fireman, paramedic, or other emergency rescuer finding an individual whom the searcher believes to be dead or near death; and
 - b. A hospital representative upon the admission of an individual at or near the time of death, if there is no other source of that information immediately available.

5. If a document of gift or evidence of refusal to make a gift is located by the search required by subdivision a of subsection 3, a hospital must be notified of the contents and the document must be sent to the hospital with the individual to whom it applies.
6. If, at or near the time of death, a hospital knows that an anatomical gift has been made pursuant to subsection 1 of section 23-06.2-03 or has been authorized pursuant to section 23-06.2-04, or that a patient or an individual identified as in transit to the hospital is a donor, the hospital shall notify the donee if one is specified; if not, the hospital shall notify an appropriate procurement organization. The hospital shall cooperate in the implementation of the anatomical gift.
7. Any person who fails to discharge the duties imposed by this section is not subject to criminal or civil liability but is subject to appropriate administrative sanctions.

23-06.2-06. Persons who may become donees - Purposes for which anatomical gifts may be made.

3. If the donee has knowledge of contrary indications by the decedent or that a gift by a member of a class is opposed by a member of the same or a prior class under subsection 1 of section 23-06.2-03, the donee may not accept the gift.

23-06.2-07. Delivery of document of gift.

1. Delivery of a document of gift during the donor's lifetime is not necessary to the validity of an anatomical gift.
2. If an anatomical gift is made to a specified donee, the document of gift, or a copy, may be delivered to the donee to expedite the appropriate procedures immediately after death. The document of gift, or a copy, may be deposited in any hospital, procurement organization, or registry office that accepts it for safekeeping or for facilitation of procedures after death. On request of any interested person, upon or after the donor's death, the person in

possession shall provide the document of gift or a copy for examination.

23-06.2-08. Rights and duties at death.

1. Rights of a donee created by an anatomical gift are paramount to rights of others except as provided by subsection 2 of section 23-06.2-11. A donee may accept or reject an anatomical gift. If a donee accepts a gift of the entire body, the donee, subject to the terms of the gift, may authorize embalming and the use of the body in funeral services. If the gift is of a part of the body, the donee, upon the death of the donor and before embalming, shall cause the part to be removed without unnecessary mutilation. After removal of the part, custody of the remainder of the body vests in the surviving spouse, next of kin, or other persons under obligation to dispose of the body.
2. The time of death shall be determined by a physician or surgeon who attends the donor at death or, if none, the physician or surgeon who certifies the death. 2. Valuable consideration does not include reasonable payments for removal, processing, disposal, preservation, quality control, storage, transportation, and implantation of a part.
3. Any person who violates this section is guilty of a class B misdemeanor.

23-06.2-11. Examination - Autopsy - Liability.

1. An anatomical gift authorizes any reasonable examination necessary to assure medical acceptability of the gift for the purposes intended.
2. This chapter is subject to the laws of this state prescribing powers and duties with respect to autopsies.

3. Except as provided in section 23-06.2-10, a hospital, physician, surgeon, coroner, local public health officer, enucleator, technician, or any other person who acts in accordance with this chapter or with the applicable anatomical gift law of another state or a foreign country or attempts in good faith to do so is not liable for that activity in any civil action or criminal proceeding.

23-06.2-12. Application. This chapter applies to a document of gift or refusal to make a gift signed by the donor before, on, or after the effective date of this Act.

TERMINAL CONDITION TREATMENT OPTION

AN ACT to define the rights and responsibilities of the terminally ill to control decisions regarding administration of life-prolonging treatment; and to provide penalties.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. Legislative intent. Every competent adult has the right and the responsibility to control the decisions relating to the adult's own medical care, including the decision to have medical or surgical means or procedures calculated to prolong the adult's life provided, withheld; or withdrawn. Communication about such matters is encouraged between each person and the person's family, the physician, and other health care providers. Sections 2 through 14 of this Act do not condone, authorize, approve, or permit mercy killing, euthanasia, or assisted suicide or permit any affirmative or deliberate act or omission to end life other than to permit the natural process of dying.

SECTION 2. Definitions. In sections 2 through 14 of this Act, unless the context otherwise requires:

1. "Attending physician" means the physician who has primary responsibility for the treatment and care of the patient.
2. "Declaration" means a writing executed in accordance with the requirements of subsection 1 of section 3.
3. "Health care provider" means a person who is licensed, certified, or otherwise authorized by the law of this state to administer health care in the ordinary course of business or practice of a profession.
4. "Life-prolonging treatment" means any medical procedure, treatment, or intervention that, when administered to a qualified patient, will serve only to prolong the process of dying and where, in the judgment of the attending physician, death will occur whether or not the treatment is utilized. The term does not include the provision of appropriate nutrition and hydration or the performance of any medical procedure necessary to provide comfort, care, or alleviate pain.
5. "Physician" means an individual licensed to practice medicine in this state pursuant to chapter 43-17.

6. "Qualified patient" means a patient eighteen or more years of age who has executed a declaration and who has been determined by the attending physician and another physician who has personally examined the patient to be in a terminal condition.
7. "Terminal condition" means an incurable or irreversible condition that, without the administration of life-prolonging treatment, will result, in the opinion of the attending physician, in imminent death. The term does not include any form of senility, Alzheimer's disease, mental retardation, mental illness, or chronic mental or physical impairment, including comatose conditions that will not result in imminent death.

SECTION 3. Declaration relating to use of life-prolonging treatment.

3. A declaration must be substantially in the form set forth in subdivision a or b, as applicable, but the declaration may include additional specific directives. The invalidity of any additional specific directives does not affect the validity of the declaration.
 - a. A declaration to withdraw or withhold life-prolonging treatment must be substantially in the following form:

Declaration made this ____ day of _____ (month, year).

I, _____, being at least eighteen years of age and of sound mind, willfully and voluntarily make known my desire that my life must not be artificially prolonged under the circumstances set forth below, and do hereby declare:

1. If at any time I should have an incurable condition caused by injury, disease, or illness certified to be a terminal condition by two physicians, and where the application of life-prolonging treatment would serve only to artificially prolong the process of my dying and my attending physician determines that my death is imminent whether or not life-prolonging treatment is utilized, I direct that such treatment be withheld or withdrawn, and that I be permitted to die naturally.
2. In the absence of my ability to give directions regarding the use of such life-prolonging treatment, it is my intention that this declaration be honored by my family and physicians as the final expression of my legal right to refuse medical or surgical treatment and accept the consequences of that refusal, which is death.
3. If I have been diagnosed as pregnant and that diagnosis is known to my physician, this declaration is not effective during the course of my pregnancy.

- b. A declaration to direct the use of life-prolonging treatment must be substantially in the following form:

4. A physician or other health care provider who is furnished a copy of the declaration shall make it a part of the declarant's medical record and, if unwilling to comply with the declaration, promptly so advise the declarant.

SECTION 4. When declaration operative. A declaration becomes operative when it is communicated to the attending physician, and the declarant is determined by the attending physician and another physician to be in a terminal condition and no longer able to make decisions regarding administration of life-prolonging treatment. A declaration made under section 3 of this Act does not obligate the physician to use, withhold, or withdraw life-prolonging treatment but is presumptive evidence of the declarant's desires concerning the use, withholding, or withdrawal of such treatment and must be given great weight by the physician in determining the intent of the incompetent declarant.

SECTION 5. Revocation of declaration.

A policy of life insurance or annuity is not legally impaired or invalidated in any manner by the withholding or withdrawal of life-prolonging treatment from an insured qualified patient, notwithstanding any term to the contrary.
3. A person may not prohibit or require the execution of a declaration as a condition for being insured for, or receiving, health care services.

HOME-PREPARED FOODS

AN ACT to declare legislative intent; to create and enact chapter 23-09.2 of the North Dakota Century Code, relating to education of food preparers; to amend and reenact subsections 14 and 15 of section 43-15-10 of the North Dakota Century Code, relating to powers of the state board of pharmacy; and to repeal sections 19-02-13, 19-02-14, 19-02-15, 19-02-16, 19-02-17, 19-02-18, 19-02-19, 19-02-20, 19-02-21, 19-02-22, 19-02-23, and 19-02-24 of the North Dakota Century Code, relating to food and drug regulation.

Because the unintentional mishandling of food may jeopardize the public health and welfare, whether the mishandling is done by an establishment open to public patronage or by a nonprofit public-spirited organization or a person providing a limited type of food service, it is the intent of the legislative assembly to authorize the department of health and consolidated laboratories to offer educational support to food preparers.

23-09.2-02. Rules. The department may adopt rules regarding education of food preparers.

23-09.2-03. Minor violations. The department, local boards of health, and district health units shall attempt to resolve minor violations of this chapter through education. The department, local boards of health, and district health units are not required to report for prosecution minor violations of this chapter.

23-09.2-04. Exclusions. This chapter does not apply to private homes where food is prepared or stored for individual family consumption and to the use of home-canned goods, nongrade A dairy products and food prepared using nongrade A dairy products, and to meat not inspected under the Federal Meat Inspection Act [34 Stat. 1260-1265; 21 U.S.C. 603 et seq.].

HOUSE BILL NO. 1190
(Committee on Human Services and Veterans Affairs)
(At the request of the State Department of
Health and Consolidated Laboratories)

HEALTH CARE FACILITY RECEIVERS

AN ACT to create and enact chapter 23-16.1 of the North Dakota Century Code, relating to appointment of receivers for licensed health care facilities.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. Chapter 23-16.1 of the North Dakota Century Code is hereby created and enacted to read as follows:

23-16.1-01. Definitions. In this chapter, unless the context or subject matter otherwise requires:

1. "Department" means the state department of health and consolidated laboratories.
2. "Health care facility" means those facilities licensed under chapter 23-16.

23-16.1-02. Conditions for appointment of receiver. If the department has revoked the license of a health care facility, or if the operator of a health care facility has requested, the department may file a petition with the district court to place the health care facility under the control of a receiver if necessary to protect the health or safety of patients or residents at the health care facility. The court may grant the petition upon a finding that the health or safety of the patients or residents at the health care facility would be seriously threatened if a condition existing at the time the petition was filed is permitted to continue. This finding may be based upon evidence concerning the physical plant or the program and services offered by the health care facility, but not solely upon evidence that a health care facility has been denied a license to operate as a health care facility or has had a previously issued license revoked.

23-16.1-03. Appointment of receiver. The court shall appoint as receiver the state health officer who shall designate a qualified individual, not employed by this state or its political subdivisions, or a nonprofit organization to execute the receivership. The receiver appointed by the court shall use the income and assets of the health care facility to maintain and operate the health care facility and to attempt to correct the conditions that constitute a threat to the patients or residents. The receiver may not liquidate the assets of the health care facility.

23-16.1-04. Termination of receivership. The receivership must be terminated when the receiver and the court certify that the conditions which

prompted the appointment have been corrected, when the license is restored, when a new license is issued, or, in the case of an election by the owner or owners to discontinue operation, when the patients or residents are safely placed or provided services in the health care facility.

23-16.1-05. Accounting. Upon the termination of the receivership, the receiver shall render a complete accounting to the court and shall dispose of surplus funds as the court directs.

SENATE BILL NO. 2076
(Senators Moore, Todd)
(Representatives Mertens, A. Olson)

RADIOACTIVE WASTE DISPOSAL COMPACT

AN ACT to enter into the southwestern low-level radioactive waste disposal compact.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. Southwestern low-level radioactive waste disposal compact. The southwestern low-level radioactive waste disposal compact is hereby entered into with all jurisdictions legally joining the compact, in the form substantially as follows:

ARTICLE I. COMPACT POLICY AND FORMATION

The party states hereby find and declare all of the following:

1. The United States Congress, by enacting the Low-Level Radioactive Waste Policy Act, Public Law 96-573, as amended by the Low-Level Radioactive Waste Policy Amendments Act of 1985 (42 U.S.C. 2021b - 2021j), has encouraged the use of interstate compacts to provide for the establishment and operation of facilities for regional management of low-level radioactive waste.
2. It is the purpose of this compact to provide the means for such a cooperative effort between or among party states to protect the citizens of the states and the states' environments.
3. It is the policy of party states to this compact to encourage the reduction of the volume of low-level radioactive waste requiring disposal within the compact region.
4. It is the policy of the party states that the protection of the health and safety of their citizens and the most ecological and economical management of low-level radioactive wastes can be accomplished through cooperation of the states by minimizing the amount of handling and transportation required to dispose of these wastes and by providing facilities that serve the compact region.
5. Each party state, if an agreement state pursuant to section 2021 of title 42 of the United States Code, or the nuclear regulatory commission if not an agreement state, is responsible for the primary regulation of radioactive materials within its jurisdiction.

ARTICLE II. DEFINITIONS

As used in this compact, unless the context clearly indicates otherwise, the following definitions apply:

1. "Commission" means the southwestern low-level radioactive waste commission established in article III of this compact.
2. "Compact region" or "region" means the combined geographical area within the boundaries of the party states.
3. "Disposal" means the permanent isolation of low-level radioactive waste pursuant to requirements established by the nuclear regulatory commission and the environmental protection agency under applicable laws, or by a party state if the state hosts a disposal facility.
4. "Generate", when used in relation to low-level radioactive waste, means to produce low-level radioactive waste.
5. "Generator" means a person whose activity, excluding the management of low-level radioactive waste, results in the production of low-level radioactive waste.
6. "Host county" means a county, or other similar political subdivision of a party state, in which a regional disposal facility is located or being developed.
7. "Host state" means a party state in which a regional disposal facility is located or being developed. California is the host state under this compact for the first thirty years from the date the California regional disposal facility commences operations.
8. "Institutional control period" means that period of time in which the facility license is transferred to the disposal site owner in compliance with the appropriate regulations for long-term observation and maintenance following the postclosure period.
9. "Low-level radioactive waste" means regulated radioactive material that meets all of the following requirements:
 - a. The waste is not high-level radioactive waste, spent nuclear fuel, or byproduct material (as defined in section 11e(2) of the Atomic Energy Act of 1954 (42 U.S.C. 2014(e)(2))).
 - b. The waste is not uranium mining or mill tailings.
 - c. The waste is not any waste for which the federal government is responsible pursuant to subdivision (b) of section 3 of the Low-Level Radioactive Waste Policy Amendments Act of 1985 (42 U.S.C. 2021c(b)).
 - d. The waste is not an alpha-emitting transuranic nuclide with a half-life greater than five years and with a concentration greater than one hundred nanocuries per gram, or plutonium-241 with a concentration greater than three thousand five hundred nanocuries per gram, or curium-242 with a concentration greater than twenty thousand nanocuries per gram.
10. "Major generator state" means a party state that generates ten percent of the total amount of low-level radioactive waste produced within the compact region and disposed of at the regional disposal

facility. If no party state other than California generates at least ten percent of the total amount, "major generator state" means the party state that is second to California in the amount of waste produced within the compact region and disposed of at the regional disposal facility.

11. "Management" means collection, consolidation, storage, packaging, or treatment.
12. "Operator" means a person who operates a regional disposal facility.
13. "Party state" means any state that has become a party in accordance with article VII of this compact.
14. "Person" means an individual, corporation, partnership, or other legal entity, whether public or private.
15. "Postclosure period" means that period of time after completion of closure of a disposal facility during which the licensee observes, monitors, and carries out necessary maintenance and repairs at the disposal facility to assure that the disposal facility will remain stable and will not need ongoing active maintenance. This period ends with the beginning of the institutional control period.
16. "Regional disposal facility" means a nonfederal low-level radioactive waste disposal facility established and operated under this compact.
17. "Site closure and stabilization" means the activities of the disposal facility operator taken at the end of the disposal facility's operating life to assure the continued protection of the public from any residual radioactive or other potential hazards present at the disposal facility.
18. "Transporter" means a person who transports low-level radioactive waste.
19. "Uranium mine and mill tailings" means waste resulting from mining and processing of ores containing uranium.

ARTICLE III. THE COMMISSION

1. There is hereby established the southwestern low-level radioactive waste commission.
 - a. The commission consists of one voting member from each party state to be appointed by the governor, confirmed by the senate of that party state, and to serve at the pleasure of the governor of each party state, and one voting member from the host county. The appointing authority of each party state shall notify the commission in writing of the identity of the member and of any alternates. An alternate may act in the member's absence.
 - b. The host state shall also appoint that number of additional voting members of the commission which is necessary for the host state's members to compose at least fifty-one percent of

the membership on the commission. The host state's additional members must be appointed by the host state governor and confirmed by the host state senate.

If there is more than one host state, only the state in which is located the regional disposal facility actively accepting low-level radioactive waste pursuant to this compact may appoint these additional members.

- c. If the host county has not been selected at the time the commission is appointed, the governor of the host state shall appoint an interim local government member, who must be an elected representative of a local government. After a host county is selected, the interim local government member shall resign and the governor shall appoint the host county member pursuant to subdivision d.
 - d. The governor shall appoint the host county member from a list of at least seven candidates compiled by the board of county commissioners of the host county.
 - e. In recommending and appointing the host county member pursuant to subdivision d, the board of county commissioners and the governor shall give first consideration to recommending and appointing the members of the board of county commissioners in whose district the regional disposal facility is located or being developed. If the board of county commissioners of the host county does not provide a list to the governor of at least seven candidates from which to choose, the governor shall appoint a resident of the host county as the host county member.
 - f. The host county member is subject to confirmation by the senate of the host state and serves at the pleasure of the governor of the host state.
2. The commission is a legal entity separate and distinct from the party states and is liable for its actions. Members of the commission are not personally liable for actions taken in their official capacity. The liabilities of the commission are not to be deemed liabilities of the party states.
3. The commission must conduct its business affairs pursuant to the laws of the host state and disputes arising out of commission action must be governed by the laws of the host state. The commission must be located in the capital city of the host state in which the regional disposal facility is located.
4. The commission's records are subject to the host state's public records law, and the meetings of the commission must be open and public in accordance with the host state's open meeting law.
5. The commission members are public officials of the appointing state and are subject to the conflict of interest laws, as well as any other law, of the appointing state. The commission members must be compensated according to the appointing state's law.

6. Each commission member is entitled to one vote. A majority of the commission constitutes a quorum. Unless otherwise provided in this capacity, a majority of the total number of votes on the commission is necessary for the commission to take any action.
7. The commission has all of the following duties and authority:
 - a. The commission shall do, pursuant to the authority granted by this compact, whatever is reasonably necessary to ensure that low-level radioactive wastes are safely disposed of and managed within the region.
 - b. The commission shall meet at least once a year and otherwise as business requires.
 - c. The commission shall establish a compact surcharge to be imposed upon party state generators. The surcharge must be based upon the cubic feet of low-level radioactive waste and the radioactivity of the low-level radioactive waste and must be collected by the operator of the disposal facility.

The host state shall set, and the commission shall impose, the surcharge after congressional approval of the compact. The amount of the surcharge must be sufficient to establish and maintain a reasonable level of funds for all of the following purposes:

- (1) The activities of the commission and commission staff.
 - (2) At the discretion of the host state, a third-party liability fund to provide compensation for injury to persons or property during the operational, closure, stabilization, and postclosure and institutional control periods of the regional disposal facility. This paragraph does not limit the responsibility or liability of the operator, who shall comply with any federal or host state statutes or regulations regarding third-party liability claims.
 - (3) A local government reimbursement fund, for the purpose of reimbursing the local government entity or entities hosting the regional disposal facility for any costs or increased burdens on the local governmental entity for services, including, general fund expenses, the improvement and maintenance of roads and bridges, fire protection, law enforcement, monitoring by local health officials, and emergency preparation and response related to the hosting of the regional disposal facility.
- d. The surcharges imposed by the commission for purposes of paragraphs 2 and 3 of subdivision c and surcharges pursuant to subdivision c of subsection 5 of article IV must be transmitted on a monthly basis to the host state for distribution to the proper accounts.
 - e. The commission shall establish a fiscal year that conforms to the fiscal years of the party states to the extent possible.

- f. The commission shall keep an accurate account of all receipts and disbursements. An annual audit of the books of the commission must be conducted by an independent certified public accountant, and the audit report must be made a part of the annual report of the commission.
- g. The commission shall prepare and include in the annual report a budget showing anticipated receipts and disbursements for the subsequent fiscal year.
- h. The commission may accept any grants, equipment, supplies, materials, or services, conditional or otherwise, from the federal government or a state government. The nature, amount and condition, if any, of any donation, grant, or other resources accepted pursuant to this subdivision and the identity of the donor or grantor must be detailed in the annual report of the commission.

However, the host state is entitled to receive, for the uses specified in subparagraph E of paragraph 2 of subsection d of section 2021e of title 42 of the United States Code, any payments paid from the special escrow account for which the secretary of energy is trustee pursuant to subparagraph A of paragraph 2 of subsection d of section 2021e of title 42 of the United States Code.

- i. The commission shall submit communications to the governors and to the presiding officers of the legislative assemblies of the party states regarding the activities of the commission, including an annual report to be submitted on or before January fifteenth of each year. The commission shall include in the annual report a review of, and recommendations for, low-level radioactive waste disposal methods that are alternative technologies to the shallow land burial of low-level radioactive waste.
- j. The commission shall assemble and make available to the party states, and to the public, information concerning low-level radioactive waste management needs, technologies, and problems.
- k. The commission shall keep a current inventory of all generators within the region, based upon information provided by the party states.
- l. The commission shall keep a current inventory of all regional disposal facilities, including information on the size, capacity, location, specific low-level radioactive wastes capable of being managed, and the projected useful life of each regional disposal facility.
- m. The commission may establish advisory committees for the purpose of advising the commission on the disposal and management of low-level radioactive waste.
- n. The commission may enter into contracts to carry out its duties and authority, subject to projected resources. No contract made by the commission may bind a party state.

- o. The commission shall prepare contingency plans, with the cooperation and approval of the host state, for the disposal and management of low-level radioactive waste in the event that any regional disposal facility should be closed.
- p. The commission may sue and be sued and, when authorized by a majority vote of the members, may seek to intervene in an administrative or judicial proceeding related to this compact.
- q. The commission must be managed by an appropriate staff, including an executive director. Notwithstanding any other provision of law, the commission may hire or retain, or both, legal counsel.
- r. The commission may, subject to applicable federal and state laws, recommend to the appropriate host state authority suitable land and rail transportation routes for low-level radioactive waste carriers.
- s. The commission may enter into an agreement to import low-level radioactive waste into the region only if both of the following requirements are met:
 - (1) The commission approves the importation agreement by a two-thirds vote of the commission.
 - (2) The commission and the host state assess the affected regional disposal facilities' capability to handle imported low-level radioactive wastes and any relevant environmental or economic factors, as defined by the host state's appropriate regulatory authorities.
- t. The commission may, upon petition, allow an individual generator, a group of generators, or the host state of the compact, to export low-level radioactive wastes to a low-level radioactive waste disposal facility located outside the region. The commission may approve the petition only by a two-thirds vote of the commission. The permission to export low-level radioactive wastes is effective for that period of time and for the amount of low-level radioactive waste, and subject to any other term or condition, which may be determined by the commission.
- u. The commission may approve, only by a two-thirds vote of the commission, the exportation outside the region of material, which otherwise meets the criteria of low-level radioactive waste, if the sole purpose of the exportation is to process the material for recycling.
- v. The commission shall, not later than ten years before the closure of the initial or subsequent regional disposal facility, prepare a plan for the establishment of the next regional disposal facility.

ARTICLE IV. RIGHTS, RESPONSIBILITIES, AND OBLIGATIONS OF PARTY STATES

1. There must be regional disposal facilities sufficient to dispose of the low-level radioactive waste generated within the region.
2. Low-level radioactive waste generated within the region must be disposed of at regional disposal facilities and each party state must have access to any regional disposal facility without discrimination.
3. a. Upon the effective date of this compact, California must serve as the host state and must comply with the requirements of subsection 5 for at least thirty years from the date the regional disposal facility begins to accept low-level radioactive waste for disposal. The extension of the obligation and duration is at the option of California.

If California does not extend this obligation, the party state, other than California, which is the largest major generator state must then serve as the host state for the second regional disposal facility.

The obligation of a host state which hosts the second regional disposal facility must also run for thirty years from the date the second regional disposal facility begins operations.

- b. The host state may close its regional disposal facility when necessary for public health or safety.
4. The party states of this compact cannot be members of another regional low-level radioactive waste compact entered into pursuant to the Low-Level Radioactive Waste Policy Act, as amended by the Low-Level Radioactive Waste Policy Amendments Act of 1985 (42 U.S.C. 2021b - 2021j).
5. A host state shall do all of the following:
 - a. Cause a regional disposal facility to be developed on a timely basis.
 - b. Ensure by law, consistent with any applicable federal laws, the protection and preservation of public health and safety in the siting, design, development, licensing, regulation, operation, closure, decommissioning, and long-term care of the regional disposal facilities within the state.
 - c. Ensure that charges for disposal of low-level radioactive waste at the regional disposal facility are reasonably sufficient to do all of the following:
 - (1) Ensure the safe disposal of low-level radioactive waste and long-term care of the regional disposal facility.
 - (2) Pay for the cost of inspection, enforcement, and surveillance activities at the regional disposal facility.
 - (3) Assure that charges are assessed without discrimination as to the party state of origin.

- d. Submit an annual report to the commission on the status of the regional disposal facility including projections of the facility's anticipated future capacity.
 - e. The host state and the operator shall notify the commission immediately upon the occurrence of any event which could cause a possible temporary or permanent closure of a regional disposal facility.
6. Each party state is subject to the following duties and authority:
- a. To the extent authorized by federal law, each party state shall develop and enforce procedures requiring low-level radioactive waste shipments originating within its borders and destined for a regional disposal facility to conform to packaging and transportation requirements and regulations. These procedures must include all of the following requirements:
 - (1) Periodic inspections of packaging and shipping practices.
 - (2) Periodic inspections of low-level radioactive waste containers while in the custody of transporters.
 - (3) Appropriate enforcement actions with respects to violations.
 - b. A party state may impose a surcharge on the low-level radioactive waste generators within the state to pay for activities required by subdivision a.
 - c. To the extent authorized by federal law, each party state shall, after receiving notification from a host state that a person in a party state has violated packaging, shipping, or transportation requirements or regulations, take appropriate actions to ensure that these violations do not continue. Appropriate actions include requiring that a bond be posted by the violator to pay the cost of repackaging at the regional disposal facility and prohibiting future shipments to the regional disposal facility.
 - d. Each party state shall maintain a registry of all generators within the state that may have low-level radioactive waste to be disposed of at a regional disposal facility, including the amount of low-level radioactive waste and the class of low-level radioactive waste generated by each generator.
 - e. Each party state shall encourage generators within its borders to minimize the volume of low-level radioactive waste requiring disposal.
 - f. Each party state may rely on the good faith performance of the other party states to perform those acts that are required by this compact to provide regional disposal facilities, including the use of the regional disposal facilities in a manner consistent with this compact.

- g. Each party state shall provide the commission with any data and information necessary for the implementation of the commission's responsibilities, including taking those actions necessary to obtain this data or information.
- h. Each party state shall agree that only low-level radioactive waste generated within the jurisdiction of the party states may be disposed of in the regional disposal facility, except as provided in subdivision s of subsection 7 of article III.
- i. Each party state shall agree that if there is any injury to persons or property resulting from the operation of a regional disposal facility, the damages resulting from the injury may be paid from the third-party liability fund pursuant to paragraph 2 of subdivision c of subsection 7 of article III, only to the extent that the damages exceed the limits of liability insurance carried by the operator. No party state, by joining this compact, assumes any liability resulting from the siting, operation, maintenance, long-term care, or other activity relating to a regional facility, and no party state is liable for any harm or damage resulting from a regional facility not located within the state.

ARTICLE V. APPROVAL OF REGIONAL FACILITIES

A regional disposal facility must be approved by the host state in accordance with its laws. This compact does not confer any authority on the commission regarding the siting, design, development, licensing, or other regulation, or the operation, closure, decommissioning, or long-term care of, any regional disposal facility within a party state.

ARTICLE VI. PROHIBITED ACTS AND PENALTIES

- 1. No person shall dispose of low-level radioactive waste within the region unless the disposal is at a regional disposal facility, except as otherwise provided in subdivisions t and u of subsection 7 of article III.
- 2. No person shall dispose of or manage any low-level radioactive waste within the region unless the low-level radioactive waste was generated within the region, except as provided in subdivisions s, t, and u of subsection 7 of article III.
- 3. Violations of this section must be reported to the appropriate law enforcement agency within the party state's jurisdiction.
- 4. Violations of this section may result in prohibiting the violator from disposing of low-level radioactive waste in the regional disposal facility, as determined by the commission or the host state.

ARTICLE VII. ELIGIBILITY, ENTRY INTO EFFECT, CONGRESSIONAL CONSENT, WITHDRAWAL, EXCLUSION

- 1. Arizona, North Dakota, South Dakota, and California are eligible to become parties to this compact. Any other state may be made eligible by a majority vote of the commission and ratification by the legislative assemblies of all of the party states by statute, and upon compliance with those terms and conditions for eligibility which the host state may establish. The host state may establish

all terms and conditions for the entry of any state, other than the states named in this subsection, as a member of this compact.

2. Upon compliance with the other provisions of this compact, an eligible state may become a party state by legislative enactment of this compact or by executive order of the governor of the state adopting this compact. A state becoming a party state by executive order ceases to be a party state upon adjournment of the first general session of its legislative assembly convened after the executive order is issued, unless before the adjournment the legislative assembly enacts this compact.
3. A party state, other than the host state, may withdraw from the compact by repealing the enactment of this compact, but this withdrawal does not become effective until two years after the effective date of the repealing legislation. If a party state which is a major generator of low-level radioactive waste voluntarily withdraws from the compact pursuant to this subsection, that state shall make arrangements for the disposal of the other party states' low-level radioactive waste for a time period equal the period of time it was a member of this compact.

If the host state withdraws from the compact, the withdrawal does not become effective until five years after the effective date of the repealing legislation.

4. A party state may be excluded from this compact by a two-thirds vote of the commission members, acting in a meeting, if the state to be excluded has failed to carry out any obligations required by this compact.
5. This compact takes effect upon the enactment by statute by the legislatures of California and at least one other eligible state and upon the consent of Congress and remains in effect until otherwise provided by federal law. This compact is subject to review by Congress and the withdrawal of the consent of Congress every five years after its effective date, pursuant to federal law.

ARTICLE VIII. CONSTRUCTION AND SEVERABILITY

1. This compact must be broadly construed to carry out the purposes of the compact, but the sovereign powers of a party state may not be infringed unnecessarily.
2. This compact does not affect any judicial proceeding pending on the effective date of this compact.
3. If any provision of this compact or the application thereof to any person or circumstances is held invalid, that invalidity does not affect other provisions or applications of the compact which can be given effect without the invalid provision or application, and to this end the provisions of this compact are severable.
4. Nothing in this compact diminishes or otherwise impairs the jurisdiction, authority, or discretion of either of the following:
 - a. The nuclear regulatory commission pursuant to the Atomic Energy Act of 1954, as amended (42 U.S.C. 2011 et seq.).

- b. An agreement state under section 274 of the Atomic Energy Act of 1954, as amended (42 U.S.C. 2021).
- 5. Nothing in this compact confers any new authority on the states or commission to do any of the following:
 - a. Regulate the packaging or transportation of low-level radioactive waste in a manner inconsistent with the regulations of the nuclear regulatory commission or the United States department of transportation.
 - b. Regulate health, safety, or environmental hazards from source, byproduct, or special nuclear material.
 - c. Inspect the activities of licensees of the agreement states or of the nuclear regulatory commission.

AN ACT to amend and reenact section 23-21.1-03 of the North Dakota Century Code, relating to cemetery perpetual care funds.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. AMENDMENT. Section 23-21.1-03 of the North Dakota Century Code is hereby amended and reenacted to read as follows:

23-21.1-03. Creation of perpetual care fund. Any organization subject to the provisions of this chapter which is organized or commences business in the state of North Dakota and desires to operate as a perpetual care cemetery shall, before selling or disposing of any interment space or lots, establish a minimum perpetual care and maintenance guarantee fund of twenty-five thousand dollars in cash, except that the minimum perpetual care and maintenance guarantee fund for organizations in operation on the effective date of this chapter shall be five thousand dollars. The perpetual care and maintenance guarantee fund shall be permanently set aside in trust to be administered under the jurisdiction of the district court of the county wherein the cemetery is located. The district court shall have jurisdiction over the approval of trustees, reports and accounting of trustees, amount of surety bond required, and investment of funds as provided by chapter 59-04 relating to the administration of trust estates. Only the income from such fund shall be used for the care and maintenance of the cemetery for which it was established. All such organizations shall submit at least annually, to the district court, such reports as are required. The clerks of each of the district courts shall transmit copies of all reports, and rules and regulations enacted by the organization, to the state department of health and consolidated laboratories and the commissioner of banking and financial institutions.

To continue to operate as a perpetual care cemetery, any such organization shall set aside and deposit in the perpetual care fund not less than the following amounts for lots of interment space thereafter sold or disposed of:

1. A minimum of twenty percent of the gross selling price with a minimum of twenty dollars for each adult space, whichever is the greater.

HIGHWAY CONTRACT ARBITRATION

AN ACT to amend and reenact sections 24-02-26.1, 24-02-27, and 24-02-32 of the North Dakota Century Code, relating to the arbitration of claims on contracts for the construction or repair of highways.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. AMENDMENT. Section 24-02-26.1 of the 1987 Supplement to the North Dakota Century Code is hereby amended and reenacted to read as follows:

24-02-26.1. Condition precedent to contractor demand for arbitration - Claims for extra compensation. In addition to the provisions of section 24-02-30, full compliance by a contractor with the provisions of this section is a condition precedent to the contractor's right to demand arbitration. If the contractor believes the contractor is entitled to additional compensation for work or materials not covered in the contract or not ordered by the engineer as extra work or force account work in accordance with the contract specifications, the contractor shall, prior to beginning the work which the claim will be based upon, notify the engineer in writing of the intent to make claim for additional compensation. If the basis for the claim does not become apparent until the contractor has commenced work on the project and it is not feasible to stop the work, the contractor shall immediately notify the engineer that the work is continuing and that written notification of the intent to make claim will be submitted within ten calendar days. Failure of the contractor to give the notification required and to afford the engineer facilities and assistance in keeping strict account of actual costs will constitute a waiver of claim for additional compensation in connection with the work already performed. Notification of a claim, and the fact that the engineer has kept account of the costs involved, may not be construed as proving or substantiating the validity or actual value of the claim.

Any person submitting a claim for compensation under this section, personally or on behalf of another person or entity, shall do so in writing, stating not later than ninety days after the department has submitted the final estimate to the contractor. The claim must state the monetary amount of the claim, the reason for the claim, when the loss was incurred, and a short statement of the factual situation under which the claim arose. The claim must be made under oath or equivalent affirmation. The commissioner shall provide claim forms to persons requesting or indicating a need for them.

The commissioner shall act on the claim within sixty days after the claim is served upon the commissioner. The contractor and the commissioner may negotiate a supplemental agreement for the claim items that are accepted

by the commissioner, and the commissioner shall immediately pay the contractor for any additional compensation resulting from the supplemental agreement. The contractor may demand arbitration on the remaining claim items within ninety days after the contractor has been notified of the commissioner's action on the claim.

The contractor shall make available to the department and allow the department to examine and copy all of the contractor's records, documents, worksheets, and other data which are pertinent to the justification of the claim and to the substantiation of all costs related to the claim. The department shall also make available to the contractor all of the department's records, documents, worksheets, and other data which are pertinent to the department's response to the claim.

SECTION 2. AMENDMENT. Section 24-02-27 of the 1987 Supplement to the North Dakota Century Code is hereby amended and reenacted to read as follows:

24-02-27. Arbitration demand - District court may appoint arbitrators if parties fail - Arbitration pool. The party desiring arbitration shall make a written demand therefor and in such demand shall name the arbitrator by him selected. He also in such demand shall set forth all the controversies and claims which he desires to submit to arbitration and a concise statement of his claims with reference to each controversy. Such demand shall be served upon the opposite party, who, within ten days, shall name in writing the arbitrator on his part, and in connection therewith shall set forth in writing his contentions with reference to the claims set forth in the demand served upon him and any additional claims or controversies which he desires to submit to arbitration on his part, with a concise statement of his claims in connection therewith. If the party proceeded against shall fail or refuse to name an arbitrator, the moving party may apply ex parte to the judge of the district court of the county in which the improvement in the contract in question, or any part thereof, may be located, for the appointment of the two additional arbitrators, and if upon the appointment of an arbitrator by each of the parties, the two so appointed have been unable to agree upon a third arbitrator within five days, then either party to the controversy, upon five days' notice, may apply to such district court for the appointment of such third arbitrator. The party desiring arbitration must serve a written demand upon the adverse party. The demand must designate an arbitrator and must describe and detail all claim items that are submitted to arbitration. The party served with the demand shall respond in writing within thirty days, and the response must designate a second arbitrator and must explain the respondent's position concerning each claim item. If the respondent does not designate the second arbitrator within thirty days, the claimant may apply to the district court of the judicial district in which the project, or any part of the project, is located for the appointment of the second arbitrator. If the two arbitrators do not designate the third arbitrator within thirty days after the second arbitrator is designated, either party may apply to the district court for the appointment of the third arbitrator. The proceedings in the district court are governed by the rules of civil procedure concerning motions.

All arbitrators shall be selected from an arbitration pool which shall consist of fifteen members. The members of the pool shall be appointed by the governor. The governor shall select members to the arbitration pool from lists submitted by the society of professional engineers, the association of general contractors, and the commissioner. The governor shall not select more than five names from any one of the lists submitted. Members of the

arbitration pool shall serve a term of two years ~~starting on July 1, 1983~~. If any vacancy occurs for any reason, the governor shall fill the vacancy for the unexpired term in the same manner as the original selection.

SECTION 3. AMENDMENT. Section 24-02-32 of the North Dakota Century Code is hereby amended and reenacted to read as follows:

24-02-32. Further arbitration permitted — ~~Arbitration must be commenced within six months~~. If after the making of an award which requires the contractor to do further work, any controversies arise between the parties as to the doing of such work, ~~such~~ the controversies may be submitted to the same arbitrators on five days' notice for further determination.

~~No arbitration shall be had under this chapter unless commenced within six months after the right thereto has arisen.~~

If, in pursuing administrative remedies, the project determines that any matter with respect to that person will not be resolved within a reasonable time, the project may pursue alternative remedies, including the initiation of a legal action with the consent of the committee. However, exhaustion of administrative remedies is not a prerequisite to initiation of a legal action when that action is instituted to prevent or eliminate imminent serious harm to a person with developmental disabilities or mental illnesses.

1. Upon receipt of any report of suspected abuse, neglect, exploitation, or a complaint made pursuant to sections 1 through 12 of this Act, the project shall assess the need for an investigation of the report or complaint. If the project determines that the report or complaint is warranted, the project shall investigate or cause the report or complaint to be investigated. For the purpose of investigating a report or a complaint, the project may:
 - a. Interview the alleged victim who has developmental disabilities or mental illness at any time of the day or night, with or without notice.
 - b. Interview any other individual who may have knowledge of the situation.

3. Bar a cause of action brought by a person who may be liable or by an insurer or guarantor, whether by right of subrogation or otherwise.

The tariff must be collected until the fund is equal to or exceeds three million dollars during any full tariff collection period. Reasonable forecasts of future expenses and income may be used in imposing and ceasing to collect the fund tariff.

SECTION 17. Tariff levied. A dealer shall pay to the tax commissioner a tariff of nine-fortieths of a cent per gallon [3.79 liters] for every gallon [3.79 liters] of gasoline, kerosene, tractor fuel, heating oil except liquefied petroleum, or diesel fuel subject to taxation under chapters 57-43.1 and 57-43.2. The dealer shall collect the tariff from the purchaser or user and, notwithstanding any other provision of law, the tariff may not be refunded. The tariff must accompany the monthly report required by section 18 of this Act. The tax commissioner shall forward all money collected under this section to the state treasurer monthly, and the treasurer shall place the money in the petroleum release compensation fund for the sole purpose of reimbursement of corrective costs authorized under this Act. The provisions of chapters 57-43.1 and 57-43.2 pertaining to the administration of motor vehicle fuel and special fuels not in conflict with this Act govern the administration of the tariff levied by this section. To aid and monitor the collection of the tariff, the administrator and the tax commissioner may exchange information provided by the dealer.

SECTION 18. Report of petroleum products. No later than the twenty-fifth day of each calendar month, a dealer shall send to the tax commissioner a correct report of all purchases and sales of gasoline, kerosene, tractor fuel, heating oil, or diesel fuel during the preceding month. The report must include the same information as required by chapters 57-43.1 and 57-43.2 for motor vehicle fuel and special fuels tax collection purposes.

SECTION 19. Bond required of dealer. The tax commissioner may require a dealer to furnish a surety bond payable to the state in the sum of five hundred dollars, or twice the amount of tariffs due from the dealer for any calendar month during the preceding year, whichever amount is greater, guaranteeing true reports of purchases and sales of gasoline, kerosene, tractor fuel, heating oil, and diesel fuel and payment of all tariffs imposed under section 17 of this Act. The tax commissioner shall determine the sufficiency of the bond. A bond may cover delinquent tariffs for one or all of the petroleum products subject to a tariff under section 17 of this Act. When a tariff is not paid within twenty days after it is due, the bond is forfeited to the extent of the delinquent tariff.

SECTION 20. Penalty. A dealer violating this Act is guilty of a class B misdemeanor, unless another penalty is specifically provided.

SECTION 21. Registration fee. An owner or operator of a tank shall pay an annual registration fee of ten dollars for each aboveground tank and twenty-five dollars for each underground tank owned or operated by that person. SECTION 22. Reimbursement for corrective action. The administrator shall reimburse an eligible owner or operator for ninety percent of the costs of corrective action, including the investigation, which are greater than seven thousand five hundred dollars and less than one hundred thousand dollars. A reimbursement may not be made unless the administrator determines that:

3. The owner or operator has paid the first seven thousand five hundred dollars of the cost of corrective action; and
4. The owner or operator, to the extent possible, fully cooperated with the department and the administrator in responding to the release.

An owner or operator may be reimbursed only for releases discovered and reported after the effective date of this Act.

SECTION 24. Administrator to determine costs. A reimbursement may not be made from the fund until the administrator has determined that the costs for which reimbursement is requested were actually incurred and were reasonable.

SECTION 25. Liability of responsible person. The right to apply for reimbursement and the receipt of reimbursement does not limit the liability of an owner or operator for damages or costs incurred as the result of a release.

SECTION 26. Reimbursement not subject to attachment. The amount of reimbursement to be paid for corrective action that was done by a third party is not subject to legal process or attachment if actually paid to a third party who performed the corrective action.

SECTION 27. Recovery of expenses. Any reasonable and necessary expenses incurred by the fund, which exceed the amount allowed by section 22 of this Act, in taking a corrective action, including costs of investigating

a release, and in taking legal actions may be recovered in a civil action in district court brought by the administrator against an owner or operator. The certification of expenses by an approved agent of the fund is prima facie evidence that the expenses are reasonable and necessary. Any expenses that are recovered under this section must be deposited in the fund.

SECTION 28. Costs exceeding reimbursement. If the cost of any extraordinary authorized action under this Act exceeds amounts awarded to the administrator or the department from the federal government, the administrator may pay the department the cost of the corrective actions, including the cost of investigating a release, if the board finds that the cause was a petroleum substance, that an adequate amount exists in the fund to pay for the corrective action, that the occurrence was extraordinary in scope and size, and that a danger to the health and safety of citizens exists.

SECTION 29. Administrator may borrow startup funds. If necessary, the administrator may borrow up to twenty thousand dollars from other funds of the state for startup, cost of administration, and organizational expenses, which amount must be repaid with interest at the rate of ten percent per annum after the effective date of this Act as money becomes available from collection of the tariff or registration fees.

SECTION 30. Report to legislative assembly and governor. The administrator and the board shall prepare by December 1, 1990, a report to the legislative assembly and the governor explaining the status of the government's and business' ability to respond to and clean up all past and future petroleum spills.

SECTION 31. Fund appropriations. Money in the fund is continuously appropriated to the administrator for the purpose of making reimbursements under this Act.

SECTION 32. APPROPRIATION. There is hereby appropriated out of any moneys in the petroleum release compensation fund in the state treasury generated from the registration fees collected under section 21 of this Act, not otherwise appropriated, the sum of \$54,000, or so much thereof as may be necessary, to the administrator for the purpose of administering the fund for the biennium beginning July 1, 1989, and ending June 30, 1991.

SECTION 33. EXPIRATION DATE. This Act is effective through June 30, 1991, and after that date is ineffective.

INSURANCE PREMIUM FINANCE COMPANIES

AN ACT to create and enact two new subsections to section 26.1-01-07 and a new chapter to title 26.1 of the North Dakota Century Code, relating to insurance premium finance companies.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. Two new subsections to section 26.1-01-07 of the 1987 Supplement to the North Dakota Century Code are hereby created and enacted to read as follows:

For issuing a license and each annual renewal of a license to an insurance premium finance company, one hundred dollars.

For examining or investigating an insurance premium finance company, the actual expense and per diem incurred; but the per diem charge may not exceed fifty dollars.

SECTION 2. A new chapter to title 26.1 of the 1987 Supplement to the North Dakota Century Code is hereby created and enacted to read as follows:

Definitions. In this chapter, unless the context otherwise requires:

1. "Insurance premium finance company" means a person engaged in the business of entering into or acquiring insurance premium finance agreements.
2. "Licensee" means a person holding a license issued under this chapter.
3. "Premium finance agreement" means an agreement by which an insured or prospective insured promises to pay an insurance premium finance company the amount advanced or to be advanced under the agreement to an insurer or to an insurance agent or broker in payment of premiums on an insurance policy together with a finance charge. The term does not include an agreement to finance premiums where a life or disability insurance policy is made the security or collateral for the repayment of a debt.

License required - Renewal - Application.

1. No person may finance insurance premiums in this state without a license issued by the commissioner. Licenses may be renewed each year upon payment of the required fee.

2. The commissioner shall issue or renew a license if the commissioner finds that the person to be licensed:
 - a. Is competent and trustworthy and intends to act in good faith in the financing of insurance premiums;
 - b. Has a good business reputation and has had experience, training, or education qualifying the person to finance insurance premiums; and
 - c. If a corporation, is incorporated under the laws of this state or is a foreign corporation authorized to transact business in this state.
3. This chapter does not apply to resident insurance agents; insurers who finance their own premiums; banks; savings and loan associations; credit unions; annuity, safe deposit, and trust companies; subsidiary trust companies; small loan companies; licensed money brokers; or other financial institutions licensed to do business in this state.

License suspension, revocation, or refusal - Grounds. The commissioner may, after notice to the licensee and a hearing, suspend, revoke, or refuse to continue or refuse to issue any license issued under this chapter if the commissioner finds any of the following conditions:

1. The licensee acquired or attempted to acquire a license through misrepresentation or fraud.
2. The licensee, in the conduct of affairs under the license, used fraudulent, coercive, or dishonest practices, or has shown oneself to be incompetent, untrustworthy, or financially irresponsible.
3. An officer, employee, stockholder, or partner of an applicant, who may materially influence the applicant's conduct, does not meet the standards required by this chapter.
4. The licensee violated or did not comply with this chapter or a lawful rule or order of the commissioner.

Interrogatories. A person who applies for a license or the renewal of a license shall file sworn answers to interrogatories if requested by the commissioner. The commissioner may, at any time, require the applicant to fully disclose the identity of all stockholders, partners, officers, and employees.

Books and records. Every licensee shall maintain books and records, satisfactory to the commissioner, of the licensee's premium finance agreements. The records must be maintained for a period of three years after making the final entry with respect to a premium finance agreement. The records may be preserved in photographic form. The records must be available for inspection by the commissioner during ordinary business hours. The commissioner may require any licensee to bring the licensee's records to the commissioner's office for examination.

Contents of insurance premium finance agreement.

1. A premium finance agreement must:
 - a. Be dated and signed by or on behalf of the insured, and the printed portion of the agreement must be in at least eight-point type;
 - b. Contain the name and place of business of the insurance agent or insurance broker negotiating the related insurance policy, the name and residence or the place of business of the insured as specified by the insured, the name and place of business of the insurance premium finance company to which installments or other payments are to be made, a description of the insurance policies financed including the term and type of policy; and
 - c. Include the following items:
 - (1) The total amount of the premiums.
 - (2) The amount of the down payment.
 - (3) The amount financed, which is the difference between paragraphs 1 and 2.
 - (4) The amount of the finance charge and the flat service fee, if any.
 - (5) The total of the payments, which is the sum of paragraphs 3 and 4.
 - (6) The number of installments.
2. If additional or subsequent premiums are proposed to be added to an existing premium finance agreement by an insured resulting from additional premiums required under policies presently being financed, from a renewal of a policy, or from other policies owned or purchased by the insured, the premium finance company shall provide the insured with the proposed revisions to the items in subdivision c of subsection 1 in writing along with a written invoice or copy of the invoice received from the insurer or licensed resident agent which describes the additional premium proposed to be added to the original contract. The insured shall affirm the proposed revisions by paying the revised installment or may disaffirm the add-on revisions by continuing to make the payment called for in the original contract. The premium finance company may not charge a higher annual percentage rate of interest for the additional amount than that charged in the original premium finance agreement.

Maximum finance charge.

1. No insurance premium finance company may charge, contract for, receive, or collect a finance charge plus a flat service fee with respect to a premium finance agreement other than as permitted by this section.
2. The finance charge must be computed on the premiums due after subtracting the down payment made by the insured in accordance with

the premium finance agreement, from the effective date of the insurance coverage for which the premiums are being advanced, to and including the date when the final installment under the premium finance agreement is payable.

3. The annual percentage rate charged under a premium finance agreement made to finance an insurance policy for agricultural, personal, family, or household use may not exceed the annual percentage rate permitted under section 47-14-09. In addition, an insurance premium finance company may contract for a flat rate service or application fee not exceeding the greater of one percent of the amount financed or twenty dollars per premium finance agreement for expenses incurred in servicing the loan. The finance rate and flat rate service or application fee charged under a premium finance agreement made to finance an insurance policy for business, corporate, or other purposes may be agreed to by the parties to the agreement.
4. The finance charge must be computed in advance on the principal balance of a premium finance agreement according to the actuarial method on terms payable in substantially equal successive monthly installments.
5. Notwithstanding the provisions of any premium finance agreement, any insured may prepay the obligation in full at any time. If the insured prepays the obligation, the insured must receive a refund credit if the amount of the refund is one dollar or more. The amount of the refund credit must represent at least as great a proportion of the finance charge as the sum of the periodic balances after the month in which prepayment is made bears to the sum of all periodic balances under the schedule of installments in the agreement. If, in addition to the finance charge, an additional flat service fee was imposed, the flat service fee need not be refunded nor taken into consideration in computing the refund credit.

Delinquency and cancellation charges. A premium finance agreement may provide for the payment by the insured of a delinquency charge for any payment that is in default for a period of ten days or more. The amount of the delinquency charge may not exceed five dollars. If the default results in the cancellation of any insurance policy listed in the premium finance agreement, the premium finance agreement may provide for a cancellation charge of ten dollars in addition to the delinquency charge.

Cancellation of insurance contract upon default. If a premium finance agreement contains a power of attorney or other authority enabling the insurance premium finance company to cancel any insurance policy listed in the premium finance agreement, an insurance policy may be canceled by the insurance premium finance company as follows:

1. The insurance premium finance company shall mail to the insured and to the insurance agent or insurance broker indicated on the premium finance agreement at least ten days' written notice of the insurance premium finance company's intent to cancel the insurance policy unless the default is cured prior to the date stated in the notice. If the default is not cured by the date specified in the notice, the insurance premium finance company may cancel on behalf

of the insured by mailing to the insurer written notice of the cancellation. The insurance policy must be canceled as if the notice of cancellation had been submitted by the insured, but without requiring the return of the insurance policy. The notice may be mailed by the insurance premium finance company to the insurer at the address on the premium finance agreement or on file with the commissioner. The insurance premium finance company shall also mail a notice of cancellation to the insured at the insured's last known address and to the insurance agent or insurance broker indicated on the premium finance agreement.

2. Where statutory, regulatory, or contractual restrictions provide that an insurance policy may not be canceled unless notice is given to a governmental agency, mortgagee, or other third party, the insurer shall give the prescribed notice on behalf of itself or the insured to the governmental agency, mortgagee, or other third party within a reasonable time after the insurer receives the notice of cancellation from the insurance premium finance company. The insurance policy must be continued beyond the date of cancellation requested by the premium finance company until the date specified by the insurance company in the prescribed notice.

Application of unearned premiums.

1. Whenever a financed insurance policy or assigned risk policy is canceled, the insurer shall return whatever gross unearned premiums, computed on a pro rata basis, are due under the insurance policy or assigned risk policy to the insurance premium finance company for the account of the insured. The unearned premiums must be returned within thirty days after the date of cancellation. This action by the insurer satisfies the insurer's obligation under the insurance policy or assigned risk policy to return unearned premiums.
2. If a premium is subject to an audit to determine the final premium amount, the gross unearned premium must be calculated upon the premium deposited and the insurer shall return whatever gross unearned premiums are due based upon the deposit rather than the actual unearned premium to the insurance premium finance company for the account of the insured or insureds.
3. If the crediting of returned premiums to the account of the insured results in a surplus over the amount due from the insured, the insurance premium finance company must refund any amount of one dollar or more to the insured within thirty days after receipt of the returned premium.

Exemption from filing. No filing or recording of an insurance premium finance agreement is necessary to perfect the validity of the agreement as a secured transaction against creditors, subsequent purchasers, pledgees, encumbrances, successors, or assigns.

Application to premium finance agreements. This chapter applies to premium finance agreements and amendments to existing premium finance agreements executed after the effective date of this Act.

- d. "Margin" means any type of deposit or settlement made or required to be made with a futures commission merchant, clearinghouse, or safekeeping agent to ensure performance of the terms of the financial futures contract. For the purposes of this section, "margin" includes initial, maintenance, and variation margins as those terms are commonly and customarily employed in the futures industry.
 - e. "Put option" means an exchange-traded option contract under which the holder has the right to sell, or to make a cash settlement in lieu of sale of, a fixed number of shares of stock, fixed amount of an underlying security, or an index of underlying securities at a stated price on or before a fixed expiration date.

Such assets or liabilities must be subject to an economic risk, such as changing interest rates or prices.

An insurance company may sell put options or purchase call options to reduce the economic risk associated with an insurance company asset or liability group of such assets or liabilities, or assets, liabilities or groups of assets or liabilities reasonably expected to be acquired or incurred by the insurance company in the normal course of business, or to offset obligations and rights of the insurance company under other options held by the insurance company pertaining to the same underlying securities, or index of underlying securities.
 - c. An insurance company may purchase or sell put options or call options only on underlying securities, or an index of underlying securities, which are eligible for investment by a life insurance company under the laws of this state.

- d. An insurance company may purchase or sell put or call options only through an exchange that is registered with the securities and exchange commission as a national securities exchange pursuant to the provisions of the Securities Exchange Act of 1934, as amended.
 - e. An insurance company may not purchase call options or sell put options, if the purchase or sale could result in the acquisition of an amount of underlying securities which, when aggregated with current holdings, exceeds applicable limitations imposed under the laws of this state for investment in those particular underlying securities.
 - f. The net amount of premiums paid for all option contracts purchased minus the premiums received for all option contracts sold, plus the net amount of financial futures contracts purchased minus financial futures contracts sold, may not at any time exceed in the aggregate five percent of the insurance company's admitted assets.
3. The purchase and sale of financial futures contracts may take place under the following conditions:
- a. An insurance company may purchase or sell financial futures contracts for the purpose of hedging against the economic risk associated with an insurance company asset or liability, group of such assets or liabilities, or assets, liabilities or groups of assets or liabilities reasonably expected to be acquired or incurred by the insurance company in its normal course of business. Such assets or liabilities must be subject to an economic risk, such as changing interest rates or prices.

An insurance company may not purchase or sell financial futures contracts or options on such contracts, if the purchase or sale could result in the acquisition of an amount of underlying securities which, when aggregated with current holdings, exceeds applicable limitations imposed under laws of this state for investment in those particular underlying securities.
 - c. The net amount of financial futures contracts purchased minus financial futures contracts sold, plus the net amount of premiums paid for all option contracts purchased minus the premiums received for all option contracts sold, may not at any time exceed in the aggregate five percent of the insurance company's admitted assets. For the purposes of transactions in financial futures contracts, the admitted assets limitation is calculated by taking the net asset value of the property used to margin the financial futures contract positions, plus option premiums paid on financial futures contracts, less option premiums received on financial futures contracts.
4. This section may not be utilized by a domestic insurance company without the prior approval of the commissioner.

The financial statement must be audited by an independent certified public accountant and the financial statement must be in a form prescribed or approved by the commissioner. The financial statement must be verified by the signature and oath of the pool's authorized representative. If a self-insurance pool fails to provide for the audited financial statement required by this section, the commissioner of insurance shall have the audit performed at the expense of the pool. All working papers of the commissioner's staff are confidential and not open for public inspection until the report is final unless the commissioner declares that the material or any part of the material is not confidential. If a self-insured pool is found to be in a deficit condition, the pool shall file a financial plan acceptable to the commissioner to correct the deficit condition.

2. At least triennially, and at such other times as the commissioner of insurance deems necessary, the commissioner shall inspect and examine the affairs of every government self-insurance pool. Information regarding that portion of the funds or liability reserves of a self-insured government pool established for purposes of satisfying a specific claim or cause of action is confidential. A person is not entitled to discover that portion of the funds or liability reserves established for purposes of satisfying a claim or cause of action, except that the reserve is discoverable in any supplementary or ancillary proceeding to enforce a judgment against the pool or a governmental entity participating in the pool.

SECTION 7. Self-insurance contracts - Approval of rates and forms. SECTION 3. AMENDMENT. Section 26.1-36-34 of the 1987 Supplement to the North Dakota Century Code is hereby amended and reenacted to read as follows:

26.1-36-34. Medicare supplement policy loss ratio standards. Medicare supplement policies must return benefits to individual policyholders in the aggregate of not less than sixty percent of premium received. The commissioner shall adopt rules to establish minimum standards for medicare supplement policy loss ratios on the basis of incurred claims experience and earned premiums for the entire period for which rates are computed to provide coverage and in accordance with accepted actuarial principles and practices. For purposes of rules adopted pursuant to this section, medicare supplement policies issued as a result of individual solicitations through the mail or mass media advertising, including both print and broadcast advertising, are treated as individual policies. No entity may provide compensation to its agents or other producers which is greater than the renewal compensation that would have been paid on an existing policy if the existing policy is replaced by another policy with the same company where the new policy benefits are substantially similar to the benefits under the old policy and the old policy was issued by the same insurer or insurer group.

SECTION 4. Two new sections to chapter 26.1-36 of the North Dakota Century Code are hereby created and enacted to read as follows:

Filing requirements for advertising. Every insurer, health care service plan, or other entity providing medicare supplement insurance or benefits in this state shall provide a copy of any medicare supplement advertisement within ten days after its first use in this state whether through written, radio, or television medium for review or approval by the commissioner to the extent required or authorized by state law.

Noncustodial care coverage. An insurer offering convalescent nursing home, extended care facility, or skilled nursing facility coverage in excess of the one hundred fifty day medicare benefit shall also cover intermediate care confinements in the same manner as skilled care confinements.

CHAPTER 372

HOUSE BILL NO. 1123
(Committee on Industry, Business and Labor)
(At the request of the Commissioner of Insurance)

LONG-TERM CARE INSURANCE

AN ACT relating to the rescission of long-term care insurance policies; and to amend and reenact sections 26.1-36-37, 26.1-45-06, and 26.1-45-07, and subsection 2 of section 26.1-45-09 of the North Dakota Century Code, relating to guaranteed renewability coverage of preexisting conditions, prior institutionalization requirements for long-term care insurance benefits, levels of care reimbursed by long-term care insurance policies, and outlines of coverage.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. AMENDMENT. Section 26.1-36-37 of the 1987 Supplement to the North Dakota Century Code is hereby amended and reenacted to read as follows:

26.1-36-37. Nursing home policy - Guaranteed renewable for life - Limitation on preexisting conditions. Any long-term care insurance policy or certificate providing benefits for confinement to a nursing home must be guaranteed renewable for life. However, the commissioner may for good cause shown allow, on whatever terms and conditions the commissioner deems necessary, an insurer to nonrenew long-term care insurance policies or certificates on a statewide basis. For the purposes of this section, "guaranteed renewable for life" means the insured has the right to continue the policy in force for life subject to the policy's terms by the timely payment of premiums during which the insurer has no right to make unilaterally any change in any provision of the policy while the policy is in force. The insurer may, however, in accordance with the provisions of the policy, make changes in premium rates as to all insureds who are placed in the same class for purposes of rate determination in the process of issuance of the policy or making it guaranteed renewable.

A policy or certificate of insurance providing benefits for confinement to a nursing home which is sold to a consumer in addition to another nursing home policy or which is sold to a consumer to replace such a policy may not contain any provision limiting payment of benefits due to preexisting conditions of the insured except if there is any time period remaining relating to the exclusion of coverage for preexisting conditions as specified in the underlying policy that remaining waiting period for coverage of preexisting conditions shall apply to the new policy unless the policy otherwise provides.

SECTION 2. Rescission of long-term care insurance policy or certificate. An insurer may not rescind a long-term care insurance policy or certificate after it has been in effect for six months except upon a showing

by the insurer that the insured knowingly and intentionally misrepresented relevant facts relating to the insured's health.

SECTION 3. AMENDMENT. Section 26.1-45-06 of the 1987 Supplement to the North Dakota Century Code is hereby amended and reenacted to read as follows:

26.1-45-06. Preexisting conditions.

1. No long-term care insurance policy or certificate other than a policy or certificate issued to a group as defined in subdivision a of subsection 3 of section 26.1-45-01 may define "preexisting condition" as more restrictive than meaning the existence of symptoms that would cause an ordinarily prudent person to seek diagnosis, care, or treatment, or a condition for which medical advice or treatment was recommended by, or received from a provider of health care services, within:
 - a. Six months preceding the effective date of coverage of an insured who is sixty-five years of age or older on the effective date of coverage; or
 - b. Twenty-four months preceding the effective date of coverage of an insured who is under age sixty-five on the effective date of coverage six months preceding the effective date of coverage of an insured person.
2. No long-term care insurance policy or certificate issued on a group long-term care insurance policy other than a policy or certificate issued to a group as defined in subdivision a of subsection 3 of section 26.1-45-01 may exclude coverage for a loss or confinement that is the result of a preexisting condition unless the loss or confinement begins within:
 - a. Six months following the effective date of coverage of an insured who is sixty-five years of age or older on the effective date of coverage; or
 - b. Twenty-four months following the effective date of coverage of an insured who is under sixty-five on the effective date of coverage six months following the effective date of coverage of an insured person.
3. The commissioner may extend the limitation periods set forth in this section as to the specific age group categories or specific policy forms upon findings that the extension is in the best interest of the public.
4. The limitation on defining a preexisting condition does not prohibit an insurer from using an application form designed to elicit the complete health history of an applicant, and, on the basis of the answers on that application, from underwriting in accordance with that insurer's established underwriting standards.

SECTION 4. AMENDMENT. Section 26.1-45-07 of the 1987 Supplement to the North Dakota Century Code is hereby amended and reenacted to read as follows:

26.1-45-07. Prior institutionalization requirement prohibited. No long-term care insurance policy that only provides benefits following institutionalization may condition the benefits upon admission to a facility for the same or related conditions within a period of less than thirty days after discharge from the institution.

1. Effective one year after the effective date of this Act, no long-term care insurance policy or certificate may be delivered or issued for delivery in this state if such policy:
 - a. Conditions eligibility for any benefits on a prior hospitalization requirement; or
 - b. Conditions eligibility for benefits provided in an institutional care setting on the receipt of a higher level of such institutional care.
2. Effective one year after the effective date of this Act, a long-term care insurance policy or certificate containing any limitations or conditions for eligibility other than those prohibited in subsection 1 must clearly label such limitations or conditions in the manner prescribed by the commissioner.

SECTION 5. AMENDMENT. Subsection 2 of section 26.1-45-09 of the 1987 Supplement to the North Dakota Century Code is hereby amended and reenacted to read as follows:

2. An outline of coverage must be delivered to an applicant for an individual long-term care insurance policy at the time of application for an individual policy. In the case of direct response solicitations, the insurer shall deliver the outline of coverage upon the applicant's request, or at the time the policy is delivered whichever comes first. The outline of coverage must include:
 - a. A description of the principal benefits and coverage provided in the policy.
 - b. A statement of the principal exclusions, reductions, and limitations contained in the policy.
 - c. A statement of the renewal provisions, including any reservation in the policy of a right to change premiums.
 - d. A statement that the outline of coverage is a summary of the policy issued or applied for, and that the policy should be consulted to determine governing contractual provisions.
- a. An outline of coverage must be delivered to a prospective applicant for long-term care insurance at the time of initial solicitation through means that prominently direct the attention of the recipient to the document and its purpose.
 - (1) The commissioner shall prescribe a standard format including style, arrangement, overall appearance, and the content of an outline of coverage.

- (2) In the case of agent solicitations, an agent must deliver the outline of coverage prior to the presentation of an application or enrollment form.
 - (3) In the case of direct response solicitations, the outline of coverage must be presented in conjunction with any application or enrollment form.
- b. The outline of coverage must include:
- (1) A description of the principal benefits and coverage provided in the policy.
 - (2) A statement of the principal exclusions, reductions, and limitations contained in the policy.
 - (3) A statement of the terms under which the policy or certificate, or both, may be continued in force or discontinued, including any reservation in the policy of a right to change premium. Continuation or conversion provisions of group coverage must be specifically described.
 - (4) A statement that the outline of coverage is a summary only, not a contract of insurance, and that the policy or group master policy contains the governing contractual provisions.
 - (5) A description of the terms under which the policy or certificate may be returned and premium refunded.
 - (6) A brief description of the relationship of cost of care and benefits.

All member insurers shall be and remain members of the association as a condition of their authority to transact insurance in this state. The association shall perform its functions under the plan of operation established and approved under section 26.1-38.1-07 and shall exercise its powers through a board of directors established under section 26.1-38.1-04. For purposes of administration and assessment, the association shall maintain two accounts:

1. The board of directors of the association shall consist of not less than five nor more than nine member insurers serving terms as established in the plan of operation. The members of the board shall be selected by member insurers subject to the approval of the commissioner. To select the initial board of directors, and initially organize the association, the commissioner shall give notice to all member insurers of the time and place of the organizational meeting. In determining voting rights of the organizational meeting, each member insurer shall be entitled to one vote in person or by proxy. If the board of directors is not selected within sixty days after notice of the organizational meeting, the commissioner may appoint the initial members.
2. In approving selections or in appointing members to the board, the commissioner shall consider, among other things, whether all member insurers are fairly represented.
3. Members of the board may be reimbursed from the assets of the association for expenses incurred by them as members of the board of directors but members of the board shall not otherwise be compensated by the association for their services.

26.1-38.1-05. Powers and duties of the association.

1. If a member insurer is an impaired domestic insurer, the association may, in its discretion, and subject to any conditions imposed by the association that do not impair the contractual obligations of the impaired insurer, that are approved by the commissioner, and that are, except in cases of court-ordered conservation or rehabilitation, also approved by the impaired insurer:
 - a. Guarantee, assume, or reinsure, or cause to be guaranteed, assumed, or reinsured, any or all of the policies or contracts of the impaired insurer;
 - b. Provide such moneys, pledges, notes, guarantees, or other means as are proper to effectuate subdivision a and assume payment of the contractual obligations of the impaired insurer pending action under subdivision a; or
 - c. Loan money to the impaired insurer.
2. If a member insurer is an impaired insurer, whether domestic, foreign or alien, and the insurer is not paying claims timely, then, subject to the preconditions specified in subsection 3, the association shall, in its discretion, either:

- a. Take any of the actions specified in subsection 1, subject to the conditions therein; or
 - b. Provide substitute benefits in lieu of the contractual obligations of the impaired insurer solely for health claims, periodic annuity benefit payments, death benefits, supplemental benefits, and cash withdrawals for policy or contract owners who petition therefor under claims of emergency or hardship in accordance with standards proposed by the association and approved by the commissioner.
3. The association shall be subject to the requirements of subsection 2 only if:
 - a. The laws of the impaired insurer's state of domicile provide that until all payments of or on account of the impaired insurer's contractual obligations by all guaranty associations, along with all expenses thereof and interest on all such payments and expenses, shall have been repaid to the guaranty associations or a plan of repayment by the impaired insurer shall have been approved by the guaranty associations:
 - (1) The delinquency proceeding shall not be dismissed;
 - (2) Neither the impaired insurer nor its assets shall be returned to the control of its shareholders or private management;
 - (3) It shall not be permitted to solicit or accept new business or have any suspended or revoked license restored;
 - b. If the impaired insurer is a domestic insurer, it has been placed under an order of rehabilitation by a court of competent jurisdiction in this state; or
 - c. If the impaired insurer is a foreign or alien insurer,
 - (1) It has been prohibited from soliciting or accepting new business in this state;
 - (2) Its certificate of authority has been suspended or revoked in this state;
 - (3) A petition for rehabilitation or liquidation has been filed in a court of competent jurisdiction in its state of domicile by the commissioner of the state; and
 - d. With respect only to life and health insurance policies, provide benefits and coverage in accordance with subsection 4.
4. When proceeding under subdivision b of subsection 2 or subdivision d of subsection 3, the association shall, with respect to only life and health insurance policies:
 - a. Assure payment of benefits for premiums identical to the premiums and benefits, except for terms of conversion and

renewability, that would have been payable under the policies of the insolvent insurer, for claims incurred:

- (1) With respect to group policies, not later than the earlier of the next renewal date under such policies or contracts or forty-five days, but in no event less than thirty days, after the date on which the association becomes obligated with respect to such policies.
 - (2) With respect to individual policies, not later than the earlier of the next renewal date, if any, under such policies or one year, but in no event less than thirty days, from the date on which the association becomes obligated with respect to such policies.
- b. Make diligent efforts to provide all known insureds or group policyholders with respect to group policies thirty days notice of the termination of the benefits provided.
- c. With respect to individual policies, make available to each known insured, or owner if other than the insured, and with respect to an individual formerly insured under a group policy who is not eligible for replacement group coverage, make available substitute coverage on an individual basis in accordance with the provisions of subdivision d, if the insureds had a right under law or the terminated policy to convert coverage to individual coverage or to continue an individual policy in force until a specified age or for a specified time, during which the insurer had no right unilaterally to make changes in any provision of the policy or had a right only to make changes in premium by class.
- d. In providing the substitute coverage required under subdivision c, the association may offer either to reissue the terminated coverage or to issue an alternative policy.
- (1) Alternative or reissued policies shall be offered without requiring evidence of insurability, and shall not provide for any waiting period or exclusion that would not have applied under the terminated policy.
 - (2) The association may reinsure any alternative or reissued policy.
- e. Alternative policies adopted by the association shall be subject to the approval of the commissioner. The association may adopt alternative policies of various types of future issuance without regard to any particular impairment or insolvency.
- f. Alternative policies shall contain at least the minimum statutory provisions required in this state and provide benefits that shall not be unreasonable in relation to the premium charged. The association shall set the premium in accordance with a table of rates which it shall adopt. The premium shall reflect the amount of insurance to be provided and the age and class of risk of each insured, but shall not

imposition of such permanent policy or contract liens, to be in the public interest.

- b. Impose temporary moratoriums or liens on payments of cash values and policy loans, or any other right to withdraw funds held in conjunction with policies or contracts, in addition to any contractual provisions for deferral or cash or policy loan value.
10. If the association fails to act within a reasonable period of time as provided in subsections 2, 3, and 4, the commissioner shall have the powers and duties of the association under this Act with respect to impaired or insolvent insurers.
11. The association may render assistance and advice to the commissioner, upon request, concerning rehabilitation, payment of claims, continuance of coverage, or the performance of other contractual obligations of any impaired or insolvent insurer.
12. The association shall have standing to appear before any court in this state with jurisdiction over an impaired or insolvent insurer concerning which the association is or may become obligated under this chapter. Such standing shall extend to all matters germane to the powers and duties of the association, including, but not limited to, proposals for reinsuring, modifying, or guaranteeing the policies or contracts of the impaired or insolvent insurer and the determination of the policies or contracts and contractual obligations. The association shall also have the right to appear or intervene before a court in another state with jurisdiction over an impaired or insolvent insurer for which the association is or may become obligated or with jurisdiction over a third party against whom the association may have rights through subrogation of the insurer's policyholders.
13. Any person receiving benefits under this chapter shall be deemed to have assigned the rights under, and any causes of action relating to, the covered policy or contract to the association to the extent of the benefits received because of this chapter, whether the benefits are payments of or on account of contractual obligations, continuation of coverage, or provision of substitute or alternative coverages. The association may require an assignment to it of such rights and causes of action by any payee, policy or contract owner, beneficiary, insured, or annuitant as a condition precedent to the receipt of any right or benefits conferred by this chapter upon such person.
14. The subrogation rights of the association under this section shall have the same priority against the assets of the impaired or insolvent insurer as that possessed by the person entitled to receive benefits under this chapter.
15. In addition to subsections 13 and 14, the association shall have all common-law rights of subrogation and other equitable or legal remedy which would have been available to the impaired or insolvent insurer or holder of a policy or contract with respect to such policy or contract.

16. The association may:
 - a. Enter into such contracts as are necessary or proper to carry out the provisions and purposes of this chapter;
 - b. Sue or be sued, including taking any legal actions necessary or properly to recover any unpaid assessments under section 26.1-38.1-06 and to settle claims or potential claims against it;
 - c. Borrow money to effect the purposes of this chapter; any notes or other evidence of indebtedness of the association not in default shall be legal investments for domestic insurers and may be carried as admitted assets;
 - d. Employ or retain such persons as are necessary to handle the financial transactions of the association, and to perform such other functions as become necessary or proper under this chapter;
 - e. Take such legal action as may be necessary to avoid payment of improper claims; and
 - f. Exercise, for the purposes of this chapter and to the extent approved by the commissioner, the power of a domestic life or health insurer, but in no case may the association issue insurance policies or annuity contracts other than those issued to perform its obligations under this chapter.
17. The association may join an organization of one or more state associations of similar purposes, to further the purposes and administer the powers and duties of the association.

26.1-38.1-06. Assessments.

1. For the purpose of providing the funds necessary to carry out the powers and duties of the association, the board of directors shall assess the member insurers, separately for each account, at such time and for such amounts as the board finds necessary. Assessments shall be due not less than thirty days after prior written notice to the member insurers and shall accrue interest at eighteen percent per annum on and after the due date.
2. There shall be two classes of assessment, as follows:
 - a. Class A assessments shall be made for the purpose of meeting administrative and legal costs and other expenses and examinations conducted under the authority of section 26.1-38.1-09. Class A assessments may be made whether or not related to a particular impaired or insolvent insurer.
 - b. Class B assessments shall be made to the extent necessary to carry out the powers and duties of the association with regard to an impaired or insolvent insurer.
3. The amount of any class A assessment shall be determined by the board and may be made on a pro rata or non-pro rata basis. If pro

rata, the board may provide that it be credited against future class B assessments. A non-pro rata assessment shall not exceed one hundred fifty dollars per member insurer in any one calendar year.

4. The amount of any class B assessment shall be allocated for assessment purposes among the accounts pursuant to an allocation formula which may be based on the premiums or reserves of the impaired or insolvent insurer or any other standard deemed by the board in its sole discretion as being fair and reasonable under the circumstances.
5. Class B assessments against member insurers for each account and subaccount shall be in the proportion that the premiums received on business in this state by each assessed member insurer on policies or contracts covered by each account for the three most recent calendar years for which information is available preceding the year in which the insurer became impaired or insolvent, as the case may be, bears to such premiums received on business in this state for such calendar years by all assessed member insurers.
6. Assessments for funds to meet the requirements of the association with respect to an impaired or insolvent insurer shall not be made until necessary to implement the purposes of this Act. Classification of assessments under subsection 2 and computation of assessments under this subsection shall be made with a reasonable degree of accuracy, recognizing that exact determinations may not always be possible.
7. The association may abate or defer, in whole or in part, the assessment of a member insurer if, in the opinion of the board, payment of the assessment would endanger the ability of the member insurer to fulfill its contractual obligations. In the event an assessment against a member insurer is abated, or deferred in whole or in part, the amount by which such assessment is abated or deferred may be assessed against the other member insurers in a manner consistent with the basis for assessments set forth in this section.
8. The total of all assessments upon a member insurer for the life and annuity account and for each subaccount thereunder shall not in any one calendar year exceed two percent and for the health account shall not in any one calendar year exceed two percent of such insurer's average premiums received in this state on the policies and contracts covered by the account during the three calendar years preceding the year in which the insurer became an impaired or insolvent insurer. If the maximum assessment, together with the other assets of the association in any account, does not provide in any one year in either account an amount sufficient to carry out the responsibilities of the association, the necessary additional funds shall be assessed as soon thereafter as permitted by this chapter.
9. The board may provide in the plan of operation a method of allocating funds among claims, whether relating to one or more impaired or insolvent insurers, when the maximum assessment will be insufficient to cover anticipated claims.

10. If a one percent assessment for any subaccount of the life and annuity account in any one year does not provide an amount sufficient to carry out the responsibilities of the association, then pursuant to subsection 4, the board shall assess all subaccounts of the life and annuity account for the necessary additional amount, subject to the maximum stated in subsection 8 above.
11. The board may, by an equitable method as established in the plan of operation, refund to member insurers, in proportion to the contribution of each insurer to that account, the amount by which the assets of the account exceed the amount the board finds is necessary to carry out during the coming year the obligations of the association with regard to that account, including assets accruing from assignment, subrogation, net realized gains and income from investments. A reasonable amount may be retained in any account to provide funds for the continuing expenses of the association and for future losses.
12. It shall be proper for any member insurer, in determining its premium rates and policy owner dividends as to any kind of insurance within the scope of this chapter, to consider the amount reasonably necessary to meet its assessment obligations under this chapter.
13. The association shall issue to each insurer paying an assessment under this chapter, other than a class A assessment, a certificate of contribution, in a form prescribed by the commissioner, for the amount of the assessment so paid. All outstanding certificates shall be of equal dignity and priority without reference to amounts or dates of issue. A certificate of contribution may be shown by the insurer in its financial statement as an asset in such form and for such amount, if any, and period of time as the commissioner may approve.

26.1-38.1-07. Plan of operation.

1. The association shall submit to the commissioner a plan of operation and any amendments thereto necessary or suitable to assure the fair, reasonable, and equitable administration of the association. The plan of operation and any amendments thereto shall become effective upon the commissioner's written approval or after thirty days if he has not disapproved the plan of operation and any amendments thereto.
2. If the association fails to submit a suitable plan of operation within one hundred twenty days following the effective date of this Act or if at any time thereafter the association fails to submit suitable amendments to the plan, the commissioner shall, after notice and hearing, adopt such reasonable rules as are necessary or advisable to effectuate the provisions of this Act. Such rules shall continue in force until modified by the commissioner or superseded by a plan submitted by the association and approved by the commissioner.
3. All member insurers shall comply with the plan of operation.

4. The plan of operation shall, in addition to requirements enumerated elsewhere in this chapter:
 - a. Establish procedures for handling the assets of the association;
 - b. Establish the amount and method of reimbursing members of the board of directors under section 26.1-38.1-04;
 - c. Establish regular places and times for meetings including telephone conference calls of the board of directors;
 - d. Establish procedures for records to be kept of all financial transactions of the association, its agents, and the board of directors;
 - e. Establish the procedures whereby elections for the board of directors will be made and submitted to the commissioner;
 - f. Establish any additional procedures for assessments under section 26.1-38.1-06;
 - g. Contain additional provisions necessary or proper for the execution of the powers and duties of the association.
5. The plan of operation may provide that any or all powers and duties of the association, except those under subsection 15 of section 26.1-38.1-05 and section 26.1-38.1-06, are delegated to a corporation, association, or other organization which performs or will perform functions similar to those of this association, or its equivalent, in two or more states. Such a corporation, association, or organization shall be reimbursed for any payments made on behalf of the association and shall be paid for its performance of any function of the association. A delegation under this subsection shall take effect only with the approval of both the board of directors and the commissioner, and may be made only to a corporation, association, or organization which extends protection not substantially less favorable and effective than that provided by this Act.

26.1-38.1-08. Duties and powers of the commissioner. In addition to the duties and powers enumerated elsewhere in this Act:

1. The commissioner shall:
 - a. Upon request of the board of directors, provide the association with a statement of premiums in this and any other appropriate states for each member insurer;
 - b. When an impairment is declared and the amount of the impairment is determined, serve a demand upon the impaired insurer to make good the impairment within a reasonable time; notice to the impaired insurer shall constitute notice to its shareholders, if any; the failure of the insurer to promptly comply with such demand shall not excuse the association from the performance of its powers and duties under this Act; and

- c. In any liquidation or rehabilitation proceedings involving a domestic insurer, be appointed as the liquidator or rehabilitator.
2. The commissioner may suspend or revoke, after notice and hearing, the certificate of authority to transact insurance in this state of any member insurer which fails to pay an assessment when due or fails to comply with the plan of operation. As an alternative, the commissioner may levy a forfeiture on any member insurer which fails to pay an assessment when due. Such forfeiture shall not exceed five percent of the unpaid assessment per month, but no forfeiture shall be less than one hundred dollars per month.
3. Any action of the board of directors or the association may be appealed to the commissioner by any member insurer if such appeal is taken within sixty days of the final action being appealed. If a member company is appealing an assessment, the amount assessed shall be paid to the association and available to meet association obligations during the pendency of an appeal. If the appeal on the assessment is upheld, the amount paid in error or excess shall be returned to the member company. Any final action or order of the commissioner shall be subject to judicial review in a court of competent jurisdiction.
4. The liquidator, rehabilitator, or conservator of any impaired insurer may notify any interested persons of the effect of this Act.

26.1-38.1-09. Prevention of insolvencies. To aid in the detection and prevention of insurer insolvencies or impairments, it shall be the duty of the commissioner:

1. To notify the commissioners of all the other states, territories of the United States, and the District of Columbia when the commissioner takes any of the following actions against a member insurer:
 - a. Revokes its license;
 - b. Suspends its license; or
 - c. Makes any formal order that such company restrict its premium writing, obtain additional contributions to surplus, withdraw from the state, reinsure all or any part of its business, or increase capital, surplus, or any other account for the security of policyholders or creditors.

Such notice must be mailed to all commissioners within thirty days following the action taken or the date on which such action occurs.

2. To report to the board of directors when the commissioner has taken any of the actions set forth in subsection 1 or has received a report from any other commissioner indicating that any such action has been taken in another state. Such report to the board of directors shall contain all significant details of the action taken or the report received from another commissioner.

3. To report to the board of directors when the commissioner has reasonable cause to believe from any examination, whether completed or in process, of any member company that such company may be an impaired or insolvent insurer.
4. To furnish to the board of directors the national association of insurance commissioners insurance regulation information system ratios and listings of companies not included in the ratios developed by the national association of insurance commissioners and the board may use the information contained therein in carrying out its duties and responsibilities under this section. Such report and the information contained therein shall be kept confidential by the board of directors until such time as made public by the commissioner or other lawful authority.
5. The commissioner may seek the advice and recommendations of the board of directors concerning any matter affecting the commissioner's duties and responsibilities regarding the financial condition of member insurers and companies seeking admission to transact insurance business in this state.
6. The board of directors may, upon majority vote, make reports and recommendations to the commissioner upon any matter germane to the solvency, liquidation, rehabilitation, or conservation of any member insurer or germane to the solvency of any company seeking to do an insurance business in this state. Such reports and recommendations shall not be considered public documents.
7. It shall be the duty of the board of directors, upon majority vote, to notify the commissioner of any information indicating any member insurer may be an impaired or insolvent insurer.
8. The board of directors may, upon majority vote, request that the commissioner order an examination of any member insurer which the board in good faith believes may be an impaired or insolvent insurer. Within thirty days of the receipt of such request, the commissioner shall begin such examination. The examination may be conducted as a national association of insurance commissioners examination or may be conducted by such persons as the commissioner designates. The cost of such examination shall be paid by the association and the examination report shall be treated as are other examination reports. In no event shall such examination report be released to the board of directors prior to its release to the public, but this shall not preclude the commissioner from complying with subsection 1.

The commissioner shall notify the board of directors when the examination is completed. The request for an examination shall be kept on file by the commissioner but it shall not be open to public inspection prior to the release of the examination report to the public.

9. The board of directors may, upon majority vote, make recommendations to the commissioner for the detection and prevention of insurer insolvencies.

10. The board of directors shall, at the conclusion of any insurer insolvency in which the association was obligated to pay covered claims, prepare a report to the commissioner containing such information as it may have in its possession bearing on the history and causes of such insolvency. The board shall cooperate with the boards of directors of guaranty associations in other states in preparing a report on the history and causes of insolvency of a particular insurer, and may adopt by reference any report prepared by such other associations.

26.1-38.1-10. Credits for assessments paid.

1. A member insurer may offset against its premium tax liability to this state an assessment described in subsection 13 of section 26.1-38.1-06 to the extent of twenty percent of the amount of such assessment for each of the five calendar years following the year in which such assessment was paid. In the event a member insurer should cease doing business, all uncredited assessments may be credited against its premiums tax liability for the year it ceases doing business.
2. Any sums which are acquired by refund, pursuant to subsection 11 of section 26.1-38.1-06, from the association by member insurers, and which have theretofore been offset against premium taxes as provided in subsection 1 above, shall be paid by such insurers to this state in such manner as the tax authorities may require. The association shall notify the commissioner that such refunds have been made.

26.1-38.1-11. Miscellaneous provisions.

1. Nothing in this Act shall be construed to reduce the liability for unpaid assessments of the insured of an impaired or insolvent insurer operating under a plan with assessment liability.
2. Records shall be kept of all negotiations and meetings in which the association or its representatives are involved to discuss the activities of the association in carrying out its powers and duties under section 26.1-38.1-05. Records of such negotiations or meetings shall be made public only upon the termination of a liquidation, rehabilitation, or conservation proceeding involving the impaired or insolvent insurer, upon the termination of the impairment or insolvency of the insurer, or upon the order of a court of competent jurisdiction. Nothing in this subsection shall limit the duty of the association to render a report of its activities under section 26.1-38.1-11.
3. For the purpose of carrying out its obligations under this chapter, the association shall be deemed to be a creditor of the impaired or insolvent insurer to the extent of assets attributable to covered policies reduced by any amounts to which the association is entitled as subrogee pursuant to subsections 13, 14, and 15 of section 26.1-38.1-05. Assets of the impaired or insolvent insurer attributable to covered policies shall be used to continue as covered policies and pay all contractual obligations of the impaired or insolvent insurer as required by this chapter. Assets attributable to covered policies, as used in this subsection, are

that proportion of the assets which the reserves that should have been established for such policies bear to the reserves that should have been established for all policies of insurance written by the impaired or insolvent insurer.

4. Prior to the termination of any liquidation, rehabilitation, or conservation proceeding, the court may take into consideration the contributions of the respective parties, including the association, the shareholders, any policy owners of the insolvent insurer, and any other party with a bona fide interest, in making an equitable distribution of the ownership rights of such insolvent insurer. In making such a determination, consideration shall be given to the welfare of the policyholders of the continuing or successor insurer.
5. No distribution to stockholders, if any, of an impaired or insolvent insurer shall be made until and unless the total amount of valid claims of the association with interest thereon for funds expended in carrying out its powers and duties under section 26.1-38.1-05 with respect to such insurer have been fully recovered by the association.
6. If an order for liquidation or rehabilitation of an insurer domiciled in this state has been entered, the receiver appointed under such order shall have the right to recover on behalf of the insurer, from any affiliate that controlled its capital stock, the amount of distributions, other than stock dividends paid by the insurer on its capital stock, made at any time during the five years preceding the petition for liquidation or rehabilitation subject to the limitations of subsections 7 through 9.
7. No such distribution shall be recoverable if the insurer shows that when paid the distribution was lawful and reasonable, and that the insurer did not know and could not reasonably have known that the distribution might adversely affect the ability of the insurer to fulfill its contractual obligations.
8. Any person who was an affiliate that controlled the insurer at the time the distributions were paid shall be liable up to the amount of distributions he received. Any person who was an affiliate that controlled the insurer at the time the distributions were declared, shall be liable up to the amount of distributions he would have received if they had been paid immediately. If two or more persons are liable with respect to the same distributions, they shall be jointly and severally liable.
9. The maximum amount recoverable under this subsection shall be the amount needed in excess of all other available assets of the insolvent insurer to pay the contractual obligations of the insolvent insurer.
10. If any person liable under subsection 7 is insolvent, all its affiliates that controlled it at the time the distribution was paid, shall be jointly and severally liable for any resulting deficiency in the amount recovered from the insolvent affiliate.

26.1-38.1-12. Examination of the association - Annual report. The association shall be subject to examination and regulation by the commissioner. The board of directors shall submit to the commissioner each year, not later than one hundred twenty days after the association's fiscal year, a financial report in a form approved by the commissioner and a report of its activities during the preceding fiscal year.

26.1-38.1-13. Tax exemptions. The association shall be exempt from payment of all fees and all taxes levied by this state on any of its subdivisions, except taxes levied on real property.

26.1-38.1-14. Immunity. There shall be no liability on the part of and no cause of action of any nature shall arise against any member insurer or its agents or employees, the association or its agents or employees, members of the board of directors, or the commissioner or his representatives, for any action or omission by them in the performance of their powers and duties under this Act. Such immunity shall extend to the participation of any organization of one or more other state associations of similar purposes and to any such organization and its agents or employees.

26.1-38.1-15. Stay of proceedings - Reopening default judgments. All proceedings in which the insolvent insurer is a party in any court in this state shall be stayed sixty days from the date an order of liquidation, rehabilitation, or conservation is final to permit proper legal action by the association on any matters germane to its powers or duties. As to judgment under any decision, order, verdict, or finding based on default, the association may apply to have such judgment set aside by the same court that made such judgment and shall be permitted to defend against such suit on the merits.

26.1-38.1-16. Prohibited advertisement of Insurance Guaranty Association Act in insurance sales - Notice to policyholders.

1. No person, including an insurer, agent, or affiliate of an insurer shall make, publish, disseminate, circulate, or place before the public, or cause directly or indirectly, to be made, published, disseminated, circulated, or placed before the public, in any newspaper, magazine, or other publication, or in the form of a notice, circular, pamphlet, letter, or poster, or over any radio station or television station, or in any other way, any advertisement, announcement or statement, written or oral, which uses the existence of the insurance guaranty association of this state for the purpose of sales, solicitation, or inducement to purchase any form of insurance covered by the North Dakota Life and Health Insurance Guaranty Association Act. Provided, however, that this section shall not apply to the North Dakota life and health insurance guaranty association or any other entity which does not sell or solicit insurance.
2. Within one hundred eighty days after the effective date of this Act, the association shall prepare a summary document describing the general purposes and current limitations of the Act and complying with subsection 3. This document should be submitted to the commissioner for approval. Sixty days after receiving such approval, no insurer may deliver a policy or contract described in subdivision a of subsection 2 of section 26.1-38.1-01 to a policyholder or contractholder unless the document is delivered to

the policyholder or contractholder to or at the time of delivery of the policy or contract except if subsection 4 applies. The document should also be available upon request by a policyholder. The distribution, delivery, or contents or interpretation of this document shall not mean that either the policy or contract or the holder thereof would be covered in the event of the impairment or insolvency of a member insurer. The document shall be revised by the association as amendments to the Act may require. Failure to receive this document does not give the policyholder, contractholder, certificate holder, or insured any greater rights than those stated in this chapter.

3. The document prepared under subsection 2 shall contain a clear and conspicuous disclaimer on its face. The commissioner shall adopt a rule establishing the form and content of the disclaimer. The disclaimer shall:
 - a. State the name and address of the life and health insurance guaranty association and insurance department;
 - b. Prominently warn the policyholder or contractholder that the North Dakota life and health guaranty association may not cover the policy, or, if coverage is available, it will be subject to substantial limitations, exclusions and conditioned on continued residence in this state;
 - c. State that the insurer and its agents are prohibited by law from using the existence of the North Dakota life and health guaranty association for the purpose of sales, solicitation, or inducement to purchase any form of insurance;
 - d. Emphasize that the policyholder or contractholder should not rely on coverage under the North Dakota life and health guaranty association when selecting an insurer; and
 - e. Provide other information as directed by the commissioner.
4. No insurer or agent may deliver a policy or contract described in subsection 2 of section 26.1-38.1-01 and excluded under subdivision a of subsection 3 to section 26.1-38.1-01 from coverage under this Act unless the insurer or agent, prior to or at the time of delivery, gives the policyholder or contractholder a separate written notice which clearly and conspicuously discloses that the policy or contract is not covered by the North Dakota life and health guaranty association. The commissioner shall by rule specify the form and content of the notice.

PROPERTY AND CASUALTY INSURANCE BINDERS

AN ACT to create and enact a new section to chapter 26.1-39 of the North Dakota Century Code, relating to the use of property and casualty insurance binders.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. A new section to chapter 26.1-39 of the 1987 Supplement to the North Dakota Century Code is hereby created and enacted to read as follows:

Temporary insurance - Use of binders. A binder or contract for temporary farm and personal lines of insurance may be made orally or in writing and is deemed to include all the terms of a standard fire insurance policy and all applicable endorsements as may be designated in the binder. However, the cancellation clause of the standard fire insurance policy and the clause specifying the hour of the day at which the insurance commences may be superseded by the express terms of the binder. A duly authorized binder must be accepted as evidence of insurance coverage required as a condition of financing the purchase of property, except that a mortgagee or lender is not required to accept a renewal or extension of the binder. Any insurance agent who has express authority to bind farm and personal lines of insurance coverage, and who orally agrees on behalf of an insurer to provide insurance coverage, shall, if requested, execute and deliver a written memorandum or binder containing the terms of the oral agreement to the insured within three business days from the time of the oral agreement.

UNINSURED AND UNDERINSURED MOTORIST COVERAGE

AN ACT to create and enact seven new sections to chapter 26.1-40 of the North Dakota Century Code, relating to uninsured and underinsured motorist coverage on motor vehicle liability insurance policies; and to repeal sections 26.1-40-13, 26.1-40-14, and 26.1-40-15 of the North Dakota Century Code, relating to uninsured and underinsured motorist coverage.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. A new section to chapter 26.1-40 of the North Dakota Century Code is hereby created and enacted to read as follows:

Definitions - Applicable to sections 1 through 7 of this Act. As used in sections 1 through 7 of this Act, and unless the context otherwise requires:

1. "Motor vehicle" means a vehicle, excluding motor vehicles weighing more than twenty thousand pounds, having two or more load-bearing wheels, of a kind required to be registered under the laws of this state relating to motor vehicles, designed primarily for operation upon the public streets, roads, and highways, and driven by power other than muscular power, and includes a trailer drawn by or attached to such a vehicle.
2. "Underinsured motor vehicle" means a motor vehicle for which there is a bodily injury liability insurance policy, or bond providing equivalent liability protection, in effect at the time of the accident, but the applicable limit of bodily injury liability of such policy or bond:
 - a. Is less than the applicable limit for underinsured motorist coverage under the insured's policy; or
 - b. Has been reduced by payments to other persons injured in the accident to an amount less than the limit for underinsured motorist coverage under the insured's policy.
3. "Uninsured motor vehicle" means a motor vehicle for which:
 - a. There is no bodily injury liability insurance policy, or bond providing equivalent liability protection, in effect at the time of the accident.
 - b. There is an applicable policy or bond, but the insurer or issuer thereof refuses to provide coverage, denies coverage, or

is or becomes insolvent as defined in subsection 4 of section 26.1-42-02.

- c. The identity of the owner or operator cannot be ascertained and the bodily injury, sickness, disease, or death of the insured is either caused by actual physical contact of such motor vehicle with the insured, or with a motor vehicle occupied by the insured, or is independently verified by a disinterested witness.
4. The terms "uninsured motor vehicle" and "underinsured motor vehicle" do not mean a motor vehicle:
 - a. Insured under the liability coverage of the same policy of which the uninsured motorist or underinsured motorist coverage is a part.
 - b. Owned by any governmental unit, political subdivision, or agency thereof.
 - c. Located for use as a residence or premises.
 - d. With respect to uninsured motorist coverage, a self-insured motor vehicle within the meaning of the financial or safety responsibility law of the state in which the motor vehicle is registered, or any similar state or federal law.
 - e. Operated by any person who is specifically excluded from coverage in the policy.

The term "underinsured motor vehicle" may not be construed to include an "uninsured motor vehicle".

SECTION 2. A new section to chapter 26.1-40 of the North Dakota Century Code is hereby created and enacted to read as follows:

Uninsured motorist coverage.

1. No motor vehicle liability insurance policy may be delivered, issued for delivery, or renewed in this state with respect to any specifically insured or identified motor vehicle registered, licensed, and principally garaged in this state unless uninsured motorist coverage is provided therein or supplemental thereto in limits set forth in section 39-16.1-11. Uninsured motorist coverage must pay compensatory damages which an insured is legally entitled to collect for bodily injury, sickness, or disease, including death resulting therefrom, or such insured, from the owner or operator of an uninsured motor vehicle arising out of the ownership, maintenance, or use of such uninsured motor vehicle.
2. At the request of a named insured, or applicant for insurance, the insurer providing uninsured motorist coverage shall also make available higher limits of uninsured motorist coverage in accordance with its rating plan and rules. The insurer need not provide uninsured motorist coverage limits in excess of the insured's bodily injury liability limits, or one hundred thousand dollars per person and three hundred thousand dollars per accident

(or if consistent with such rating plan and rules, a combined single limit equivalent of three hundred thousand dollars per accident), whichever is less.

3. The maximum liability of the uninsured motorist coverage is the lower of:
 - a. The amount of compensatory damages, established but not recovered by any agreement, settlement, or judgment with or for the person or organization legally liable for the bodily injury, sickness, disease, or death resulting therefrom; or
 - b. The limits of liability of the uninsured motorist coverage.

SECTION 3. A new section to chapter 26.1-40 of the North Dakota Century Code is hereby created and enacted to read as follows:

Underinsured motorist coverage.

1. The insurer shall also provide underinsured motorist coverage at limits equal to the limits of uninsured motorist coverage. Underinsured motorist coverage must pay compensatory damages which an insured is legally entitled to collect for bodily injury, sickness, disease, including death resulting therefrom, of such insured, from the owner or operator of an underinsured motor vehicle arising out of the ownership, maintenance, or use of such underinsured motor vehicle.
2. The maximum liability of the underinsured motorist coverage is the lowest of:
 - a. The amount of compensatory damages established but not recovered by any agreement, settlement, or judgment with or for the person or organization legally liable for the bodily injury, sickness, disease, or death resulting therefrom; or
 - b. The limits of liability of the underinsured motorist coverage.

SECTION 4. A new section to chapter 26.1-40 of the North Dakota Century Code is hereby created and enacted to read as follows:

Other insurance and priority of payment.

1. Any damages payable to or for any insured for uninsured or underinsured motorist coverage must be reduced by:
 - a. The amount paid, or payable under any workers compensation or other similar law, exclusive of nonoccupational disability benefits; and
 - b. Amounts paid or payable under any valid and collectible motor vehicle medical payments, personal injury protection insurance, or similar motor vehicle coverages.
2. Regardless of the number of motor vehicles involved, the number of persons covered or claims made, vehicles or premiums shown in the policy or premiums paid, the limit of liability for uninsured

motorist or underinsured motorist coverage may not be added to or stacked upon limits for such coverages applying to other motor vehicles to determine the amount of coverage available to an insured in any one accident.

3. If an insured is entitled to uninsured motorist or underinsured motorist coverage under more than one policy, the maximum amount such insured may recover may not exceed the highest limit of such coverage provided for any one vehicle under any one policy. If more than one policy applies, the following order of priority applies:
 - a. A policy covering a motor vehicle occupied by the injured person at the time of the accident;
 - b. A policy covering a motor vehicle not involved in the accident under which the injured person is a named insured;
 - c. A policy covering a motor vehicle not involved in the accident under which the injured person is an insured other than a named insured.

Coverage available under a lower priority policy applies only to the extent it exceeds the coverage of a higher priority policy.

SECTION 5. A new section to chapter 26.1-40 of the North Dakota Century Code is hereby created and enacted to read as follows:

Reimbursement and subrogation.

1. In the event of payment under uninsured or underinsured motorist coverage, the insurer making payment to the extent of the payment is entitled to the proceeds of any agreement, settlement, or judgment resulting from the exercise of any rights of recovery of such insured for compensatory damages or be entitled to exercise a right of subrogation against any person or organization legally responsible for the bodily injury, sickness, disease or death for which such payment is made.
2. No insurer providing underinsured motorist coverage has a right of subrogation against an underinsured motorist where the insurer has been provided with a written notice in advance of an agreement, settlement, or judgment between its insured and the underinsured motorist, and the insurer fails to advance a payment to the insured in an amount equal to the tentative agreement or settlement within thirty days following receipt of such notice. An insurer advancing such payment has full rights of subrogation.
3. Whenever an insurer makes payment under uninsured or underinsured motorist coverages because of an insurer insolvency, as defined in subsection 4 of section 26.1-42-03, the paying insurer's rights of reimbursement and subrogation do not include any rights of recovery against the insured of the insolvent insurer, nor against the North Dakota guaranty fund, except for the amount which is in excess of the limits of liability of the policy of the insolvent insurer.

SECTION 6. A new section to chapter 26.1-40 of the North Dakota Century Code is hereby created and enacted to read as follows:

Limitations. The uninsured and underinsured coverages provided for in sections 1 through 7 of this Act do not apply to bodily injury, sickness, disease, or death resulting therefrom of an insured:

1. While occupying a motor vehicle owned by, furnished or available for the regular use of the insured, a resident spouse or resident relative, if such motor vehicle is not described in the policy under which a claim is made, or is not a newly acquired or replacement motor vehicle covered under the terms of the policy;
2. While operating or occupying a motor vehicle without the specific permission of the owner thereof, or without a reasonable belief that the insured is entitled to do so;
3. For damages for pain, suffering, mental anguish, inconvenience, or other noneconomic loss which could not have been recovered had the owner or operator of the motor vehicle responsible for such loss maintained the security required under any applicable state no-fault law;
4. For punitive, exemplary, or other noncompensatory damages;
5. With respect to which the applicable statute of limitations has expired on the insured's claim against the uninsured or underinsured motorist;
6. Until the limits of all bodily injury liability policies and bonds that apply have been exhausted by payment of settlements or judgments, or such limits or the remaining part of them have been offered to the insured in writing;
7. Where the insured shall, without the written consent of the insurer, make any agreement or settlement with any person who may be legally liable therefor, if such agreement adversely affects the rights of the insurer. The insurer is not bound by any agreement or settlement without its prior knowledge and consent. This limitation does not apply to underinsured motorist coverage where the insured has advised the insurer, in compliance with subsection 2 of section 5 of this Act, and the insurer has failed to advance the required payment to protect its right of reimbursement and subrogation; and
8. If the insured has failed to report the accident to the proper law enforcement authorities as soon as practicable.

SECTION 7. A new section to chapter 26.1-40 of the North Dakota Century Code is hereby created and enacted to read as follows:

General provisions.

1. After selection of limits by a named insured or applicant for insurance, the insurer or any of its affiliates is not required to notify any insured in any renewal, reinstatement, substitute, amended, or replacement policy as to the availability of optional

limits. Such selection by a named insured or an applicant is valid for all insureds under the policy. The insured may make, subject to the limitations expressed in sections 1 through 7 of this Act, a request for additional coverage or coverage more extensive than that provided on a prior policy.

2. No insurer is required to offer, provide, or make available coverage conforming to sections 1 through 7 of this Act in connection with any excess policy, umbrella policy, or any other policy which does not provide primary motor vehicle insurance for liabilities arising out of the ownership, maintenance, operation, or use of a specifically insured motor vehicle.
3. Notwithstanding any other provision of sections 1 through 7 of this Act, an insurer may make underinsured motorist coverage a part of uninsured motorist coverage.
4. Notwithstanding any other provision of sections 1 through 7 of this Act or other laws of this state, a motor vehicle liability insurance policy may provide as to uninsured and underinsured motorist coverage, that any dispute with respect to issues of liability and damages may be submitted to binding arbitration if both parties agree. Such policy may also provide that coverage questions are not subject to arbitration.
5. Nothing in sections 1 through 7 of this Act may be construed to prevent an insurer from offering, making available, or providing coverage terms and conditions more favorable to its insured or limits higher than are required by sections 1 through 7 of this Act.

SECTION 8. REPEAL. Sections 26.1-40-13, 26.1-40-14, and 26.1-40-15 of the 1987 Supplement to the North Dakota Century Code are hereby repealed.

AN ACT to provide farmers the right to redeem homesteads separately from other property; to amend and reenact section 28-23-07 of the North Dakota Century Code, relating to waivers of right to designate lots at execution sale; to repeal chapter 194 of the 1987 Session Laws of North Dakota, relating to redemption of separate known lots or parcels of property; to provide an expiration date; and to declare an emergency.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. Declaration by legislative assembly. The legislative assembly declares that:

1. This state is suffering from a financial crisis in agriculture that affects the entire economic health of this state.
2. A large number of farm families are in economic distress and are being forced to leave their farms, abandon their investments, and move to other areas. This adversely affects the towns, business communities, and school districts in rural areas.
3. It is in the best interest of the state to protect farm families from the dislocation caused by the financial crisis in agriculture.
4. This Act is enacted pursuant to the police powers of the state in times of economic crisis and in accordance with section 22 of article XI of the Constitution of North Dakota, which requires the legislative assembly to adopt wholesome laws protecting homesteads.

SECTION 2. AMENDMENT. Section 28-23-07 of the North Dakota Century Code is hereby amended and reenacted to read as follows:

28-23-07. Time and manner of sale - Designation of parcels or lots - Waiver in real estate mortgage of right to designate parcels or lots ineffective. The judgment debtor, if present at the sale or under section 4 of this Act, may direct the order in which property, real or personal, ~~shall~~ must be sold, ~~when such~~ if the property consists of ~~several~~ known lots or parcels or of articles which can be sold to advantage separately, and the sheriff or other officer must follow ~~such~~ those directions.

SECTION 3. Separate redemption of homestead - Notice. In any proceeding to foreclose any mortgage upon agricultural property as defined in subsection 1 of section 57-02-01, including a proceeding under chapter 15-03, 15-08, 32-19, 32-19.1, or 35-22, the executing creditor shall notify the debtor that the debtor may redeem the property described in section 47-18-01 separately from the remaining property. The notice required in sections 32-19-20 and 35-22-03 must contain a statement substantially similar to the following:

WARNING: This creditor is seeking foreclosure on agricultural property that may contain your homestead. Under North Dakota law, you have the right to redeem the lot or parcel that contains your homestead separately from the remaining property that is being foreclosed upon, by paying the purchase price, plus interest and costs, within the redemption period, which is generally one year from the date of the sale. The purchase price is the price bid at the foreclosure sale for that lot or parcel. You should consult with an attorney so you do not lose these valuable rights. You must provide the sheriff and the register of deeds with an accurate legal description of the homestead you wish to redeem either at the sale or at least ten business days before the date of the scheduled sheriff's sale.

If the creditor is foreclosing by action, an additional copy of the notice must be served with a summons and complaint. If the creditor is foreclosing by advertisement, an additional copy of the notice must be served no later than forty-five days before the date of the scheduled sale. The notice must be served in the same manner as service of a summons and complaint.

SECTION 4. Designation of homesteads to be separately redeemed. The debtor may designate a reasonably compact contiguous area including the debtor's dwelling but not to exceed one hundred sixty acres [64.75 hectares] to be sold separately at the foreclosure sale by serving a copy of the legal description of the property claimed under this section on the sheriff, the register of deeds, and the parties to the foreclosure proceeding at least fifteen business days before the date of the scheduled sheriff's sale.

SECTION 5. Objection to designation of parcel. Any party to foreclosure proceedings may contest the designation of property to be separately redeemed by serving notice upon the parties and by filing with the court no later than five business days before the sale an application for a hearing concerning the area proposed to be separately redeemed. The court shall consider the adequacy of the legal description, the highest sale price produced for the designated and remaining parcels, and the reasonable use of the designated parcel by the debtor.

SECTION 6. Sale of homestead. Any sheriff who receives a designation of the legal description of property under section 4 of this Act shall offer and sell that parcel separately from the remaining property, unless otherwise ordered by the court under section 5 of this Act.

SECTION 7. Redemption of homestead designated by the debtor after foreclosure. If a debtor has had agricultural property foreclosed upon but the period of redemption has not expired and the debtor has not received the notice required by section 3 of this Act, the debtor may agree in writing with the purchaser of the agricultural property to redeem separately property described under section 4 of this Act which the debtor has designated. The agreement must be recorded and must include a legal description of the property redeemed and the amount to be paid to redeem the property.

SECTION 8. Rights of redemptioners or purchasers. No redemptioner or purchaser may subsequently redeem or purchase the property designated by the debtor under section 4 of this Act if the debtor exercises the right to redeem or purchase it.

SECTION 9. Right of certain debtors to purchase homesteads acquired by lenders. Any lender required under section 108 of the Agricultural Credit Act of 1987 [Pub. L. 100-233; 101 Stat. 1582; 12 U.S.C. 2219a] to offer a debtor the right to purchase property acquired by the lender shall offer the debtor the right to purchase the property in at least two separate parcels, one of which must be a compact contiguous tract of up to one hundred sixty acres [64.75 hectares] which includes the debtor's dwelling and does not unreasonably diminish the access, use, or value of the remaining property. Any payment made to the lender by the debtor to purchase a parcel must be considered in any determination of whether the parcel unreasonably diminishes the access, use, or value of the remaining property. The offer must be made prior to any lease or sale of the tract including the dwelling to a third party and, in addition, at the time as required or permitted by the Agricultural Credit Act of 1987, but duplicative offers are not required. Failure of a lender to offer a debtor the right to purchase the property under the Agricultural Credit Act of 1987 does not give the debtor a claim for relief under this section.

SECTION 10. REPEAL. Chapter 194 of the 1987 Session Laws of North Dakota is hereby repealed.

SECTION 11. EXPIRATION DATE. This Act is effective through June 30, 1991, and after that date is ineffective.

In case the mortgaged premises sell for less than the amount due and to become due on the mortgaged debt and costs of sale, there shall be is no presumption that such the premises sold for their fair value. In all actions brought for a deficiency judgment and before any judgment can be rendered therein, the determination of the fair value of the mortgaged premises shall must first be submitted to a jury at a regular term or to a jury impaneled for that purpose, and no deficiency judgment can may be rendered against the party or parties personally liable unless the fair value of the mortgaged premises is determined by such the jury to be less than the sum adjudged to be due and the costs of the action. Fifteen days' notice of the time and place when or where such the fair value of the mortgaged premises shall is to be so determined shall must, in all cases, be given, as the court may direct, to the party or parties against whom personal judgment is sought. The mortgagee or vendor or the successor in interest of either shall is not be permitted or authorized either before or after the rendition of a judgment for the foreclosure of a real estate mortgage or the cancellation or the foreclosure of a land contract, if such the mortgage or contract was made after July 1, 1951, to bring any action in any court in this state for the recovery of any part of the debt secured by the mortgage or contract so foreclosed or canceled in excess of the amount by which such the debt and the costs of the action exceed the fair value of the mortgaged premises. Such The fair value shall must be determined by a jury in the same manner as the fair value is determined in cases where a deficiency judgment is sought in an action to foreclose the mortgage and such judgment shall must be enforced by execution as provided by law except that no such the execution shall may not be enforced after three years after the date of the rendition of such the judgment.

SECTION 3. AMENDMENT. Section 32-19-19 of the North Dakota Century Code is hereby amended and reenacted to read as follows:

32-19-19. Injury to property restrained - Abandoned real property. The court, by injunction, on good cause shown, may restrain the party in possession from doing any act to the injury of real property during the existence of the lien or foreclosure of a mortgage thereon and until the expiration of the time allowed for redemption. If before the sheriff's sale the mortgagee or after the sheriff's sale the holder of the sheriff's certificate of sale reasonably believes that the property is abandoned, the mortgagee or holder of the sheriff's certificate may petition the court to determine abandonment. A notice of hearing must be sent by mail to the last known address of the mortgagor or the party entitled to possession of the real property at least ten days prior to the date of the hearing to determine abandonment. Service by mail is complete upon mailing. If the court

determines that the real property is abandoned, the court may grant the mortgagee or holder of the sheriff's certificate immediate possession and use of the property and all benefit and rents from the property until expiration of the redemption period. The court may proceed at the hearing to consider remedies to prevent waste. The provisions of this section concerning abandoned real property do not apply to agricultural property as defined by section 57-02-01.

HOUSE BILL NO. 1032
(Legislative Council)
(Interim Administrative Rules Committee)

ADMINISTRATIVE RULEMAKING

AN ACT to create and enact four new subdivisions to subsection 6 of section 28-32-01 and a new section to chapter 28-32 of the North Dakota Century Code, relating to what is excluded from a rule and not subject to the requirements of the Administrative Agencies Practice Act and to regulatory analysis of proposed rules; and to amend and reenact sections 28-32-02, 28-32-03, and 28-32-22 of the North Dakota Century Code, relating to administrative agency rulemaking procedures.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. Four new subdivisions to subsection 6 of section 28-32-01 of the 1987 Supplement to the North Dakota Century Code are hereby created and enacted to read as follows:

Interpretive statements, general statements of policy, or statements of agency organization, procedure, or practice.

Guidelines, manuals, brochures, pamphlets, and similar statements of policy intended to advise or guide the agency or the public concerning activities of the agency which are otherwise prescribed by rule or statute.

Statements of policy intended to implement federal statutes, rules, or requirements with which compliance by the agency is necessary to secure appropriated revenues, or to avoid the loss of otherwise available federal revenues.

A contract.

SECTION 2. AMENDMENT. Section 28-32-02 of the 1987 Supplement to the North Dakota Century code is hereby amended and reenacted to read as follows:

28-32-02. Rulemaking power of agency - Adoption deadlines - ~~Notice~~
Hearing notice - Emergencies - Attorney general's opinion.

1. Every administrative agency is authorized to adopt, and from time to time to amend or repeal, reasonable rules in conformity with the provisions of any statute administered or enforced by the agency, ~~and to prescribe methods and procedure required in connection therewith.~~

2. Any rule change, including a creation, amendment, or repeal, made to implement a statutory change must be adopted and filed with the office of the legislative council within nine months of the effective date of the statutory change. If an agency needs additional time for the rule change, a request for additional time must be made to the legislative council. The legislative council may extend the time within which the agency must adopt the rule change if the request by the agency is supported by evidence that the agency needs more time through no deliberate fault of its own. ~~Prior to the adoption, amendment, or repeal of any rule, the~~
3. ~~The~~ agency shall adopt a procedure whereby all interested persons are afforded reasonable opportunity to submit data, views, or arguments, orally or in writing, concerning the proposed rule, including data respecting the impact of the proposed rule. In case of substantive rules, ~~opportunity for the agency shall conduct an oral hearing must be granted if requested.~~ The agency shall consider fully all written and oral submissions respecting ~~the~~ a proposed rule prior to the adoption, amendment, or repeal of any rule not of an emergency nature. The agency shall make a written record of its consideration of all written and oral submissions contained in the rulemaking record respecting a proposed rule.
4. The agency's notice of the proposed adoption, amendment, or repeal of a rule must include a short explanation of the purpose of the proposed rule, identify at least one location where interested persons may review the text of the proposed rule, provide the address to which written data, views, or arguments concerning the proposed rule may be sent and, in the case of a substantive rule, the time and place set for each oral hearing. The notice must be filed with the office of the legislative council and published at least twice in each daily newspaper of general circulation published in this state. The notice must be mailed to each person who has made a timely request to the agency for a mailed copy of the notice. The agency may mail or otherwise provide a copy of the notice to any person who is likely to be an interested person. The agency may charge for the actual cost of providing copies of the proposed rule. At least thirty days must elapse between the later of the date of the first publication of the notice or the date of filing with the office of the legislative council and the end of the period in which written or oral data, views, or arguments concerning the proposed rules will be received.
5. The legislative council shall establish a procedure whereby any person may request and receive mailed copies of all filings made by agencies pursuant to subsection 4. The legislative council may charge for the actual cost of providing copies of the filings.
6. If the agency finds that emergency rulemaking is necessary because of imminent peril to the public health, safety, or welfare, or because a delay in rulemaking is likely to cause a loss of revenues appropriated to support a duty imposed by law upon the agency, the agency may declare the proposed rule to be an interim final rule effective on a date no earlier than the date of filing with the legislative council of the notice required by subsection 4. A final rule adopted after consideration of all written and oral submissions respecting the interim final rule, which is

substantially similar to the interim final rule, is effective as of the declared effective date of the interim final rule. The agency's finding, and a brief statement of the reasons therefor, must be filed with the office of the legislative council, along with any final rule adopted. The agency shall take appropriate measures to make interim final rules known to every person who may be affected by them. An interim final rule is ineffective one hundred eighty days after its declared effective date unless first adopted as a final rule.

7. Every rule proposed by any administrative agency must be submitted to the attorney general for an opinion as to its legality before final adoption, and the attorney general shall promptly furnish each such opinion. The attorney general may not approve any rule as to legality when the rule merely repeats or paraphrases the text of the statute purported to be implemented by the rule. The attorney general may not approve any rule as to legality where the rule exceeds the statutory authority of the agency or is written in a manner that is not concise or easily understandable. The attorney general may suggest any revision or rewording of a rule to meet objections as to legality.

SECTION 3. A new section to chapter 28-32 of the North Dakota Century Code is hereby created and enacted to read as follows:

Regulatory analysis.

1. An agency shall issue a regulatory analysis of a proposed rule if, within twenty days after the published notice of proposed rule adoption, a written request for the analysis is filed by the governor or an agency. The agency proposing the rule shall issue a regulatory analysis if the proposed rule is expected to have an impact on the regulated community in excess of fifty thousand dollars.
2. The regulatory analysis must contain:
 - a. A description of the classes of persons who probably will be affected by the proposed rule, including classes that will bear the costs of the proposed rule and classes that will benefit from the proposed rule;
 - b. A description of the probable impact, including economic impact, of the proposed rule;
 - c. The probable costs to the agency of the implementation and enforcement of the proposed rule and any anticipated effect on state revenues; and
 - d. A description of any alternative methods for achieving the purpose of the proposed rule that were seriously considered by the agency and the reasons why the methods were rejected in favor of the proposed rule.
3. Each regulatory analysis must include quantification of the data to the extent practicable.

4. The agency shall make the regulatory analysis available to any interested person who requests an opportunity to review the regulatory analysis. The agency may charge for the actual cost of providing copies of the regulatory analysis.
5. If required under subsection 1, the preparation and issuance of a regulatory analysis is a mandatory duty of the agency proposing a rule. A writ of mandamus may issue under the terms and conditions provided for in chapter 32-34 upon the application of a party beneficially interested and aggrieved by an agency's failure to prepare and issue a required regulatory analysis. Errors in a regulatory analysis, including erroneous determinations concerning the impact of the proposed rule on the regulated community, are not a ground upon which the invalidity of a rule may be asserted or declared.

SECTION 4. AMENDMENT. Section 28-32-03 of the 1987 Supplement to the North Dakota Century Code is hereby amended and reenacted to read as follows:

28-32-03. Filing of rules - Force and effect of rules - Form and style of rules - Rules invalid unless in compliance with chapter.

1. A copy of each rule adopted by an administrative agency, and the attorney general's opinion thereon, shall must be filed by the adopting agency with the office of the legislative council for publication in the North Dakota Administrative Code. Except as provided in section 28-32-03.1, rules not published in the administrative code shall be invalid.
2. Rules Nonemergency rules approved by the attorney general as to legality, adopted by an administrative agency, and filed with the office of the legislative council ~~shall~~ become effective the first day of the month after the month of publication as provided for in section 28-32-03.1, except that:
 - a. If if a later date is required by statute or specified in the rule, the later date ~~shall be~~ is the effective date.
 - b. Subject to applicable constitutional or statutory provisions, an emergency rule ~~shall become effective immediately upon approval by the attorney general, or at a stated date prior to the first day of the month after the month of publication in the code or code supplement; if the agency finds that this effective date is necessary because of imminent peril to the public health, safety, or welfare. The agency's finding and a brief statement of reasons therefore shall be filed with the rule. The agency shall take appropriate measures to make emergency rules known to every person who may be affected by them.~~
3. Upon becoming effective, rules shall have the force and effect of law until amended or repealed by the agency or, declared invalid by a final court decision, or determined repealed by the office of the legislative council because the authority for adoption of the rules is repealed or transferred to another agency.

4. The office of the legislative council may prescribe a format, style, and arrangement for rules which are to be published in the code, and may refuse to accept the filing of any rule that is not in substantial compliance therewith. In arranging rules for publication, the office of the legislative council may make such corrections in spelling, grammatical construction, format, and punctuation of the rules as deemed proper. The office of the legislative council shall keep and maintain a permanent code of all rules filed, including superseded and repealed rules, which ~~shall~~ must be open to public inspection during office hours.
5. A rule is invalid unless adopted in substantial compliance with section 28-32-02. However, inadvertent failure to supply any person with a notice required by section 28-32-02 does not invalidate a rule. An action to contest the validity of a rule on the grounds of noncompliance with section 28-32-02 must be commenced within two years of the effective date of the rule.

SECTION 5. AMENDMENT. Section 28-32-22 of the North Dakota Century Code is hereby amended and reenacted to read as follows:

28-32-22. Effective date. The procedure specified in this chapter shall apply to all claims and proceedings filed in or commenced by an administrative agency subsequent to July 1, 1941 the effective date of this Act.

SECTION 2. Ex parte order for wiretapping and eavesdropping.

1. An ex parte order for wiretapping or eavesdropping, or both, may be issued by any judge of competent jurisdiction. The order may be issued upon application of the attorney general, or an assistant attorney general, or a state's attorney, or an assistant state's attorney, showing by affidavit that there is probable cause to believe that evidence will be obtained of the commission or attempted commission of a felony violation of chapter 19-03.1, or a criminal conspiracy to commit a felony violation of chapter 19-03.1.
2. Unless otherwise provided by law, an ex parte order for wiretapping or eavesdropping may be issued only for a crime specified in subsection 1 for which a felony penalty is authorized upon conviction.
3. Each application for wiretapping or eavesdropping, or both, must be made in writing upon oath or affirmation to a judge of competent jurisdiction and must state the applicant's authority to make the application. Each application must include:
 - a. The identity of the law enforcement officer making the application, and the officer authorizing the application.
 - b. A complete statement of the facts and circumstances relied upon by the applicant, to justify the belief that an order should be issued, including: details as to the particular offense that has been, is being, or is about to be committed; a particular description of the nature and location of the facilities from which or the place where the communication is to be intercepted; a particular description of the type of communication sought to be intercepted; and the identity of the person, if known, committing the offense and whose communications are to be intercepted.
 - c. A complete statement as to whether other investigative procedures have been tried and failed, or why they reasonably appear to be unlikely to succeed if tried, or to be too dangerous.
 - d. A statement of the period of time for which the interception is required to be maintained. If the nature of the investigation is such that the authorization for interception should not automatically terminate when the described type of communication has been first obtained, there must be a particular description of the facts establishing probable cause to believe that additional communications of the same type will occur thereafter.
 - e. A complete statement of the facts concerning all previous applications known to the individual authorizing and making the application, made to any judge for authorization to intercept, or for approval of interceptions of, wire, electronic, or oral communications involving any of the same persons, facilities, or places specified in the application, and the action taken by the judge on each such application.

- f. Where the application is for the extension of an order, a statement setting forth the results thus far obtained from the interception, or a reasonable explanation of the failure to obtain those results.
4. The judge may require the applicant to furnish additional testimony or documentary evidence in support of the application.
5. Upon an application, the judge may enter an ex parte order, as requested or as modified, authorizing or approving wiretapping or eavesdropping within the territorial jurisdiction of the court in which the judge is sitting, if the judge determines on the basis of the facts submitted by the applicant that:
 - a. There is probable cause for belief that a person is committing, has committed, or is about to commit a felony violation of chapter 19-03.1 or a criminal conspiracy to commit a felony violation of chapter 19-03.1;
 - b. There is probable cause for belief that particular communications concerning that offense will be obtained through the interception;
 - c. Normal investigative procedures have been tried and have failed, or reasonably appear to be unlikely to succeed if tried, or to be too dangerous; and
 - d. There is probable cause for belief that the facilities from which or the place where the wire, electronic, or oral communications are to be intercepted are being used, or about to be used, in connection with the commission of an offense, or are leased to, listed in the name of, or commonly used by the person alleged to be involved in the commission of the offense.
6. Each order authorizing or approving wiretapping or eavesdropping must specify:
 - a. The identity of the person, if known, whose communications are to be intercepted.
 - b. The nature and location of the communications facilities as to which, or the place where, authority to intercept is granted.
 - c. A particular description of the type of communications sought to be intercepted, and a statement of the particular offense to which it relates.
 - d. The identity of the agency authorized to intercept the communications, and of the person authorizing the application.
 - e. The period of time during which an interception is authorized, including a statement as to whether the interception automatically terminates when the subscribed communication is first obtained.
7. No order entered under sections 1 through 5 of this Act may authorize or approve the interception of any wire, electronic, or

oral communication for any period longer than is necessary to achieve the objective of the authorization. In no event may the period exceed thirty days. The thirty-day period begins on the earlier of the day on which the investigative or law enforcement officer first begins to conduct an interception under the order or ten days after the order is entered. An extension of an order may be granted, but only upon application for an extension made in accordance with subsection 3, and to the court making the findings required by subsection 5. The period of the extension may be no longer than the authorizing judge deems necessary to achieve the purposes for which it was granted, and in no event for longer than thirty days. Every order and extension of an order must contain provisions that the authorization to intercept must be executed as soon as practicable, must be conducted in such a way as to minimize the interception of communications not otherwise subject to interception under this section, and must terminate upon attainment of the authorized objective, or in any event in thirty days. No more than one extension may be granted for any order entered under this section.

8. If an order authorizing interception is entered pursuant to this section, the order may require reports to be made to the judge who issued the order, showing what progress has been made toward achievement of the authorized objective and the need for continued interception. A report must be made at any time the judge requires.
9.
 - a. The contents of any wire, electronic, or oral communication intercepted by any means authorized by this section must, if possible, be recorded on tape, wire, or other comparable device. The recording of the contents of any wire, electronic, or oral communication under this subsection must be done in such a way as will protect the recording from editing or other alterations. Immediately upon expiration of the period of the order, or extension of the order, the recording must be made available to the judge issuing the order and sealed under the judge's directions. The judge shall direct where the recording must be maintained. A recording may not be destroyed except upon an order of the judge, and in any event must be kept for ten years. Duplicate recordings may be made for use or disclosure pursuant to this section. The presence of the seal provided for by this subsection, or a satisfactory explanation for the absence thereof, is a prerequisite for the use or disclosure of the contents of any wire, electronic, or oral communication or evidence derived under this section.
 - b. Applications made and orders granted under this section must be sealed by the judge. The judge shall direct where applications and orders must be maintained. The applications and orders may be disclosed only upon a showing of good cause before a judge of competent jurisdiction, and may not be destroyed except on order of the judge to whom presented. In any event applications and orders must be kept for ten years. Information obtained pursuant to a court order authorizing interception of wire, electronic, or oral communications may not be used, published, or divulged except in accordance with sections 1 through 5 of this Act.

- c. The court may punish violation of this subsection as contempt of court.
10. Within a reasonable time, but not later than ninety days after the termination of the period of an order or extension thereof, the judge to whom the application was presented shall cause to be served, on the persons named in the order or the application, and any other party to intercepted communications as the judge may determine is in the interest of justice, notice of the following:
- a. The fact of the entry of the order.
- b. The date of the entry and the period of authorized interception.
- c. The fact that during the period wire, electronic, or oral communications were intercepted.

The judge, upon the filing of a motion, may make available to any person or counsel for inspection such portions of the intercepted communications, applications, and orders as the judge determines to be in the interest of justice. On an ex parte showing of good cause to a judge of competent jurisdiction, the serving of the matter required by this subsection may be postponed.

11. The contents of any intercepted wire, electronic, or oral communication or evidence derived therefrom may not be received in evidence or otherwise disclosed in any trial, hearing, or other proceeding in a court, unless each party, not less than ten days before the trial, hearing, or proceeding, has been furnished with a copy of the court order, and accompanying application, under which the interception was authorized or approved. This ten-day period may be waived by the court if the court finds that it was not possible to furnish the party with the information ten days before the trial, hearing, or proceeding, and that the party will not be prejudiced by the delay in receiving this information.
12. An aggrieved person in any trial, hearing, or proceeding in or before any court, officer, agency, or other authority of this state, or a political subdivision of this state, may move to suppress the contents of any intercepted wire, electronic, or oral communication, or evidence derived therefrom, on the grounds that the communication was unlawfully intercepted, the order of authorization or approval under which it was intercepted is insufficient on its face, or the interception was not made in conformity with the order of authorization or approval. This motion must be made before the trial, hearing, or proceeding unless there was no opportunity to make the motion, or the person was not aware of the grounds of the motion. If the motion is granted, the contents of the intercepted wire, electronic, or oral communication, or evidence derived from the communication may not be received as evidence. The court, upon the filing of the motion by the aggrieved person, may make available to the aggrieved person or the person's counsel for inspection any portion of the intercepted communication or evidence derived from the communication as the court determines to be in the interests of justice.

13. In addition to any other right to appeal, the state has the right to appeal from an order granting a motion to suppress made under subsection 12, or the denial of an application for an order of approval, if the person making or authorizing the application certifies to the judge granting the motion or denying an application that the appeal is not taken for purposes of delay. The appeal must be taken within thirty days after the date the order was entered and must be diligently prosecuted.
14. A law enforcement officer who, by any means authorized by this section, has obtained knowledge of the contents of a wire, electronic, or oral communication, or evidence derived from the communication, may disclose the contents to another law enforcement officer to the extent that this disclosure is appropriate in the proper performance of the official duties of the officer making or receiving the disclosure.
15. A law enforcement officer who, by means authorized by this section, has obtained knowledge of the contents of any wire, electronic, or oral communication or evidence derived therefrom may use those contents to the extent the use is appropriate in the official performance of official duties.
16. A person who has received, by means authorized by this section, information concerning a wire, electronic, or oral communication, or evidence derived from the communication, intercepted in accordance with this section, may disclose the contents of that communication or derivative evidence while giving testimony in any proceeding held under the authority of the United States or this state.
17. No otherwise privileged wire, electronic, or oral communication intercepted in accordance with, or in violation of, this section loses its privileged character.
18. When a law enforcement officer, while engaged in intercepting wire, electronic, or oral communications in the manner authorized in this section, intercepts wire, electronic, or oral communications relating to an offense other than one specified in the order of authorization or approval, the contents thereof, and evidence derived therefrom, may be disclosed or used as provided in subsections 14 and 15 only if an offense other than one specified in the order is an offense that constitutes a felony under the laws of this state. The contents, and evidence derived from the contents, as authorized by this section, may be used under subsection 16 only when authorized or approved by a judge of competent jurisdiction, when the judge finds on subsequent application that the contents were otherwise intercepted in accordance with this section. This application must be made as soon as practicable.
19. The requirements of subdivision b of subsection 3 and subdivision d of subsection 5 relating to the specification of the facilities from which, or the place where, the communication is to be intercepted do not apply if:

- a. In the case of an application with respect to the interception of an oral communication, the application contains a full and complete statement as to why such specification is not practical and identifies the person committing the offense and whose communications are to be intercepted and the judge finds that such specification is not practical; or
 - b. In the case of an application with respect to a wire or electronic communication, the application identifies the person believed to be committing the offense and whose communications are to be intercepted and the applicant makes a showing of a purpose, on the part of that person, to thwart interception by changing facilities and the judge finds that such purpose has been adequately shown.

3. "Incapacitated person" means any adult person who is impaired by reason of mental illness, mental deficiency, physical illness or disability, ~~chronic use of drugs, chronic intoxication, or other cause (except minority)~~ or chemical dependency to the extent that he the person lacks sufficient understanding or capacity to make or communicate responsible decisions concerning his person that person's matters of residence, education, medical treatment, legal affairs, vocation, finance, or other matters, or which incapacity endangers the person's health or safety.

- 2- "Person with limited capacity" means a person who is impaired by reason of mental illness, mental deficiency, physical illness or disability, chronic use of drugs, chronic intoxication, or other cause except minority, but who is able to make independently some, but not all, of the decisions necessary for that person's own care and the management of that person's property.
- 3- 4. A "protective proceeding" is a proceeding under the provisions of section 30.1-29-01 to determine that a person cannot effectively manage or apply his estate to necessary ends, either because he lacks the ability or is otherwise inconvenienced, or because he is a minor, and to secure administration of his estate by a conservator or other appropriate relief.

SECTION 2. AMENDMENT. Section 30.1-28-01 of the North Dakota Century Code is hereby amended and reenacted to read as follows:

30.1-28-01. (5-301) Testamentary appointment of guardian for incapacitated person.

1. The guardian spouse or guardian parent of an adjudicated incapacitated person may, by will, appoint a successor guardian of the incapacitated person. The appointment becomes effective when, after having given seven days' prior written notice of his intention to do so to the incapacitated person and to the person having his care or to his nearest adult relative, the guardian files acceptance of appointment in the court in which the will is informally or formally probated. An effective appointment by a spouse has priority over an appointment by a parent unless it is terminated by the denial of probate in formal proceedings.
- 3- This state shall recognize a testamentary appointment effected by filing acceptance under a will probated at the testator's domicile in another state.

- 4- 3. On the filing with the court in which the will was probated of written objection to the appointment by the person for whom a testamentary appointment of guardian has been made, the appointment is terminated. An objection does not prevent appointment by the court in a proper proceeding of the testamentary nominee or any other suitable person upon an adjudication of incapacity in proceedings under the succeeding sections of this chapter.

DUI LAW ENFORCEMENT ACTIONS

AN ACT to amend and reenact sections 39-20-01, 39-20-03.1, 39-20-04, and subsection 1 of section 39-20-04.1 of the North Dakota Century Code, relating to juvenile custody under implied consent, taking possession of operators' licenses on arrest for alcohol offenses, and reports on arrest to the highway commissioner.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. AMENDMENT. Section 39-20-01 of the North Dakota Century Code is hereby amended and reenacted to read as follows:

39-20-01. Implied consent to determine alcoholic and drug content of blood. Any person who operates a motor vehicle on a highway or on public or private areas to which the public has a right of access for vehicular use in this state is deemed to have given consent, and shall consent, subject to the provisions of this chapter, to a chemical test, or tests, of the blood, breath, saliva, or urine for the purpose of determining the alcoholic, other drug, or combination thereof, content of the blood. As used in this chapter the word "drug" means any drug or substance or combination of drugs or substances which renders a person incapable of safely driving, and the words "chemical test" or "chemical analysis" mean any test to determine the alcoholic, or other drug, or combination thereof, content of the blood, breath, saliva, or urine, approved by the state toxicologist under this chapter. The test or tests must be administered at the direction of a law enforcement officer only after placing the person, except persons mentioned in section 39-20-03, under arrest and informing that person that the person is or will be charged with the offense of driving or being in actual physical control of a vehicle upon the public highways while under the influence of intoxicating liquor, drugs, or a combination thereof. For the purposes of this chapter, the taking into custody of a child under section 27-20-13 satisfies the requirement of an arrest. The arresting law enforcement officer shall also inform the person charged that refusal of the person to submit to the test determined appropriate will result in a revocation for up to three years of the person's driving privileges. The arresting law enforcement officer shall determine which of the tests is to be used. When a child is taken into custody for violating section 39-08-01 or an equivalent ordinance, the law enforcement officer shall diligently attempt to contact the child's parent or legal guardian to explain the cause for the custody and the implied consent chemical testing requirements. Neither the law enforcement officer's efforts to contact, nor any consultation with, a parent or legal guardian may be permitted to interfere with the administration of chemical testing requirements under this chapter.

SECTION 2. AMENDMENT. Section 39-20-03.1 of the North Dakota Century Code is hereby amended and reenacted to read as follows:

39-20-03.1. Action following test result for a resident operator. If a person submits to a test under section 39-20-01, 39-20-02, or 39-20-03 and the test shows that person to have a blood alcohol concentration of at least ten one-hundredths of one percent by weight at the time of the performance of a chemical test within two hours after the driving or being in actual physical control of a vehicle, the following procedures apply:

1. The law enforcement officer shall immediately take possession of the person's operator's license if it is then available and shall immediately issue to that person a temporary operator's permit if the person then has valid operating privileges, extending driving privileges for the next twenty-five days, or until earlier terminated by the decision of a hearing officer under section 39-20-05. The law enforcement officer shall sign and note the date on the temporary operator's permit. The temporary operator's permit serves as the commissioner's official notification to the person of the commissioner's intent to revoke, suspend, or deny driving privileges in this state.
2. If a test administered under section 39-20-01 or 39-20-03 was by saliva or urine sample or by drawing blood as provided in section 39-20-02 and the person tested is not a resident of an area in which the law enforcement officer has jurisdiction, the law enforcement officer shall, on receiving the analysis of the saliva, urine, or blood from the state toxicologist and if the analysis shows that person had a blood alcohol concentration of at least ten one-hundredths of one percent by weight, either proceed in accordance with subsection 1 during that person's reappearance within the officer's jurisdiction or notify a law enforcement agency having jurisdiction where the person lives. On that notification, that law enforcement agency shall immediately take possession of the person's North Dakota operator's license or permit if it is then available and, within twenty-four hours, forward the license and a copy of the temporary operator's permit to the arresting officer law enforcement agency making the arrest or to the commissioner. The law enforcement agency shall also, on taking possession of the person's operator's license, issue to that person a temporary operator's permit as provided in this section, and shall sign and date the permit as provided in subsection 1. The temporary operator's permit serves as the commissioner's official notification to the person of the commissioner's intent to revoke, suspend, or deny driving privileges in this state.
3. The arresting law enforcement officer, within five days of the issuance of the temporary operator's permit, shall forward to the commissioner a certified written report in the form required by the commissioner and the person's operator's license taken under subsection 1 or 2. If the person was issued a temporary operator's permit because of the results of a test, the report must show that the officer had reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle while in violation of section 39-08-01, or equivalent ordinance, that the person was lawfully arrested, that the person was tested for blood alcohol concentration under this chapter, and that the results of

the test show that the person had a blood alcohol concentration of at least ten one-hundredths of one percent by weight. In addition to the operator's license and report, the law enforcement officer shall forward to the commissioner a certified copy of the operational checklist and test records of a breath test and a copy of the certified copy of the analytical report for a blood, saliva, or urine test for all tests administered at the direction of the officer.

* SECTION 3. AMENDMENT. Section 39-20-04 of the North Dakota Century Code is hereby amended and reenacted to read as follows:

39-20-04. Revocation of privilege to drive motor vehicle upon refusal to submit to testing. If a person refuses to submit to testing under section 39-20-01 or 39-20-14, none may be given, but the law enforcement officer shall immediately take possession of the person's operator's license if it is then available and shall immediately issue to that person a temporary operator's permit, if the person then has valid operating privileges, extending driving privileges for the next twenty-five days or until earlier terminated by a decision of a hearing officer under section 39-20-05. The law enforcement officer shall sign and note the date on the temporary operator's permit. The temporary operator's permit serves as the commissioner's official notification to the person of the commissioner's intent to revoke driving privileges in this state and of the hearing procedures under this chapter. The commissioner, upon the receipt of that person's operator's license and a certified written report of the law enforcement officer in the form required by the commissioner, forwarded by the officer within five days after issuing the temporary operator's permit, showing that the officer had reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle while in violation of section 39-08-01 or equivalent ordinance or, for purposes of section 39-20-14, had reason to believe that the person committed a moving traffic violation or was involved in a traffic accident as a driver, and in conjunction with the violation or accident the officer has, through the officer's observations, formulated an opinion that the person's body contains alcohol, that the person was lawfully arrested if applicable, and that the person had refused to submit to the test or tests under section 39-20-01 or 39-20-14, shall revoke that person's license or permit to drive and any nonresident operating privilege for the appropriate period under this section, or if the person is a resident without a license or a permit to operate a motor vehicle in this state, the commissioner shall deny to the person the issuance of a license or permit for the appropriate period under this section after the date of the alleged violation, subject to the opportunity for a prerevocation hearing and postrevocation review as provided in this chapter. In the revocation of the person's operator's license the commissioner shall give credit for time in which the person was without an operator's license after the day of the person's refusal to submit to the test except that the commissioner may not give credit for time in which the person retained driving privileges through a temporary operator's permit issued under this section or section 39-20-03.2. The period of revocation or denial of issuance of a license or permit under this section is:

1. One year if the person's driving record shows that within the five years preceding the most recent violation of this section, the person's operator's license has not previously been suspended, revoked, or issuance denied for a violation of this chapter or section 39-08-01 or equivalent ordinance.

* NOTE: Section 39-20-04 was also amended by section 1 of House Bill No. 1595, chapter 479.

Two years if the person's driving record shows that within the five years preceding the most recent violation of this section, the person's operator's license has been once previously suspended, revoked, or issuance denied for a violation of this chapter or section 39-08-01 or equivalent ordinance.
3. Three years if the person's driving record shows that within the five years preceding the most recent violation of this section, the person's operator's license has at least twice previously been suspended, revoked, or issuance denied under this chapter, or for a violation of section 39-08-01 or equivalent ordinance, or any combination thereof, and the suspensions, revocations, or denials resulted from at least two separate arrests.

SECTION 4. AMENDMENT. Subsection 1 of section 39-20-04.1 of the North Dakota Century Code is hereby amended and reenacted to read as follows:

1. After the receipt of a person's operator's license, if taken under section 39-20-03.1 or 39-20-03.2, and the ~~sworn~~ certified report of a law enforcement officer and if no written request for hearing has been received from the arrested person under section 39-20-05, or if that hearing is requested and the findings, conclusion, and decision from the hearing confirm that the law enforcement officer had reasonable grounds to arrest the person and test results show that the arrested person was driving or in physical control of a vehicle while having a blood alcohol concentration of at least ten one-hundredths of one percent by weight at the time of the performance of a test within two hours after driving or being in physical control of a motor vehicle, the commissioner shall suspend the person's operator's license as follows:

SECTION 3. AMENDMENT. Section 39-20-14 of the North Dakota Century Code is hereby amended and reenacted to read as follows:

39-20-14. Screening tests. Any person who operates a motor vehicle upon the public highways of this state is deemed to have given consent to submit to an onsite screening test or tests of the person's breath for the purpose of estimating the alcohol content of the person's blood upon the

request of a law enforcement officer who has reason to believe that the person committed a moving traffic violation or was involved in a traffic accident as a driver, and in conjunction with the violation or the accident the officer has, through the officer's observations, formulated an opinion that the person's body contains alcohol. A person may not be required to submit to a screening test or tests of breath while at a hospital as a patient if the medical practitioner in immediate charge of the person's case is not first notified of the proposal to make the requirement, or objects to the test or tests on the ground that such would be prejudicial to the proper care or treatment of the patient. The screening test or tests must be performed by an enforcement officer certified as a chemical test operator by the state toxicologist and according to methods and with devices approved by the state toxicologist. The results of such screening test must be used only for determining whether or not a further test shall be given under the provisions of section 39-20-01. The officer shall inform the person that refusal of the person to submit to a screening test will result in a revocation for up to three years of that person's driving privileges. If such person refuses to submit to such screening test or tests, none may be given, but such refusal is sufficient cause to revoke such person's license or permit to drive in the same manner as provided in section 39-20-04, and a hearing as provided in section 39-20-05 and a judicial review as provided in section 39-20-06 must be available. However, the commissioner must not revoke a person's driving privileges for refusing to submit to a screening test requested under this section if the person provides a sufficient breath, blood, or urine sample for a chemical test requested under section 39-20-01 for the same incident. No provisions of this section may supersede any provisions of chapter 39-20, nor may any provision of chapter 39-20 be construed to supersede this section except as provided herein. For the purposes of this section, "chemical test operator" means a person certified by the state toxicologist as qualified to perform analysis for alcohol in a person's blood, breath, saliva, or urine.

SECTION 3. AMENDMENT. Section 40-58-02 of the North Dakota Century Code is hereby amended and reenacted to read as follows:

1. It is hereby found and declared that there exist in municipalities of the state slum and blighted areas ~~(as herein defined)~~ which constitute a serious and growing menace, injurious to the public health, safety, morals, and welfare of the residents of the state; that the existence of ~~such~~ these areas contributes substantially and increasingly to the spread of disease and crime, constitutes an economic and social liability, substantially impairs or arrests the sound growth of municipalities, retards the provision of housing accommodations, aggravates traffic problems, and substantially impairs or arrests the elimination of traffic hazards and the improvement of traffic facilities; and that the prevention and elimination of slums and blight is a matter of state policy and state concern in order that the state and its municipalities ~~shall~~ do not continue to be endangered by areas which are focal centers of disease, promote juvenile delinquency, and, while contributing little to the tax income of the state and its municipalities, consume an excessive proportion of its revenues because of the extra services required for police, fire, accident, hospitalization, and other forms of public protection, services, and facilities. It is further found and declared that certain slum or blighted areas, or portions thereof, may require acquisition, clearance, and disposition subject to use restrictions, as provided in this chapter, since the prevailing condition of decay may make

impracticable the reclamation of the area by conservation or rehabilitation; that other areas or portions thereof may, through the means provided in this chapter, be susceptible of conservation or rehabilitation in such a manner that the conditions and evils ~~hereinbefore enumerated~~ described in this section may be eliminated, remedied, or prevented; and that to the extent feasible salvable slum and blighted areas should be conserved and rehabilitated through voluntary action and the regulatory process.

2. It is further found and declared that there exist in municipalities of the state conditions of unemployment, underemployment, and joblessness detrimental to the economic growth of the state economy; that it is appropriate to implement economic development programs both desirable and necessary to eliminate the causes of unemployment, underemployment, and joblessness for the benefit of the state economy; and that tax increment financing is an economic development program designed to facilitate projects that create economic growth and development.
3. It is further found and declared that the powers conferred by this chapter are for public uses and purposes for which public money may be expended and the power of eminent domain exercised; and that the necessity in the public interest for the provisions herein enacted is hereby declared as a matter of legislative determination.

SECTION 18. AMENDMENT. Section 40-58-20 of the 1987 Supplement to the North Dakota Century Code is hereby amended and reenacted to read as follows:

40-58-20. Tax ~~increments~~ increment financing.

1. At any time after the governing body of a municipality has approved ~~an urban a development or~~ renewal plan for any ~~urban development or~~ renewal area, it may request the county auditor and treasurer to compute, certify, and remit tax increments resulting from the ~~development or~~ renewal of the area in accordance with the plan and any modifications thereof, and the county auditor and treasurer shall do so in accordance with ~~the provisions of~~ this section.
2. The auditor shall compute and certify the original taxable value of each lot and parcel of real estate in the area, as last assessed and equalized before the date of the request, including the taxable value of any lot or parcel ~~theretofore~~ previously acquired by the municipality or its urban renewal agency, as last assessed and equalized before it was acquired. However, any real property acquired by the city or the city's urban renewal agency prior to July 1, 1973, or more than five years prior to the approval of ~~an urban a development or~~ renewal plan for any ~~urban development or~~ renewal

renewal area, whichever is later, is deemed to have an original taxable value of zero and the county auditor shall so certify.

3. In each subsequent year the auditor shall compute and certify the net amount by which the original taxable value of all lots and parcels of real estate in the area, as then assessed and equalized (including real estate then held by the municipality or urban renewal agency at zero), has increased or decreased in comparison with the original taxable value of all such real estate. The net amount of the increase or decrease is referred to in this section as the incremental value or the lost value for that year, as the case may be.
4. In any year when there is an incremental value, the auditor shall exclude it from the taxable value upon which ~~he~~ the auditor computes the mill rates of taxes levied in that year by the state, the county, the municipality, the school district, and every other political subdivision having power to tax the urban development or renewal area, until the cost of development or renewal of the area has been reimbursed in accordance with this section. However, ~~he~~ the auditor shall extend the aggregate mill rate of ~~such~~ those taxes against the incremental value as well as the original taxable value, and the amount of taxes received from ~~such~~ that extension against the incremental value is referred to in this section as the tax increment for that year.
5. In any ~~such~~ year when there is a lost value, the auditor shall compute and certify the amounts of taxes which would have resulted from the extension against the lost value of the mill rate of taxes levied that year by the state and each political subdivision having power to tax the urban development or renewal area. The amounts so computed are referred to in this section as the tax losses for that year.
6. The county auditor shall segregate all tax increments from the urban development or renewal area in a special fund, crediting to the fund, in each year when there is an incremental value, that proportion of each collection of taxes on real estate within the area which the incremental value bears to the total taxable value in that year.
7. Upon receipt of any tax increments in the fund the county treasurer, at the times when ~~he~~ the county treasurer distributes collected taxes to the state and to each political subdivision for which a tax loss has previously been recorded, shall also remit to each of them from the tax increment fund an amount proportionate to the amount of ~~such~~ that tax loss, until all ~~such~~ those tax losses have been reimbursed. Thereafter, at the time of each ~~such~~ such distribution, ~~he~~ the county treasurer shall remit the entire balance then on hand in the fund to the municipality, until the cost of development or renewal of the area has been reimbursed to the municipality as provided in this section.
8. The cost of development or renewal subject to reimbursement from the tax increment fund for each urban development or renewal area ~~shall~~ must include all expenditures incident to carrying out the urban development or renewal plan for the area and any

modifications thereof, not otherwise reimbursed in one of the ways referred to below, including ~~but not limited to~~ all expenses of the clearance, development, redevelopment, rehabilitation, and conservation of the area ~~as defined in section 40-50-19~~, and all interest and redemption premiums paid on bonds, notes, or other obligations issued by the municipality or urban renewal agency to provide funds for payment of ~~such~~ those expenses, subject to section 1 of this Act for the purpose of determining eligible cost of development of industrial or commercial property. From the total cost to be reimbursed there ~~shall~~ must be deducted, except as provided below, all amounts received from the federal government or others, and all special assessments, revenues, and other receipts except property taxes, which are actually collected and applied to the payment of ~~such the~~ cost or ~~such the~~ bonds, notes, or other obligations, at the times when ~~such those~~ payments are due. However, if the proceeds of tax increments or of bonds, notes, or other obligations are loaned to finance part or all of the cost of a project comprising the restoration, reconstruction, and improvement of a privately owned state historical site situated within the urban development or renewal area or any buildings or structures thereon, as contemplated in section 55-10-08, or of a property listed in the national register of historic places, as contemplated in section 55-10-11, in consideration of the grant to the city of a historic easement with respect thereto, repayments of the loan shall may not be deducted from the cost of development or renewal subject to reimbursement.

9. The tax increments from any urban development or renewal area may be appropriated by the governing body of the municipality for the payment of any general obligation bonds, special improvement warrants, or refunding improvement bonds issued by the municipality to provide funds for payment of the cost of development or renewal, together with interest and redemption premiums thereon, other than that portion, if any, of such principal, interest, and redemption premiums which can be paid when due from collections of special assessments, revenues, or other funds, excluding property taxes, which are pledged for the payment thereof. When special improvement warrants or refunding improvement bonds are issued to pay the cost of public improvements of special benefit to properties within the urban development or renewal area, the governing body may cause ~~such those~~ those special benefits to be computed, together with the cost properly assessable against ~~such those~~ those properties, and may appropriate the tax increments from the area to the payment of ~~such that~~ that cost, in lieu of levying special assessments upon ~~such the~~ the property. In this event the amount so appropriated, divided into the same number of installments as the special assessments and with interest at the same rate on the declining balance thereof, ~~shall be~~ is deemed a part of the special assessments appropriated for payment of the cost, within the meaning of section 40-26-08.
10. When the cost of development or renewal of any urban development or renewal area has been fully paid and all bonds, notes, or other obligations issued by the municipality to pay ~~such that~~ that cost have been retired, or funds sufficient for the retirement thereof have been received by the municipality, the governing body shall cause this to be reported to the county auditor, who shall thereafter

compute the mill rates of all taxes upon the total taxable value of the urban development or renewal area. Any balance then on hand in the tax increment fund ~~shall~~ must be distributed by the county treasurer to the state and all political subdivisions having power to tax property in the area, in amounts proportionate to the amounts of the tax losses previously reimbursed to them.

11. As an alternative to the sale of bonds to be amortized with tax increments as provided in this section, the governing body of a municipality may, in its discretion, grant a total or partial tax exemption for the project in order to provide assistance to a project developer in an urban a development or renewal area, pursuant to agreement with the municipality. However, if a developer of a development or renewal project receives a tax exemption for that project pursuant to this subsection, that project developer may not receive a tax exemption for that project under section 40-57.1-03, 40-57.1-04, 40-57.1-04.1, or 40-57.1-04.3. The amount of annual tax exemption shall be under this subsection is limited to the tax increment as defined in this section as it applies to the development or renewal project and may extend for a period not to exceed fifteen years. In determining the total amount of the tax exemption to be authorized, the municipality shall give due consideration to the same elements as are involved in the sale of bonds to be amortized by tax increments. The amount to be reimbursed, by tax exemption, to the project developer shall must be all or a portion of eligible public costs which have been paid by the project developer, plus interest thereon on those costs at a rate not to exceed ten percent per annum. The amount of tax exemption shall must be an amount sufficient to reimburse the project operator for such those eligible costs, amortized pursuant to said the agreement between the project developer and the city municipality.

SECTION 9. Inspection powers and access to wholesale drug distributor records - Penalty. A distributor who provides adequate documentation of the most recent satisfactory inspection less than three years old by either the United States food and drug administration or a state agency determined to be comparable by the board is exempt from further inspection for a period of time determined by the board. This exemption does not bar the board from initiating an investigation pursuant to a complaint regarding a wholesale drug distributor or pharmacy distributor. A wholesale drug distributor may keep records at a central location apart from the principal office of the wholesale drug distributor or the location at which the drugs were stored and from which they were shipped; provided, that the records are made available for inspection within three business days of a request by the board. The records may be kept in any form permissible under federal law applicable to prescription drugs recordkeeping. PLANE COORDINATE SYSTEM

AN ACT to amend and reenact sections 47-20.2-01, 47-20.2-02, 47-20.2-03, 47-20.2-04, 47-20.2-05, and 47-20.2-06 of the North Dakota Century Code, relating to the North Dakota plane coordinate system; and to repeal sections 47-20.2-07, 47-20.2-08, and 47-20.2-09 of the North Dakota Century Code, relating to the North Dakota plane coordinate system.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. AMENDMENT. Section 47-20.2-01 of the North Dakota Century Code is hereby amended and reenacted to read as follows:

47-20.2-01. Purpose of chapter North Dakota coordinate system zones defined. It is the purpose of this chapter to recognize and adopt for the state of North Dakota the system of plane coordinates which has been established by the United States coast and geodetic survey. It is not the purpose of this chapter to affect existing surveys; but this chapter shall not preclude the use of the plane coordinate system in updating existing surveys. The systems of plane coordinates which have been established by the national oceanic and atmospheric administration national ocean survey/national geodetic survey or its successors for defining and stating the geographic positions or locations of points on the surface of the earth within this state are, as of the effective date of this Act, to be known and designated as the North Dakota coordinate system of 1927 and the North Dakota coordinate system of 1983. For the purpose of the use of this system these systems, the state is divided into a north zone and a south zone:

1. The area now included in the following counties shall constitute constitutes the north zone: Divide, Williams, McKenzie, Mountrail, Burke, Renville, Ward, McLean, Bottineau, McHenry, Sheridan, Pierce, Rolette, Towner, Benson, Wells, Foster, Eddy, Ramsey, Cavalier, Pembina, Walsh, Nelson, Grand Forks, Griggs, Steele, Traill.
2. The area now included in the following counties shall constitute constitutes the south zone: Dunn, Golden Valley, Slope, Bowman, Adams, Hettinger, Stark, Mercer, Oliver, Morton, Grant, Sioux, Emmons, Burleigh, Kidder, Logan, McIntosh, Stutsman, Barnes, LaMoure, Dickey, Cass, Ransom, Sargent, Richland.

SECTION 2. AMENDMENT. Section 47-20.2-02 of the North Dakota Century Code is hereby amended and reenacted to read as follows:

47-20.2-02. Zone designation in coordinate system North Dakota coordinate system names defined. As established for use in the north zone,

the North Dakota coordinate system ~~shall be~~ of 1927 or the North Dakota coordinate system of 1983 is named, and in any land description in which it is used it ~~shall~~ must be designated the "~~North~~ North Dakota coordinate system of 1927, north ~~zone~~" zone, or the North Dakota coordinate system of 1983, north zone. As established for use in the south zone, the North Dakota coordinate system ~~shall be~~ of 1927 or the North Dakota coordinate system of 1983 is named, and in any land description in which it is used it ~~shall~~ must be designated the "~~North~~ North Dakota coordinate system of 1927, south ~~zone~~" zone, or the North Dakota coordinate system of 1983, south zone.

SECTION 3. AMENDMENT. Section 47-20.2-03 of the North Dakota Century Code is hereby amended and reenacted to read as follows:

47-20.2-03. Plane coordinates North Dakota coordinate system defined. The plane ~~coordinates of~~ coordinate values for a point on the earth's surface, ~~to be used in expressing the geographic position or location of such point in the appropriate zone of this system, shall consist of two distances, expressed in United States survey feet [meters] and decimals of a foot [meter] when using the North Dakota coordinate system of 1927. One of these distances, to be known as the X-coordinate, shall give the position in an east-and-west east-west direction; the other, to be known as the Y-coordinate, shall give the position in a north-and-south north-south direction. These coordinates shall be made to depend upon and conform to the coordinates, on the North Dakota coordinate system, of the triangulation and traverse stations of the United States coast and geodetic survey within the state of North Dakota; as those coordinates have been determined by the said survey plane rectangular coordinate values for the monumented points of the North American horizontal geodetic control network as published by the national ocean survey/national geodetic survey, or its successors, and the plane coordinates which have been computed on the systems defined in this chapter. Any such station may be used for establishing a survey connection to either North Dakota coordinate system. For the purposes of converting coordinates of the North Dakota coordinate system of 1983 from meters to feet, the international survey foot must be used. The conversion factor is: one foot equals 0.3048 meter exactly.~~

SECTION 4. AMENDMENT. Section 47-20.2-04 of the North Dakota Century Code is hereby amended and reenacted to read as follows:

47-20.2-04. Reference to tracts extending into other coordinate zones: ~~When any tract of land to be defined by a single description extends from one into the other of the coordinate zones, the positions of all points on its boundaries may be referred to either of the two zones, the zone which is used being specifically named in the description. Federal and state coordinate description same tract - Federal precedence. Whenever coordinates based on the North Dakota coordinate system are used to describe any tract of land which in the same document is also described by reference to any subdivision, line, or corner of the United States public land surveys, the description by coordinates must be construed as supplemental to the basic description of each subdivision, line, or corner contained in the official plats and field notes filed of record, and, in the event of any conflict, the description by reference to the subdivision, line, or corner of the United States public land surveys prevails over the description by coordinates, unless the coordinates are upheld by adjudication, at which time the coordinate description will prevail. This chapter does not require any purchaser or mortgagee to rely on a description, any part of which depends exclusively~~

upon the North Dakota coordinate system, unless the description has been adjudicated as provided in this section.

SECTION 5. AMENDMENT. Section 47-20.2-05 of the North Dakota Century Code is hereby amended and reenacted to read as follows:

47-20.2-05. ~~"North~~ North Dakota coordinate system ~~system~~ origins defined.

1. For the purposes of more precisely defining the ~~"North~~ North Dakota coordinate system ~~system~~ of 1927, the following definition definitions by the United States coast and geodetic survey ~~is~~ are adopted:

- a. The North Dakota coordinate system of 1927, north zone, is a Lambert conformal conic projection of the Clarke spheroid of 1866, having standard parallels at north latitudes, forty-seven degrees twenty-six minutes and ~~at~~ forty-eight degrees forty-four minutes along which parallels the scale shall be exact. The origin of coordinates is at the intersection of the meridian one hundred degrees thirty minutes west of Greenwich and the parallel forty-seven degrees zero minutes north latitude. This origin is given the coordinates:

$x = 2,000,000$ feet [609.6 kilometers], and $y = 0$ feet [0 kilometers].

- b. The North Dakota coordinate system of 1927, south zone, is a Lambert conformal conic projection of the Clarke spheroid of 1866, having standard parallels at north latitudes forty-six degrees eleven minutes and ~~at~~ forty-seven degrees twenty-nine minutes along which parallels the scale shall be exact. The origin of coordinates is at the intersection of the meridian one hundred degrees thirty minutes west of Greenwich and the parallel forty-five degrees forty minutes north latitude. This origin is given the coordinates:

$x = 2,000,000$ feet [609.6 kilometers], and $y = 0$ feet [0 kilometers].

2. The position of the North Dakota coordinate system shall be as marked on the ground by triangulation or traverse stations established in conformity with standards adopted by the United States coast and geodetic survey for first-order and second-order work; whose geodetic positions have been rigidly adjusted on the North American datum of 1927; and whose coordinates have been computed on the system herein defined. Any such station may be used for establishing a survey connection with the North Dakota coordinate system. For the purposes of more precisely defining the North Dakota coordinate system of 1983, the following definition by the national ocean survey/national geodetic survey is adopted:

- a. The North Dakota coordinate system of 1983, north zone, is a Lambert conformal conic projection of the North American datum of 1983, having standard parallels at north latitude of forty-seven degrees twenty-six minutes and forty-eight degrees forty-four minutes along which parallels the scale shall be

exact. The origin of coordinates is at the intersection of the meridian one hundred degrees thirty minutes west of Greenwich and the parallel forty-seven degrees zero minutes north latitude. This origin is given the coordinates:

$x = 600,000.0000$ meters, and $y = 00.0000$ meters.

- b. The North Dakota coordinate system of 1983, south zone, is a Lambert conformal conic projection of the North American datum of 1983, having standard parallels at north latitude of forty-six degrees eleven minutes and forty-seven degrees twenty-nine minutes along which parallels the scale shall be exact. The origin of coordinates is at the intersection of the meridian one hundred degrees thirty minutes west of Greenwich and the parallel forty-five degrees forty minutes north latitude. This origin is given the coordinates:

$x = 600,000.0000$ meters, and $y = 00.0000$ meters.

SECTION 6. AMENDMENT. Section 47-20.2-06 of the North Dakota Century Code is hereby amended and reenacted to read as follows:

47-20.2-06. Coordinates to be established in conformity with standards. North Dakota coordinate system - Use of term. The use of the North Dakota coordinate system of 1927 north zone or south zone or the North Dakota coordinate system of 1983 north zone or south zone on any map, report of survey, or other document must be limited to coordinates based on the North Dakota coordinate systems as defined in this chapter. The map, report, or document must include a statement describing the standard of accuracy, as defined by the national ocean survey/national geodetic survey, maintained in developing the coordinates shown therein. The coordinates must be established in conformity with these standards:

1. No coordinates based on the North Dakota coordinate system, purporting to define the position of a point on a land boundary, shall may be presented to be recorded in any public records or deed records unless such the point is connected to a triangulation or traverse station established in conformity with the standards prescribed in section 47-20.2-05 this chapter. The connecting traverse or triangulation shall conform to the standards set forth in section 47-20.2-05, and a copy of the calculations of the connection shall be included in the description.
2. Stations Coordinate values used in land descriptions under this section may be set by any duly authorized public agency, registered professional engineer, or must be certified by a duly registered land surveyor, if said stations conform to the standards of section 47-20.2-05, and if the descriptions and calculations thereof are of public record under the laws of this state.

SECTION 7. REPEAL. Sections 47-20.2-07, 47-20.2-08, and 47-20.2-09 of the North Dakota Century Code are hereby repealed.

AN ACT to create and enact a new section to chapter 50-24.4 of the North Dakota Century Code, relating to nursing home resident payment classifications.

SECTION 1. A new section to chapter 50-24.4 of the 1987 Supplement to the North Dakota Century Code is hereby created and enacted to read as follows:

1. For purposes of this section:
 - a. "Department" means the department of health and consolidated laboratories; and
 - b. "Resident's representative" includes the resident's guardian or conservator, a person authorized or required to pay the nursing home expenses of the resident, or any other person designated by the resident in writing.

3. The department shall assign nursing home residents to the appropriate payment classification based upon assessments of the residents.
4. The department shall notify each resident, and the nursing home in which the resident resides, of the payment classification established under subsection 3. The notice must inform the resident of the classification that was assigned, the opportunity to review the documentation supporting the classification, the opportunity to obtain clarification from the department, and the opportunity to appeal the classification. The notice of resident classification must be sent by first-class mail. The individual resident notices may be sent to the resident's nursing home for distribution to the resident in which event the nursing home is responsible for the distribution of the notice to the resident and to the resident's representative, if any. This notice must be distributed to the resident and sent first-class mail or hand-delivered to the resident's representative within three

working days after the nursing home's receipt of the notice from the department.

5. The resident or the nursing home may appeal the assigned payment classification to the department. The appeal must be submitted in writing to the department within thirty days of the receipt of the notice of resident classification. For appeals submitted by or on behalf of the resident, the time period for submission of the request begins on the date the classification notice is delivered to the resident, or mailed or delivered to the resident's representative, whichever is latest. The appeal must be accompanied by the name of the resident, the name and address of the nursing home in which the resident resides, the reasons for the appeal, the requested classification changes, and documentation supporting the requested classification. The documentation accompanying the appeal is limited to documentation intended to establish that the needs of the resident, at the time of the assessment resulting in the disputed classification, justify a change of classification.
6. Upon written request, the nursing home shall give the resident or the resident's representative a copy of the assessment form and the other documentation that was given to the department to support the assessment findings. The nursing home shall also provide access to and a copy of other information from the resident's record that has been requested by or on behalf of the resident to support a resident's appeal. A copy of any requested material must be provided within three working days of receipt of a written request for the information. Upon request, the nursing home shall assist the resident in preparing an appeal.
7. In addition to the information required in subsection 5, an appeal by a nursing home must be accompanied by the following information: the date the resident payment classification notices were received by the nursing home; the date the classification notices were distributed to the resident or the resident's representative; and a copy of a notice of appeal sent to the resident or to the resident's representative. This notice must tell the resident or the resident's representative that the resident's classification is being appealed, the reason for the appeal, that the resident's rate will change if the appeal is approved by the department and the extent of the change, that copies of the nursing home's appeal and supporting documentation are available for review, and that the resident also has the right to appeal. If the nursing home fails to provide this information with the appeal, the appeal must be denied, and the nursing home may not make further appeals concerning that specific resident payment classification until such time as the resident's payment classification is reestablished by the department.
8. The appeal determination of the department must be made by individuals not involved in reviewing the assessment that established the disputed classification. The appeal determination must be based upon the initial assessment and upon the information provided to the department under subsection 5. If the department determines that it is necessary for the appeal determination, it may conduct onsite reviews. Within fifteen working days of

receiving the appeal, the department shall affirm or modify the original resident classification. The original classification must be modified if the department determines that the assessment resulting in the classification did not accurately reflect the needs of the resident at the time of the assessment. The resident and the nursing home must be notified within five working days after the decision is made.

9. The appeal determination under subsection 8 is the final administrative decision of the agency. That decision is subject to appeal to the district court, and for that purpose, the decision must be treated as a decision on a petition for rehearing made pursuant to section 28-32-14. Appeal to the district court must be taken in the manner required by section 28-32-15.

In such a case, the law enforcement agency may investigate the allegations in the report, take immediate steps if necessary to protect the vulnerable adult, and institute legal proceedings if appropriate. The law enforcement agency shall notify the department or the department's designee if such action is taken. 3. If the alleged vulnerable adult, or the caregiver, does not consent to an evaluation or investigation, a search warrant may be issued by a magistrate pursuant to law upon a showing of probable cause to believe that abuse or neglect has occurred. A law enforcement officer may make a reasonable entry of the premises without a search warrant or consent of the alleged vulnerable adult or caregiver for the purpose of rendering assistance if the officer has probable cause to believe that the delay of entry would cause the alleged vulnerable adult to be in imminent danger of serious physical injury or death.

SECTION 6. Provision of adult protective services. If the department or the department's designee determines that a vulnerable adult demonstrates a need for adult protective services, the department or the department's designee shall provide, or arrange for the provision of, adult protective services, provided the vulnerable adult consents to and accepts the services.

SECTION 8. Cost of adult protective services. The vulnerable adult is responsible for the costs of providing adult protective services, except the receipt, evaluation, and assessment of reports of suspected abuse or neglect pursuant to subdivision a of subsection 3 of section 1 of this Act, if the department or the department's designee determines, based on standards set by the department, that the vulnerable adult is financially capable of paying for the protective services received either through the vulnerable adult's own income or resources or other programs for which the vulnerable adult may be eligible. The department or the department's designee is not responsible for the cost of providing adult protective services unless the provision of the services is specifically provided by law and funding exists to provide the services.

SECTION 9. Immunity from liability. The following persons are immune from any civil or criminal liability that otherwise might result from the person's actions taken pursuant to this Act:

2. The employer of a person permitted to report pursuant to section 3 of this Act who retaliates against the person because of a report is liable to that person in a civil action for all damages.

4. If no hearing is requested and none is ordered by the commissioner, the summary order will automatically become a final order after thirty business days.
5. If a hearing is requested or ordered, the commissioner, after extending notice of an opportunity for hearing to all interested persons, may modify or vacate the order or extend it until final determination.

The lien attaches at the time the contributions, interest, or penalty becomes due, and continues until the liability is satisfied. To preserve the lien against subsequent mortgages, purchasers for value and without notice of the lien, judgment creditors, and lienholders, job service North Dakota shall file with the register of deeds, in the county in which the property is located, a notice of the lien. The lien is effective from the time of filing of the notice. The register of deeds shall preserve the notice and endorse on it the day, hour, and minute when it was received. The register of deeds shall index the notice of lien in an appropriate index book and record the notice of lien in the manner provided for recording real estate mortgages. The attorney general, upon request of job service North Dakota, may bring suit without bond, to foreclose the lien.

Whenever any employer, liable to pay contributions, interest, or penalty, fails to pay the same, job service North Dakota may file a certificate, specifying the amount of contributions, interest, and

penalty due and the name of the liable employer, with the clerk of district court in any county. The clerk shall enter and docket the certificate in the same manner as a judgment that directs the payment of money. The certificate has the force and effect of a judgment of the district court. The certificate is a lien on all the real property, except the homestead, of every person named, which the person may have in any county in which the certificate is docketed at the time of docketing or which the person thereafter acquires in the county, for ten years from the time of docketing. The certificate may be renewed in the same manner and with the same effect as a judgment that directs the payment of money. Execution of the certificate is issuable in the same manner as provided for execution of judgments. Job service North Dakota may proceed by garnishment to enforce the certificate in the same manner as a creditor is entitled to proceed by garnishment to enforce a judgment. Upon payment of the contributions, interest, penalty, and costs, job service North Dakota shall file with the clerk of court a satisfaction of the certificate. The clerk shall discharge the record in the same manner as judgments.

The foregoing remedies are cumulative and no action taken by job service may be construed to be an election to pursue any remedy to the exclusion of any other remedy provided by law.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. AMENDMENT. Subsection 1 of section 52-06-02 of the 1987 Supplement to the North Dakota Century Code is hereby amended and reenacted to read as follows:

This subsection does not apply if the bureau determines that the individual in an active claim filing status accepted work which the individual could have refused with good cause under section 52-06-36 and terminated such employment with the same good cause and within the first ten weeks after starting work.

This subsection does not apply if the individual left employment or remains away from employment following illness or injury upon a physician's written notice or order; no benefits may be paid under this exception unless the employee has notified the employer of the physician's requirement and has offered service for suitable work to the employer upon the individual's capability of returning to employment. This exception shall not apply unless the individual's capability of returning to employment and offer of service for suitable work to the employer occurs within sixty days of the last day of work. However, the cost of any benefits paid under this exception shall not be charged against the account of the employer from whom the individual became separated as a result of the illness or injury. The bureau may request and designate a licensed physician to provide a second opinion regarding the claimant's qualification; however, no individual shall be charged fees of any kind for the cost of such second opinion.

This subsection shall not apply if the individual left the most recent employment because of an injury or illness caused or aggravated by the employment; no benefits may be paid under this exception unless the individual leaves employment upon a physician's written notice or order, the individual has notified the employer of the physician's requirement, and there is no reasonable alternative but to leave employment.

For the purpose of this subsection, an individual who left the most recent employment in anticipation of discharge or layoff, must be deemed to have left employment voluntarily and without good cause attributable to the employer.

For the purpose of this subsection, "most recent employment" means employment with any employer for whom the claimant last worked and voluntarily quit without good cause attributable to the employer or with any employer, in insured work, for whom the claimant last worked and earned wages equal to or exceeding eight times his weekly benefit amount.

This subsection does not apply if the individual leaves work which is two hundred road miles [321.87 kilometers] or more, as measured on a one-way basis, from the individual's home to accept work which is less than two hundred road miles [321.87 kilometers] from the individual's home provided the work is a bona fide job offer with a reasonable expectation of continued employment.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. AMENDMENT. Section 54-27-19.1 of the 1987 Supplement to the North Dakota Century Code is hereby amended and reenacted to read as follows:

54-27-19.1. Township highway aid fund - Distribution. Notwithstanding any other provision of law, one cent per gallon [3.79 liters] of the tax imposed by sections 57-43.1-02 and 57-43.2-02 shall not be refunded and the proceeds shall be distributed as provided in this section. The tax commissioner shall transfer the proceeds of one cent per gallon [3.79 liters] of the tax imposed by sections 57-43.1-02 and 57-43.2-02 to the state treasurer who shall deposit the proceeds in a township highway aid fund in the state treasury. The state treasurer shall no less than quarterly allocate and distribute all moneys in the township highway aid fund to the counties of the state based on the length of township roads in each county compared to the length of all township roads in the state. To receive any funds under this section, organized townships must provide fifty percent matching funds. The county treasurer shall allocate the funds received to the organized townships in the county which provide fifty percent matching funds based on the length of township roads in each such organized township compared to the length of all township roads in the county. The funds received must be deposited in the township road and bridge fund and used for highway and bridge purposes. If a county has no organized townships, or has some organized and some unorganized townships, the county shall retain a pro rata portion of the funds received based on the length of roads in unorganized townships compared to the length of township roads in organized townships in the county. Moneys retained by a county for the benefit of unorganized townships under this section must be deposited in the county road and bridge fund. Moneys retained by the county treasurer due to the failure of organized townships to provide required matching funds must be returned to the state treasurer who shall deposit the funds in the highway tax distribution fund. The board of county commissioners shall certify to the state treasurer any change in township road mileage when a change occurs and shall, by July first of each even-numbered year, certify the total number of township road mileage in each of the county's organized and unorganized townships. The state treasurer shall prescribe the form and manner by which the certification is made.

SECTION 2. AMENDMENT. Section 57-51-14 of the North Dakota Century Code is hereby amended and reenacted to read as follows:

57-51-14. Duties of commissioner and state treasurer. It shall be the duty of the commissioner to deposit with the state treasurer all moneys collected by him under this chapter and to accompany each remittance, when possible, with a certificate showing the county where produced. The state treasurer, no less than quarterly, shall pay over to the county treasurers and city auditors of the several counties the moneys to which they are entitled hereunder.

SECTION 3. AMENDMENT. Subsection 3 of section 57-51-15 of the 1987 Supplement to the North Dakota Century Code is hereby amended and reenacted to read as follows:

3. Forty-five percent of all revenues as may by the legislative assembly be allocated to any county hereunder must be credited by the county treasurer to the county general fund. Thirty-five percent of all revenues allocated to any county must be apportioned by the county treasurer no less than quarterly to school districts within the county on the average daily attendance distribution basis, as certified to him by the county superintendent of schools. However, no school district may receive in any single academic year an amount under this subsection greater than the county average per-pupil cost multiplied by seventy percent, then multiplied by the number of pupils in average daily attendance or the number of children of school age in the school census for the county whichever is greater. Provided, however, that in any county in which the average daily attendance or the school census, whichever is greater, is fewer than four hundred, the county shall be entitled to one hundred twenty percent of the county average per-pupil cost multiplied by the number of pupils in average daily attendance or the number of children of school age in the school census for the county, whichever is greater. Once this level has been reached through distributions under this subsection, all excess funds to which the school district would be entitled as part of its thirty-five percent share must be deposited instead in the county general fund. The county superintendent of schools of each oil-producing county shall certify to the county treasurer by July first of each year the amount to which each school district is limited pursuant to this subsection. As used in this subsection, "average daily attendance" means the average daily attendance for the school year immediately preceding the certification by the county superintendent of schools required by this subsection. Twenty percent of all revenues allocated to any county hereunder must be paid no less than quarterly by the county state treasurer to the incorporated cities of the county based upon the population of each incorporated city according to the last official decennial federal census. However, no city may receive in any fiscal year an amount under this subsection greater than five hundred dollars per capita. Once this level has been reached through distributions under this subsection, all excess funds to which any city would be entitled except for this limitation must be deposited instead in the county that county's general fund. Provided, however, that in determining the population of any city in which total employment increases by more than two hundred percent seasonally due to tourism, the population of that city for purposes of determining

the per capita limitation in this section shall be increased by adding to the population of the city as determined by the last official decennial federal census a number to be determined as follows:

- a. Seasonal employees of state and federal tourist facilities within five miles [8.05 kilometers] of the city shall be included by adding the months all such employees were employed during the prior year and dividing by twelve.
- b. Seasonal employees of all private tourist facilities within the city and seasonal employees employed by the city shall be included by adding the months all such employees were employed during the prior year and dividing by twelve.
- c. The number of visitors to the tourist attraction within the city or within five miles [8.05 kilometers] of the city which draws the largest number of visitors annually shall be included by taking the smaller of either of the following:
 - (1) The total number of visitors to that tourist attraction the prior year divided by three hundred sixty-five; or
 - (2) Four hundred twenty.

* SECTION 4. AMENDMENT. Section 57-58-01 of the North Dakota Century Code is hereby amended and reenacted to read as follows:

57-58-01. Distribution to counties and local subdivisions. It is hereby provided that any political subdivision which has an existing bonded indebtedness for which a tax levy must be made in 1970 or any year thereafter, shall reduce its levy in each such year for current operating purposes by the amount which its tax levy on taxable property in that year for retirement of the bonded indebtedness is increased because of the exemption of personal property by subsection 25 of section 57-02-08. On or before February 1, 1971, the county auditor of each county shall certify to the state tax commissioner the total amount of taxes levied in the year 1968 for the state, county, cities, park boards, school districts, airport authorities, townships, and all other units of government having the authority to levy taxes, and levies voted by the people, new or present levies increased by legislative action of such county on those items of personal property exempt under the provisions of section 57-02-08, and, in addition, the total valuation of real estate and taxes levied on real estate for the year 1968. On or before June 1, 1980, and each year thereafter, the state tax commissioner shall certify for payment to the state treasurer an amount, for payment by the state treasurer to each chief county and city fiscal officer, determined to be due such county and city based upon the personal property taxes levied in the year 1968 for the political subdivisions herein mentioned on the items of personal property exempt from the personal property tax under the provisions of section 57-02-08, the per capita school tax under the provisions of former section 57-15-23, and the grain tax under the provisions of former chapter 57-03, together with any adjustments to be made in the manner hereinafter provided. Within sixty days after the receipt of the revenue as provided by this section, the county treasurer shall allocate and remit to the county, ~~cities~~ park boards, school districts, airport authorities, townships, and all other units of government having the authority to levy taxes that amount of revenue which is received

* NOTE: Section 57-58-01 was also amended by section 2 of House Bill No. 1018, chapter 17.

from the state in the same ratio as he would have distributed the revenue from the personal property tax, adjusting such amount by any increase or decrease in real property taxes as levied by each taxing authority according to the formula hereinafter provided. Any amount that would be apportioned and credited to the retirement of a bonded indebtedness existing in 1970 for which a tax levy was made in 1970 and in any year thereafter, shall be credited to the general fund of the political subdivision. In the years after 1971, payments to the counties under this section shall be made based upon ninety-five percent of such payment for 1971 together with a growth factor which shall be based upon the dollar amount of increase or decrease in real property taxes levied within each county. For each seven dollar increase in real property taxation within a county, the state shall contribute an additional one dollar over that amount which equal ninety-five percent of such payment in the base year. For each seven dollar decrease in real property taxation within a county, the state shall contribute one dollar less than that amount which equals ninety-five percent of such payment in the base year.

On or before June 1, 1980, and each year thereafter, the state tax commissioner shall certify to the state treasurer the amount determined to be due to the state based upon the personal property taxes levied in the year 1968 for the North Dakota state medical center. The amount so certified shall be computed in accordance with the formula provided in this section for computing the amounts to be certified and paid to the counties. The state treasurer upon receiving the certification from the tax commissioner shall transfer from the general fund to the credit of the North Dakota state medical center the amount so certified.

Any political subdivision which levied taxes on taxable property in the year 1970 for a specific fund or purpose for which a levy was not made by it in the year 1968 shall be entitled to a distribution of revenue from the state in the year 1971 for any such levy. The amount of such distribution shall be determined as follows: the county auditor shall certify to the state tax commissioner as soon as possible after March 30, 1971, the amount of each such levy made by and spread for each political subdivision on taxable real property in the county in the year 1970; the tax commissioner shall forthwith determine the correctness of such amounts and certify to the state treasurer for immediate payment to the county and cities an amount that is determined by dividing the total of such levies made and spread in 1970 on taxable real property in the county by the growth factor that is provided in the first paragraph of this section; the county treasurer within fifteen days after the receipt of such revenue from the state treasurer shall allocate and remit to each political subdivision its proportionate amount of that revenue.

If the classification of any property for taxation purposes is changed from real to personal property or from personal to real property because of legislative or judicial action, the county auditor of the county in which the property is located shall forthwith certify to the tax commissioner the amount of real estate taxes or personal property taxes that was levied on all such property by each taxing district in the year 1968 and in any other year thereafter that the tax commissioner may request. The tax commissioner, in determining the amount to be certified to the state treasurer for payment to the county political subdivisions pursuant to this section, shall adjust the amounts of taxes certified by the county auditor as levied on real property and on personal property in 1968 and in any other year as may be necessary by adding to or subtracting from each such amount the taxes on the reclassified property so that the distribution by the state to the county will be

determined as though such property had been taxed in 1968 and all later years in the classification into which it was reclassified.

SECTION 5. AMENDMENT. Section 57-60-14 of the 1987 Supplement to the North Dakota Century Code is hereby amended and reenacted to read as follows:

57-60-14. Allocation of revenue. The state treasurer shall no less than quarterly allocate all moneys received from all coal conversion facilities in each county pursuant to the provisions of this chapter and moneys received for those taxes for which a credit is allowed pursuant to section 57-60-06, notwithstanding the provisions of section 57-33.1-08, thirty-five percent to the county and sixty-five percent to the state general fund, except moneys received from the tax imposed by subsection 3 of section 57-60-02, which must be deposited in the state general fund.

SECTION 6. AMENDMENT. Section 57-60-15 of the North Dakota Century Code is hereby amended and reenacted to read as follows:

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. AMENDMENT. Section 54-52.1-02 of the 1987 Supplement to the North Dakota Century Code is hereby amended and reenacted to read as follows:

54-52.1-02. Uniform group insurance program created - Formation into subgroups. In order to promote the economy and efficiency of employment in the state's service, reduce personnel turnover, and offer an incentive to high-grade men and women to enter and remain in the service of state employment, there is hereby created a uniform group insurance program. The uniform group must be composed of eligible and retired employees, and be formed to provide hospital benefits coverage, medical benefits coverage, and life insurance benefits coverage in the manner set forth in this chapter. The uniform group may be divided into the following subgroups at the discretion of the board: ~~The subgroups may be established as follows:~~

1. ~~Active eligible employee group medical~~ Medical and hospital benefits coverage group consisting of active eligible employees and retired employees not eligible for medicare. In determining premiums for coverage under this subsection for active eligible employees, the total projected premium requirements of the entire subgroup must be reduced by the projected aggregate monthly credit toward hospital and medical benefits coverage allowed retired employees not eligible for medicare under section 5 of Senate Bill No. 2068 as approved by the fifty-first legislative assembly. The reduced premium requirements must then be divided by the number of subgroup members to determine the premiums for active eligible employees. Premiums for coverage under this subsection for retired employees not eligible for medicare must be calculated based on the projected premium requirements of the entire subgroup less the total projected premium income as determined under this subsection for active eligible employees.
2. Retired ~~eligible medicare-eligible~~ employee group medical and hospital benefits coverage.
3. Active eligible employee life insurance benefits coverage.

4. Retired ~~eligible~~ employee life insurance benefits coverage.
5. Terminated employee continuation group medical and hospital benefits coverage.

SECTION 3. LEGISLATIVE INTENT - POTENTIAL DEFICIENCY. The fifty-first legislative assembly recognizes that the recommended increase for health insurance premiums did not anticipate creating a single actuarial pool for the active employees and pre-medicare retirees as proposed in this Act. The legislative assembly also appreciates the difficulty in projecting the actual ending balance in the health insurance fund several months in advance of the end of the biennium and recognizes the possibility exists that sufficient funds may not be available in the health insurance fund to absorb the costs of implementing this Act. However, the legislative assembly understands that an equal probability exists that certain savings may occur that could provide sufficient resources for implementation of this Act. Therefore, it is the intent of the legislative assembly that existing appropriations should be utilized to implement the provisions of this Act. If sufficient funds are not available to fully defray the implementation costs for the biennium beginning July 1, 1989, and ending June 30, 1991, the public employees retirement system shall present a deficiency appropriation request to the fifty-second legislative assembly.

SECTION 5. Certification for leave to care for child, spouse, or parent.

1. If an employee requests family leave for a reason described in subdivision c of subsection 1 of section 2 of this Act or leave under section 3 of this Act, the employer may require the employee to provide certification, as described in subsection 2 of this section, from the provider of health care to the child, spouse, or parent.

 - c. If, during the family leave, the employer experiences a layoff and the employee would have lost a position had the employee not been on leave, pursuant to the good faith operation of a bona fide layoff and recall system, including a system under a collective bargaining agreement, the employee is not entitled to reinstatement in the former or equivalent position. In such circumstances, the employee retains all rights under the layoff and recall system, including a system under a collective bargaining agreement, as if the employee had not taken the leave.
2. If an employee on family leave requests a return to work before the end of the leave as scheduled, the employer shall place the employee in an employment position of the type described in subsection 1 within a reasonable time not exceeding the duration of the leave as scheduled.
3. No employer may, because an employee received family leave, reduce or deny an employment benefit that accrued to the employee before the employee's leave began or accrued after the employee's leave began. However, this Act does not entitle a returning employee to a right, employment benefit, or employment position to which the employee would not have been entitled had the employee not taken family leave or to the accrual of any seniority or employment benefit during a period of family leave, unless otherwise provided by a collective bargaining or other agreement between the employer and employee.

OPTIONAL PROPERTY TAX INCREASE AUTHORITY

AN ACT providing optional property tax levy increase authority of political subdivisions and providing limitations on that authority; and to provide an effective date and an expiration date.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. Protection of taxpayers and taxing districts. Each taxing district may levy the lesser of the amount in dollars as certified in the budget of the governing body, or the amount in dollars as allowed in this section, subject to the following:

1. No taxing district may levy more taxes expressed in dollars than the amounts allowed by this section.
2. For purposes of this section "base year" means the taxing district's taxable year with the highest amount levied in dollars in property taxes of the three taxable years immediately preceding the budget year and "budget year" means the taxing district's year for which the levy is being determined under this section.
3. A taxing district may elect to levy at most five percent more in the budget year than the amount levied in dollars in the base year. Any levy of a percentage increase under this section must be specifically approved by a resolution approved by the governing body of the taxing district. Before adding the increase, the dollar amount levied in the base year must be:
 - a. Reduced by an amount equal to the sum determined by the application of the base year's mill rate for that taxing district to the final base year taxable valuation of any property that is not included in the assessment for the budget year but was included in the assessment for the base year.
 - b. Increased by an amount equal to the sum determined by the application of the base year's mill rate for that taxing district to the final budget year taxable valuation of any property that was not included in the assessment for the base year but which is included in the assessment for the budget year.
 - c. Reduced to reflect expired temporary mill levy increases authorized by the electors of the taxing district.

4. A taxing district may levy an amount in dollars equal to the amount levied in any of the previous three years reduced to reflect expired temporary mill levy increases authorized by the electors of the taxing district and increased by an amount equal to the sum determined by the application of any unused mill levy authority from that year, which was authorized by law or by the electors of that taxing district but not levied for that year, to the budget year taxable valuation of the taxable property in that taxing district. A taxing district electing to increase its levy under this subsection may not add the percentage increase permitted by subsection 3 to the amount levied under this subsection.
5. In addition to any other increase under this section, a taxing district may increase its levy in dollars to reflect new or increased mill levies authorized by the legislative assembly or authorized by the electors of the taxing district.
6. BANK OF NORTH DAKOTA IN LIEU OF TAX PAYMENTS

AN ACT to provide for payments to political subdivisions from the board of university and school lands in lieu of property taxes for property obtained by the state of North Dakota as a result of foreclosure of a mortgage to the Bank of North Dakota; to provide an appropriation; and to provide an effective date.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. Definition. As used in this Act, unless the context or subject matter otherwise clearly indicates, "property subject to valuation" means real property owned by the board of university and school lands or by the state treasurer as trustee for the state of North Dakota, title to which was obtained after January 1, 1980, by foreclosure or deed in lieu of foreclosure of a mortgage given to the Bank of North Dakota, including a mortgage assigned to the state treasurer under section 54-30-02.

SECTION 2. Imposition of in lieu of tax payments. The board of university and school lands shall annually make payments, subject to legislative appropriations, to any county in which property subject to valuation is located. The payments are in lieu of ad valorem taxes that would be payable to the county if the real property for which the payments are made were not owned by the state. This chapter does not affect the provisions of chapter 57-29.

SECTION 3. Assessment of property - Notice to county auditors. All property subject to valuation must be assessed for the purpose of making the payments under section 2 of this Act, in the same manner as other real property in this state is assessed for tax purposes, except that improvements made to any real property after foreclosure may not be considered in the valuation. Before June thirtieth of each year the county auditor of any county in which property subject to valuation is located shall give written notice to the board of university and school lands and the state tax commissioner of the value placed by the county board of equalization upon each parcel of property subject to valuation in the county.

SECTION 4. Appearance before state board of equalization. The state board of equalization shall equalize the values placed upon property subject to valuation. Representatives of the board of university and school lands may appear before the state board of equalization to oppose unreasonable or unjust valuations placed upon property subject to valuation as equalized by the county board of equalization, or to oppose any change in valuations as proposed by the state board of equalization, to the end that all valuations of property subject to valuation may be uniform with valuations of comparable property throughout the state.

SECTION 5. Computation of payment - Remittance to counties. Upon receipt of the decision of the state board of equalization, the board of university and school lands shall compute the payments due to the counties in which property subject to valuation is located by extending the mill levies that apply to taxable property in the taxing districts in which the property is located in the same manner as is used for other taxable property in the taxing districts. After computing the payments due to each county, the board of university and school lands shall, within the limits of legislative appropriations, remit to the counties the amounts due on or before March first of the year following the year for which the assessments were made.

SECTION 6. Allocation of revenue within counties. The revenue to which taxing districts are entitled under this chapter must be determined according to the proportion that the taxing district's mill levy on other real property bears to the total mill levies of all taxing districts on other real property in the taxing districts in which the property subject to valuation is located. The revenue remaining after apportionment to the county shall be apportioned and distributed by the county treasurer among the various taxing districts in which the property for which payments are made is located. The amount of revenue allocated to each taxing district in which property subject to valuation is located shall be divided among the various funds of the district according to the proportion that the mill levy for any fund bears to the total of all mill levies of the taxing district.

SECTION 7. Appropriation. There is hereby appropriated to the board of university and school lands, as a standing and continuing appropriation from the lease rentals of property subject to valuation under this Act, the funds necessary to make the payments required by this Act.

Lien upon unpaid tax - Penalty - Interest.

1. Whenever a dealer liable to pay a tax or penalty imposed refuses or neglects to pay the tax or penalty, the amount, including any interest, penalty, or addition to the tax, together with the costs that may accrue in addition to the amount, are a lien in favor of the state of North Dakota upon all property and rights to property,

whether real or personal, belonging to the dealer. The lien attaches at the time the tax becomes due and payable and continues until the liability is satisfied.

The lien is preserved against subsequent mortgagees, purchasers, or judgment creditors, for value and without notice of the lien, and satisfied upon compliance with the procedures prescribed in sections 57-38-49 and 57-38-50.

2. The attorney general, upon the request of the tax commissioner, shall bring suit without bond, to enforce payment of any taxes, penalties, and interest and to foreclose any lien provided for in this chapter, and, in such action, the attorney general shall have the assistance of the state's attorney of the county in which the action is brought. The foregoing remedies of the state are cumulative and no action taken by the commissioner or attorney general may be construed to be an election on the part of the state or any of its officers to pursue any remedy to the exclusion of any other remedy provided by law for the enforcement or collection of tax, penalty, or interest.

Confidential nature of information.

1. Disclosure prohibited. Notwithstanding any law to the contrary, neither the commissioner nor a public employee may reveal facts contained in a report or return required by this chapter or any information obtained from a dealer; nor can any information contained in such a report or return obtained from a dealer be used against the dealer in any criminal proceeding, unless independently obtained, except in connection with a proceeding involving taxes or penalties due under this chapter from the dealer.

This provision may not be construed to prohibit the inspection by the attorney general or other legal representatives of the state of the report, return, or other information of, or regarding, a dealer who brings an action to set aside or review the tax, penalty, or interest based thereon, or against whom an action or proceeding has been instituted to recover any tax, penalty, or interest imposed by this chapter.

2. Penalty for disclosure. Any person violating this section is guilty of a class A misdemeanor.
3. Statistics. This section does not prohibit the commissioner from publishing statistics that do not disclose the identity of dealers or the contents of particular returns or reports.

Investigatory powers. For the purpose of determining the correctness of any return, determining the amount of tax that should have been paid, determining whether or not the dealer should have made a return or paid taxes, or collecting any taxes under this chapter, the commissioner may examine, or cause to be examined, any books, papers, records, or memoranda, that may be relevant to making such determinations, whether the books, papers, records, or memoranda, are the property of or in the possession of the dealer or another person. The commissioner may require the attendance of any person having knowledge or information that may be relevant, compel the production of books, papers, records, or memoranda by persons required to

attend, take testimony on matters material to the determination, and administer oaths or affirmations. Upon demand of the commissioner or any examiner or investigator, the district court shall issue a subpoena for the attendance of a witness or the production of books, papers, records, and memoranda. The commissioner may also issue subpoenas. Disobedience of subpoenas issued under this chapter is punishable by the district court of the district in which the subpoena is issued, or, if the subpoena is issued by the commissioner, by the district court of the district in which the party served with the subpoena is located, in the same manner as contempt of court.

Controlled substances not subject to assessment of tax. Marijuana or other controlled substances seized or obtained by a law enforcement agent or a person acting at the direction of such agent shall not be subject to assessment of tax under this chapter if such marijuana or other controlled substances were illegally seized or obtained and would not be admissible in evidence against the dealer in a criminal prosecution for their possession.

57-39.3-02. Rate of in lieu fee. The in lieu fee is imposed at a rate calculated annually by the tax commissioner. The rate is calculated by dividing the total local option sales and use tax revenues collected pursuant to sections 11-09.1-05 and 40-05.1-06 in the recent fiscal year by total state sales and use tax revenues collected pursuant to sections 57-39.2-02.1 and 57-40.2-02.1, and then multiplying the resulting quotient by the sales and use tax rate established in sections 57-39.3-02.1 and 57-40.2-02.1, and rounding the resulting product to the nearest twenty-five hundredths percent.

57-39.3-03. Election to collect actual tax. Any person required to collect and pay the in lieu fee imposed in section 57-39.3-01 may elect, on an annual basis, to collect and pay the local sales and use tax imposed in each political subdivision pursuant to sections 11-09.1-05 and 40-05.1-06.

57-39.3-04. Filing of returns and payment of tax. The person paying either the in lieu fee pursuant to section 57-39.3-01 or the local sales tax pursuant to section 57-39.3-03 must file returns and pay the tax due on the same date required by the sales and use tax imposed pursuant to sections 57-39.2-02.1 and 57-40.2-02.1, unless federal law requires a less frequent schedule. If federal law specifies a less frequent schedule, the tax commissioner shall adopt rules necessary to conform the filing and payment schedule to federal law. The returns must include such information as the tax commissioner may require consistent with federal law.

57-39.3-05. Administration. The provisions of chapter 57-39.2, pertaining to the administration of the retail sales tax, including provisions for refund, credits, or adoption of rules, not in conflict with this chapter or federal law, govern the administration of the in lieu fee imposed in this chapter.

57-39.3-06. Distribution of revenues. The tax commissioner shall deposit all moneys collected and received under this chapter with the state treasurer and shall certify to the treasurer, on a schedule consistent with federal law, the distribution of the in lieu fees collected pursuant to section 57-39.3-01 to the political subdivisions imposing a sales and use tax pursuant to sections 11-09.1-05 and 40-05.1-06. The distribution is based on the proportion that the political subdivision's sales and use tax receipts bears to the total sales and use tax receipts collected by political subdivisions pursuant to sections 11-09.1-05 and 40-05.1-06. The calculations are based on data for the most recent fiscal year. The state treasurer must make the distributions on a schedule consistent with federal law.

HOUSE BILL NO. 1499
(Representatives Huether, Gerntholz, Graba)
(Senator Stromme)

MANUFACTURING EQUIPMENT SALES TAX REDUCTION

AN ACT to create and enact a new section to chapter 57-39.2 and a new section to chapter 57-40.2 of the North Dakota Century Code, relating to a reduced sales and use tax rate for manufacturing equipment purchased by a new or expanding business; and to amend and reenact section 57-40.2-02.1 of the North Dakota Century Code, relating to a reduced use tax rate for manufacturing equipment purchased by a new business.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. A new section to chapter 57-39.2 of the North Dakota Century Code is hereby created and enacted to read as follows:

Reduced rate for manufacturing machinery and equipment.

1. Sales of machinery or equipment used directly in manufacturing of tangible personal property for wholesale, retail, or lease is subject to the tax at the rate of three percent of the purchase price. To qualify for the reduction, the machinery or equipment must be used in a new manufacturing plant or in expansion of an existing manufacturing plant. Expansion of a manufacturing plant occurs when the purchase of machinery or equipment results in either a physical expansion or economic expansion of the plant. An economic expansion is accomplished by increasing production volume, employment, or the number of different types of products which can be manufactured. Machinery or equipment purchased to replace existing machinery or equipment does not qualify for the tax reduction, unless the purchase price of the replacement machinery or equipment results in either a physical expansion or an economic expansion of the plant.
2. To receive the reduced rate at the time of purchase, the manufacturer must receive, from the commissioner, a certificate that the machinery or equipment the manufacturer intends to purchase qualifies for the reduced rate. If a certificate is not received prior to the purchase, the manufacturer shall pay the six percent sales tax rate and apply to the commissioner for a refund.
3. In the event the machinery or equipment is purchased or installed by a contractor subject to tax imposed by this chapter, the manufacturer shall apply for a refund of the difference between the amount remitted by the contractor and the reduced rate imposed by this section.
4. For purposes of this section the following definitions apply:

- a. "Equipment" means any tangible personal property other than machinery used directly in the manufacturing process.
- b. "Machinery" means mechanical devices purchased or constructed by the manufacturer or its agent and used directly in the manufacturing process. Machinery includes electrical, mechanical, and electronic components which are part of machinery and necessary for a machine to produce its effect or result.
- c. The terms "machinery" and "equipment" do not include handtools, buildings, transportation equipment not directly used in manufacturing, office machines and equipment, machines and equipment used in administrative accounting sales or other businesses, or any other equipment or machinery not used directly and solely in manufacturing.
- d. "Manufacturing", in addition to the meaning ordinarily ascribed to it, means the processing of agricultural products, including registered and certified seed, but does not include mining, refining, extracting oil and gas, or the generation of electricity.
- e. "Used directly" means used solely in the actual production during processing, fabrication or assembly of raw materials, or partially finished materials into the form in which the product is finalized, packaged, and ready for market. It also means:
 - (1) To effect a direct and immediate physical change upon the tangible personal property.
 - (2) To guide or measure a direct and immediate physical change upon the property where the function is an integral and essential part of tuning, verifying, or aligning the component parts of the tangible personal property.
 - (3) To test or measure the property on the production line or at a site in the immediate location of production.
 - (4) To transport, convey, or handle the tangible personal property during the manufacturing.
 - (5) To package the product for sale and shipment.

SECTION 2. A new section to chapter 57-40.2 of the North Dakota Century Code is hereby created and enacted to read as follows:

Reduced rate for manufacturing machinery and equipment.

1. Sales of machinery or equipment used directly in manufacturing of tangible personal property for wholesale, retail, or lease is subject to the tax at the rate of three percent of the purchase price. To qualify for the reduction, the machinery or equipment must be used in a new manufacturing plant or in expansion of an existing manufacturing plant. Expansion of a manufacturing plant occurs when the purchase of machinery or equipment results in either a physical expansion or economic expansion of the plant. An

economic expansion is accomplished by increasing production volume, employment, or the number of different types of products which can be manufactured. Machinery or equipment purchased to replace existing machinery or equipment does not qualify for the tax reduction, unless the purchase price of the replacement machinery or equipment results in either a physical expansion or an economic expansion of the plant.

2. To receive the reduced rate at the time of purchase, the manufacturer must receive, from the commissioner, a certificate that the machinery or equipment the manufacturer intends to purchase qualifies for the reduced rate. If a certificate is not received prior to the purchase, the manufacturer must pay the six percent sales tax rate and apply to the commissioner for a refund.
3. In the event the machinery or equipment is purchased or installed by a contractor subject to tax imposed by this chapter, the manufacturer must apply for a refund of the difference between the amount remitted by the contractor and the reduced rate imposed by this section.
4. For purposes of this section the following definitions apply:
 - a. "Equipment" means any tangible personal property other than machinery used directly in the manufacturing process.
 - b. "Machinery" means mechanical devices purchased or constructed by the manufacturer or its agent and used directly in the manufacturing process. BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. AMENDMENT. Section 57-43.2-03 of the 1987 Supplement to the North Dakota Century Code is hereby amended and reenacted to read as follows:

57-43.2-03. Tax levied. A special excise tax of two percent is imposed on all sales of special ~~fuel~~ fuels, which are exempted from the tax imposed under section 57-43.2-02 ~~to a special fuel user and on all sales of special fuels which are taxed under this chapter if that tax is later refunded to a special fuel user~~, if the special fuels are sold to a special fuels user in this state, and the same rate of tax is imposed if the special fuel is imported for use in this state by a special fuels user. The rate applies to the sale price of the special fuels less any discounts for any purposes allowed and taken on the sales. The tax levied under this section does not apply to state or political subdivisions when that fuel is used for purposes set forth in section 57-43.1-08. The special excise tax applies to all sales of special fuels taxed under section 57-43.2-02 for which taxes are later refunded to a special fuels user. For purposes of this section, "use" means the consumption of fuel for heating, agricultural, or railroad purposes, or for industrial purposes other than in the performance of a contract with any unit of government. If any fuel subject to tax by this section was subject to tax in any other state or its political subdivisions, the tax in this section applies but at a rate measured by the difference between the rate imposed in this section and the rate imposed by the other state or its political subdivisions. If the tax imposed by the other state or its political subdivisions is the same or greater than the tax imposed by this section, no tax is due. The provisions for credit in this section apply only if the other state or its political subdivisions allow a credit with respect to the tax imposed by this section which is substantially similar in effect to the credit provided in this section.

SECTION 2. AMENDMENT. Section 57-43.2-04 of the North Dakota Century Code is hereby amended and reenacted to read as follows:

57-43.2-04. Collection and payment of tax. The tax imposed by section 57-43.2-03 attaches at the time of sale of any special fuel by a special fuel dealer to a special fuel user. The tax imposed by section 57-43.2-03 on special fuels imported for use in this state attaches when the fuel is used in this state. The special fuel dealer shall collect the tax from the special fuel user and pay the tax to the commissioner as provided in this

chapter unless the tax is collected as provided in section 57-43.2-02 if the tax imposed by that section was paid to the commissioner and refunded to the special fuel user. If the tax imposed by section 57-43.2-02 was paid by a special fuels user and the special fuel was used for an exempt purpose, the tax must be refunded by the tax commissioner and the tax imposed by section 57-43.2-03 must be deducted from the refund. The tax imposed by section 57-43.2-03 on special fuels imported for use in the state by a special fuels user will be collected directly by the tax commissioner.

1. It is the determination of the legislative assembly that the federal funds for the administration and implementation of the federal wastewater construction grants program will decline within the years to come, thereby decreasing the amount of funds that the state will have to operate and carry out the functions that it has been assigned to accomplish. In order to continue to provide funds to political subdivisions for the planning, design, construction, and rehabilitation of wastewater treatment facilities, and other lawful activities connected with this program, it is the purpose of this section to provide for the establishment of a revolving loan fund to be capitalized by federal grants, matching state funds when required, and by any other funds generated by the operation of the revolving loan fund.

Grants from the federal government or its agencies allotted to the state for the capitalization of the revolving loan fund, and state matching funds when required, must be deposited directly in the revolving loan fund in compliance with the terms of the federal grant. Money in the revolving loan fund must be expended in a manner consistent with terms and conditions of the grants received by the state and may be used to offer loan guarantees; to provide payments to reduce interest on loans and loan guarantees; to make bond interest subsidies; to provide bond guarantees on behalf of municipalities, other local political subdivisions, and intermunicipal or interstate agencies; to provide assistance to a

municipality, other local political subdivisions, or intermunicipal or interstate agencies with respect to the nonfederal share of the costs of a project; to finance the cost of facility planning and the preparation of plans, specifications, and estimates for construction of publicly owned treatment works; to provide financial assistance for the construction and rehabilitation of a project on the state priority list; to secure principal and interest on bonds issued by a public trust having the state of North Dakota as its beneficiary, or the North Dakota municipal bond bank if the proceeds of such bonds are deposited in the revolving loan fund and to the extent provided in the terms of the federal grant; to provide for loan guarantees for similar revolving funds established by municipalities, other local political subdivisions, or intermunicipal agencies; to purchase debt incurred by municipalities or other local political subdivisions for wastewater treatment projects; to improve credit market access by guaranteeing or purchasing insurance or other credit enhancement devices for local obligations or obligations of a public trust having the state of North Dakota as its beneficiary or the North Dakota municipal bond bank; to fund other programs which the federal government authorizes by the terms of its grants; to fund the administrative expenses of the state department of health and consolidated laboratories associated with the revolving loan fund; and to provide for any other expenditure consistent with the federal grant program and state law. Money not currently needed for the operation of the revolving loan fund or otherwise dedicated may be invested. All interest earned on investments must be credited to the revolving loan fund.

3. 1. "Adopted" or "adoption" refers only to a legal adoption effected prior to the time of the injury.
2. "Artificial members" includes only such devices as are substitutes for, and not mere aids to, a natural part, organ, limb, or other part of the body. Eyeglasses or contact lenses are not artificial members unless the eye is, or eyes are, injured as a result of a compensable injury, and such injury causes a change in sight which requires fitting of eyeglasses or contact lenses not previously worn by the injured worker, or requires a change in existing prescription.
3. "Artificial replacements" means mechanical aids including braces, belts, casts, or crutches as may be reasonable and necessary due to compensable injury. The term does not include:
 - a. Personal items that are for the injured employee's personal use or hygiene, including hand massages, toothbrushes, slippers, shampoo, and soap;
 - b. Any product or item such as clothing or footwear unless the items are considered orthopedic devices and are prescribed by the treating doctor or health care provider;
 - c. All items of furniture except hospital beds, shower stools, wheelchairs, or whirlpools if prescribed by the treating doctor or health care provider;

* NOTE: Section 65-01-02 was also amended by section 74 of Senate Bill No. 2056, chapter 69, and section 4 of Senate Bill No. 2324, chapter 295.

 - g. Memberships or monthly dues to health clubs, unless the bureau orders otherwise;

4. "Average weekly wage in the state" means the determination made of the average weekly wage in the state by job service North Dakota on or before July first of each year, computed to the next highest dollar.
- ~~4-~~ 5. "Brother" and "sister" includes a stepbrother and a stepsister, a half brother and a half sister, and a brother and sister by adoption, but such terms shall not include a married brother or sister unless he or she actually is dependent.
- ~~5-~~ 6. "Bureau" means the North Dakota workers compensation bureau, or any director, departments heads, assistants, or employees designated by the commissioners, to act within the course and scope of their employment in administering the policies, powers, and duties of this title.
- ~~6-~~ 7. "Child" means a child under eighteen years of age residing in the employee's household or to whom the employee has a legal obligation of support; or a child eighteen years of age or over and physically or mentally incapable of self-support who is actually dependent upon the employee for support; or any child between eighteen and twenty-two years of age who is enrolled as a full-time student in any accredited educational institution who is actually dependent upon the employee for support. This term includes a legitimate child, a stepchild, adopted child, posthumous child, foster child, and acknowledged illegitimate child, but shall not include a married child unless actually dependent.
- ~~7-~~ 8. "Compensable injury" means an injury by accident arising out of and in the course of employment including an injury caused by the willful act of a third person directed against an employee because of his employment; but such term shall not include an injury caused

by the employee's willful intention to injure himself or to injure another; nor any injury received because of the use of narcotics or intoxicants while in the course of the employment. If an injury is due to heart attack or stroke, such heart attack or stroke must be causally related to the worker's employment, with reasonable medical certainty, and must have been precipitated by unusual stress.

a. Such The term "compensable injury", in addition to an injury by accident, includes:

- a- (1) Any disease which can be fairly traceable to the employment. Ordinary diseases of life to which the general public outside of the employment is exposed shall not be compensable except where the disease follows as an incident to, and in its inception is caused by a hazard to which an employee is subjected in the course of his employment. The disease must be incidental to the character of the business and not independent of the relation of employer and employee. The disease includes impairment and effects from radiation fairly traceable to the employment. It need not have been foreseen or expected, but after it is contracted, it must appear to have had its origin in a risk connected with the employment and to have flowed from that source as a rational consequence. However, preventative treatment for communicable diseases is not compensable under this title.
- b- (2) An injury to artificial members.
- (3) Injuries due to heart attack, stroke, and mental injury precipitated by mental stimulus, which must be causally related to the worker's employment, with reasonable medical certainty, and which must have been precipitated by unusual stress.

- (5) An injury caused by the willful act of a third person directed against an employee because of the employee's employment.

- (1) An injury caused by the employee's willful intention to injure or kill himself, herself, or another, which includes those instances where the injury or aggravation thereof results from the employee's suicide or attempted suicide.
- (2) Any injury caused by the use of narcotics or intoxicants.
- (3) An injury that arises out of an altercation in which the injured employee is the initial physical aggressor.

- (4) An injury that arises out of the commission of an illegal act by the injured employee.
- (5) An injury that arises out of an employee's purely voluntary nonpaid participation in any recreational activity, including athletic events, parties, and picnics, even though the employer pays some or all of the cost of the activity.
- (6) Injuries attributable to a preexisting injury, disease, or condition which clearly manifested itself prior to the compensable injury. This does not prevent compensation where employment substantially aggravates and acts upon an underlying condition, substantially worsening its severity, or where employment substantially accelerates the progression of an underlying condition. However, it is insufficient to afford compensation under this title solely because the employment acted as a trigger to produce symptoms in a latent and underlying condition if the underlying condition would likely have progressed similarly in the absence of such employment trigger, unless the employment trigger is also deemed a substantial aggravating or accelerating factor. An underlying condition is preexisting injury, disease, or infirmity.
- (7) A nonemployment injury that, although acting upon a prior compensable injury, is established as an independent intervening cause of injury.
- (8) A mental or emotional injury arising principally out of a bona fide personnel action, including a transfer, promotion, demotion, or termination except such action that is the intentional infliction of emotional harm.

As used in this subdivision, an occupational cancer is one which arises out of employment as a full-time paid fireman and is due to injury due to exposure to smoke, fumes, or carcinogenic, poisonous, toxic, or chemical substances while in the performance of active duty as a full-time paid fireman. A full-time paid fireman or law enforcement officer is not eligible for the benefit provided under this subdivision unless that full-time paid fireman or law enforcement officer has completed two years of continuous service and has successfully passed a physical examination which fails to reveal any evidence of such a condition.

22. For loss of second or distal phalanx of great toe	18 weeks.
23. For loss of any other toe	12 weeks.
24. For loss of middle or second phalanx of any other toe	10 weeks.
25. For loss of third or distal phalanx of any other toe	7 weeks.
26. For loss of an eye	150 weeks.
27. For loss of hearing in one ear	50 weeks.

Twenty-five percent additional shall be allowed as compensation for the loss of use of the master hand or any member or members thereof. The loss of any part of a phalanx shall be considered equal to the loss of the entire phalanx. If any employee dies from some independent cause, the right of any compensation payable under section 65-05-12 or this section, unpaid at the date of his death, shall survive and pass to his dependent spouse, minor children, parents, or his estate and in that order named. Wherever possible, an impairment award must be made under the terms of this section.

Recovery under this section shall bar an additional award of permanent impairment for the same injury, as elsewhere provided in this chapter. If a compensable injury causes an impairment under this section, and also causes impairment to a part of the body which cannot be compensated under the terms of this section, a whole body award may be made under section 65-05-12 if such award is not duplicative.

An impairment award made by the bureau in the past under this section or section 65-05-12 must be deducted from a subsequent impairment award for injury to the same part of the body.

65-05-01. Claims for compensation - When and where filed. All original claims for compensation shall be filed by the injured worker, or someone on the injured worker's behalf, within one year after the injury or within two years after the death. The date of injury for purposes of this section shall be the actual date of injury when such can be determined with certainty by the claimant and bureau. When the actual date of injury cannot be determined with certainty the date of injury shall be the first date that a reasonable person knew or should have known that the injury was related to employment. No compensation or benefits shall be allowed under the provisions of this title to any person, except as provided in section

* NOTE: Section 65-02-06 was also amended by section 9 of Senate Bill No. 2324, chapter 295.

For any reasonable cause shown, the bureau may waive the provisions of this section.

** SECTION 4. AMENDMENT. Section 65-05-09.1 of the North Dakota Century Code is hereby amended and reenacted to read as follows:

65-05-09.1. Social security offset. When an injured employee, spouse or dependent of an injured employee, is eligible for and is receiving permanent total or temporary total disability benefits under section 65-05-09, and is also eligible for, is receiving, or will receive, benefits under Title II of the Social Security Act [42 U.S.C. 423], the aggregate benefits payable under section 65-05-09 shall be reduced, but not below zero, by an amount equal as nearly as practical to one-half of such federal benefit. The federal benefit, or primary insurance amount, must be determined by the social security administration. The amount to be offset must equal the primary insurance amount less attorneys' fees and costs withheld from past due social security benefits or paid directly by the claimant for representation before the social security administration. The amount of the offset computed by the bureau initially will remain the same throughout the period of eligibility and will not be affected by any increase or decrease in federal benefits.

Any injured employee, or dependent of an injured employee, receiving permanent total or temporary total disability benefits under section 65-05-09 and whose benefits are offset as provided herein, shall not be eligible for any escalation of benefits which would adversely affect the bureau's right to offset ~~workmen's~~ workers' compensation benefits against social security benefits, as provided for in this chapter. This offset will become effective on January 1, 1980, provided that it meets the criteria necessary to allow states to offset federal benefits under Title II of the Social Security Act [42 U.S.C. 424a]. Providing further that:

1. If the receipt of social security benefits results in an overpayment of temporary or permanent total disability benefits by the bureau, a refund of any overpayment must be made by the injured worker or that overpayment must be taken from future temporary

* NOTE: Section 65-05-02 was also amended by section 2 of Senate Bill No. 2256, chapter 765.

total or permanent total disability benefits or permanent partial impairment awards, on the current claim or any future claim filed, at a recovery rate to be determined by the bureau.

2. If a claim has been accepted on an aggravation basis and the injured worker is eligible for social security benefits, the bureau's offset must be proportionally calculated.
3. If any person described in this section refuses to authorize the release of information concerning the amount of benefits payable under the Social Security Act, the bureau's estimate of the amount is deemed to be correct until the actual amount is established and no adjustment may be made for any period of time covered by the refusal.

SECTION 5. AMENDMENT. Section 65-05-15 of the North Dakota Century Code is hereby amended and reenacted to read as follows:

65-05-15. Aggravation of injury or disease - Compensation and benefits not paid for preexisting condition awards. Compensation shall not be paid for any condition which existed prior to the happening of a compensable injury nor for any disability chargeable to such condition. In case of aggravation of a condition existing prior to a compensable injury and in case of the aggravation of a compensable injury by a nonemployment injury, compensation, medical or hospital expenses, or death benefits, shall be allowed by the bureau and paid from the fund only for such proportion of the disability, death benefits, or expense arising from the aggravation of such prior condition as reasonably may be attributable to such compensable injury. If the degree of aggravation cannot be determined, the percentage award shall be fifty percent of total benefits recoverable if one hundred percent of the injury had been the result of employment. But any compensation paid on the basis of aggravation shall not be less than ten dollars per week unless the actual wages of claimant shall be less than ten dollars, in which event the actual wages shall be paid in compensation. However, in case of death due to an employment-aggravated condition, burial expenses and special benefits shall be paid in full pursuant to sections 65-05-17 and 65-05-26. The bureau shall calculate an aggravation award in case of aggravation of a preexisting condition, disease, or infirmity by a compensable injury, and in case of aggravation of a compensable injury by a nonemployment injury, on the following terms:

1. A "preexisting condition" means disability or impairment known in advance of the work injury. It is sufficient to invoke the aggravation statute if the preexisting condition is active at the time of the work injury, evidenced by work restriction (active disability) or interference with function (active impairment).
2. In cases of preexisting condition, aggravated by compensable injury, the bureau shall pay medical expense to treat the acute injury in full. If evidence establishes that the preexisting condition has combined with the work injury, and will necessitate further treatment beyond the acute stage, an aggravation award may be invoked as to the remainder of the medical expense award.

Likewise, the bureau shall pay temporary total disability to the worker, during the acute disability phase, in full. When the worker reaches maximum medical recovery, and is awarded permanent

partial impairment, partial disability, permanent total disability, or vocational retraining services, and the evidence establishes that the preexisting condition has combined with the work injury to produce the continuing disability, an aggravation award may be invoked.

3. In case of aggravation of a prior compensable injury by a nonemployment injury, the aggravation statute may be invoked where the nonemployment injury acts upon the prior compensable injury, and substantially contributes to the severity, acceleration, or progression of the final result, or, if it acts as a trigger to produce recurrent symptoms, and the trigger is itself a substantial aggravating or accelerating factor. All benefits may be apportioned when the aggravation statute is invoked under this subsection. The aggravation statute may not be invoked if the result is but a natural progression of the compensable injury.
4. The bureau shall determine the aggravation award based upon all evidence, as reasonably establishes the proportion or percentage of cause as is reasonably attributable to the compensable injury. If the degree of aggravation cannot be determined, the percentage award must be fifty percent of the total benefits recoverable if one hundred percent of the injury had been the result of employment.
5. Compensation paid on the basis of aggravation may not be less than ten dollars per week unless the actual wages of the claimant were less than ten dollars, in which event the actual wages must be paid in compensation. In case of death due to an employment aggravation condition, burial expenses and special benefits must be paid in full under sections 65-05-17 and 65-05-26. Dependency allowance may not be reduced by the percentage of aggravation and must be paid in full under section 65-05-09.

* SECTION 6. AMENDMENT. Section 65-05-17 of the 1987 Supplement to the North Dakota Century Code is hereby amended and reenacted to read as follows:

65-05-17. Weekly compensation allowances for death claims. If death results from an injury under the conditions specified in section 65-05-16, the fund shall pay to the following persons, for the periods specified, a weekly compensation:

1. To the spouse or guardian of the orphaned child or children of the decedent, an amount equal to sixty-six and two-thirds percent of the weekly wage of the deceased, at the bureau's benefit rate in effect on the date of death, and not to exceed two hundred ten dollars per week. These benefits continue until the death or remarriage of the spouse; or, in the case of a guardian, until the orphaned child or children of the decedent no longer meets the definition of child in this title. Where there is more than one orphaned child of a decedent, death benefits must be divided equally among guardians. In no case may total death benefits be less than fifty percent of the maximum weekly death benefits. In no case may total death benefits exceed one hundred ninety-seven thousand dollars as a result of any employee's death.

* NOTE: Section 65-05-17 was also amended by section 15 of Senate Bill No. 2324, chapter 295.

2. To each child of the deceased employee, the amount of seven ten dollars per week for each child. This rate must be paid to each eligible child regardless of the date of death. The bureau, in its discretion, may make this payment directly to the child of the deceased employee or to the surviving parent or guardian of the child. Dependency allowance may not be reduced by the percentage of aggravation and must be paid in full.
3. In addition to the awards herein, the commissioners shall make an award in the sum of three hundred dollars to the spouse or guardian of the orphaned child or children of the deceased and one hundred dollars for each dependent child. Where there is more than one guardian of orphaned children, the three hundred dollars must be divided equally among the guardians.

SECTION 7. AMENDMENT. Section 65-05-25 of the North Dakota Century Code is hereby amended and reenacted to read as follows:

65-05-25. Lump sum settlement - Granted in discretion of bureau - How computed. The bureau, if it determines it is in the best interest of the claimant, may pay a lump sum equal to the present value of all future payments of compensation or a lump sum stipulated to by the claimant after an opportunity to seek legal counsel. The bureau and the claimant, after an opportunity to seek legal counsel, may compromise to resolve a disputed claim. The contract of settlement made is enforceable by the parties. The probability of the beneficiary's or claimant's death before the expiration of the period during which he is entitled to compensation shall be determined by reference to generally accepted mortality studies. In case of the spouse of a deceased employee, the lump sum shall not exceed compensation for four hundred sixteen weeks and the probability of the happening of any other contingency affecting the amount or duration of the compensation shall be disregarded. If at the expiration of a period for which lump sum settlement was made hereunder the claimant is still alive and has not remarried, the bureau, in its discretion, may again assume liability and resume pension payments. The bureau may also grant a partial lump sum settlement, based upon the same computations as the complete lump sum. Any decision of the bureau rendered under this section may be appealed to the district court as provided for in chapter 65-10, and the district court shall render its decision sustaining the decision of the bureau, reversing it, or remanding it back to the bureau with instructions.

* SECTION 8. AMENDMENT. Section 65-05-28 of the North Dakota Century Code is hereby amended and reenacted to read as follows:

65-05-28. Examination of injured employee - Paid expenses - No compensation paid if claimant refuses to reasonably participate. After suffering an injury, an employee, as frequently and at such times and places as reasonably may be required, shall submit himself to examination by a duly qualified physician designated or approved by the bureau. The employee may have a duly qualified physician designated and paid by him present to participate in such examination. In case of any disagreement between physicians making an examination on the part of the bureau and the employee's physician, the bureau shall appoint an impartial physician duly qualified who shall make an examination and shall report thereon to the bureau. The employee, in the discretion of the bureau, may be paid his reasonable traveling and other expenses and loss of wages incurred in submitting to any such examination. If the employee refuses to submit himself for, or in any

* NOTE: Section 65-05-28 was also amended by section 6 of Senate Bill No. 2256, chapter 765.

way obstructs, any examination, or refuses reasonably to participate in medical treatments, his right to claim compensation under this title shall be suspended until such refusal or obstruction ceases. No compensation shall be payable while such refusal or obstruction continues, and the period of such refusal or obstruction shall be deducted from the period for which compensation is payable to him. Every employee who sustains an injury may select a physician of that employee's choice to render initial treatment. An injured employee shall follow the directives of that employee's physician or health care provider, and comply with all reasonable requests during the time the employee is under medical care. Providing further that:

1. No employee may change from one physician to another while under treatment or after being released, without the prior written authorization of the bureau. Failure to obtain approval of the bureau renders the employee liable for the cost of treatment and the new physician will not be considered the attending physician for purposes of certifying temporary disability.
 - a. Any employee requesting a change of physician shall file a written request with the bureau stating all reasons for the change. Upon receipt of the request, the bureau will review the employee's case and approve or deny the change of physician, notifying the employee and the requested physician.
 - b. Emergency care or treatment or referral by the attending physician does not constitute a change of physician and does not require prior approval of the bureau.
2. Travel and other personal reimbursement for seeking and obtaining medical care is paid only upon request of the injured employee. All claims for reimbursement must be supported by the original vendor receipt and must be submitted within one year of the date the expense was incurred or reimbursement must be denied. Reimbursement must be made at the bureau reimbursement rates in effect on the date of incurred travel or expense. Mileage calculations must be based upon the atlas or map mileage from city limit to city limit and do not include intracity mileage. Providing further that:
 - a. No payment for mileage or other travel expenses may be made when the distance traveled is less than fifty miles [80.47 kilometers] one way, unless the total mileage equals or exceeds two hundred miles [321.87 kilometers] in a calendar month;
 - b. All travel reimbursements are payable at the rates at which state employees are paid per diem and mileage, except that the bureau may pay no more than actual cost of meals and lodging, if actual cost is less;
 - c. Reimbursement may not be paid for travel other than that necessary to obtain the closest available medical or hospital care needed for the injury. If the injured employee chooses to seek medical treatment outside a local area where care is available, travel reimbursement may be denied;
 - d. Reimbursement may not be paid for the travel and associated expenses incurred by the injured employee's spouse, children,

or other persons unless the employee's injury prevents travel alone and the inability is medically substantiated; and

- e. Other expenses, including telephone calls and car rentals are not reimbursable expenses.
- 3. The bureau may at any time require an employee to submit to an independent medical examination by a duly qualified physician or physicians designated or approved by the bureau. The independent medical examination must be for the purpose of review of the diagnosis, prognosis, treatment, or fees. The employee may have a duly qualified physician designated by that employee present at the examination if procured and paid for by that employee. Providing further that:
 - a. In case of any disagreement between physicians making an examination on the part of the bureau and the employee's physician, the bureau shall appoint an impartial physician duly qualified who shall make an examination and shall report to the bureau.
 - b. The employee, in the discretion of the bureau, may be paid reasonable travel and other per diem expenses under the guidelines of subsection 2. If the employee is working and loses gross wages from the employee's employer for attending the examination, the gross wages must be reimbursed as a miscellaneous expense upon receipt of a signed statement from the employer verifying the gross wage loss.
- 4. If an employee, or the employee's representative, refuses to submit to, or in any way intentionally obstructs, any examination, or refuses reasonably to participate in medical or other treatments, the employee's right to claim compensation under this title is suspended until the refusal or obstruction ceases. No compensation is payable while the refusal or obstruction continues, and the period of the refusal or obstruction must be deducted from the period for which compensation is payable to the employee.

SECTION 9. AMENDMENT. Section 65-05-29 of the 1987 Supplement to the North Dakota Century Code is hereby amended and reenacted to read as follows:

65-05-29. Assignment of claims void - Claims exempt. Any assignment of a claim for compensation under this title shall be void. All compensation and claims therefor shall be exempt from claims of creditors except ~~either~~ any of the following:

- 1. A child support obligation ordered by a court of competent jurisdiction.
- 2. A claim by job service North Dakota for reimbursement of unemployment benefits, for the amount that was paid by job service during the period for which the claimant is found eligible for temporary total, or permanent total disability benefits, not to exceed the disability award actually made by the bureau.
- 3. A claim by the bureau for any payments made due to:

- a. Clerical error, mistake of identity, innocent misrepresentation by or on behalf of the recipient, or any other circumstance of a similar nature, all not induced by fraud, in which cases the recipient shall repay it or recoupment of any unpaid amount may be made from any future payments due to the recipient on any claim with the bureau;
- b. An adjudication by the bureau or by order of the board or any court, if the final decision is that the payment was made under an erroneous adjudication, in which cases the recipient shall repay it or recoupment of any unpaid amount may be made from any future payments due to the recipient on any claim with the bureau;
- c. Fraud, in which case the recipient shall repay the payment or the unpaid amount of the sum may be recouped from any future payments due to the recipient on any claim with the bureau; or
- d. Overpayment due to application of section 65-05.1-09.

SECTION 10. AMENDMENT. Section 65-05-30 of the North Dakota Century Code is hereby amended and reenacted to read as follows:

65-05-30. Filing of claim constitutes consent to use of information received by doctor. The filing of a claim with the bureau shall constitute a consent to the use by the bureau, in any proceeding by it or to which it is a party in any court, of any information including subsequent prognosis reports, medical records, medical bills, and other information concerning any health care or health care services which was received by any doctor, hospital, or clinic in the course of any examination or treatment of the claimant. The filing of such claim shall authorize a doctor, hospital, or clinic to disclose any such information to the bureau or to its representative. No physician or health care provider furnishing such reports or records incurs any liability as a result.

SECTION 11. AMENDMENT. Section 65-05-32 of the North Dakota Century Code is hereby amended and reenacted to read as follows:

65-05-32. Privacy of records and hearings. The bureau shall keep the medical files of claimants closed to the public and may, at the request of a claimant, close the medical portion of the hearing to the public. However, an employer of a claimant shall have access to the file of the claimant. In the event that a source from outside the bureau requests in writing that information submitted by such source be kept confidential, such information may be released only upon court order. Any claimant who files a false claim or makes a false statement in connection with any claim or accepts total disability benefits paid for a period after the claimant has returned to work is guilty of a class B misdemeanor. In addition to any other penalties provided by law, the claimant shall reimburse the bureau for any benefits paid based upon such false claim or false statement or for such period that the claimant was not totally disabled; and, in addition, shall forfeit any additional benefits relative to that same injury. Any person claiming benefits or payment for services under this title, who willfully files a false claim or makes a false statement, in connection with any claim or application under this title is guilty of a class B misdemeanor. The bureau shall specify the amount allowable for court reporter and attorney's fees in proceedings before the bureau and shall pay the same from the bureau general fund, provided further that proceedings are defined as commencing after action by the bureau which reduces or denies a claim. Such attorney's fees shall constitute the entire remuneration for the claimant's attorney for all services before the bureau establish, by administrative rule, an hourly rate to compensate claimants' attorneys for legal services following constructive denial of a claim or issuance of an administrative order under chapter 28-32 reducing or denying benefits. "Constructive denial" means delay in payment, failure to issue an administrative order, or failure to act within ninety days of the date when all elements of filing or notice of reapplication of claim have been satisfied or a claim for additional benefits over and above benefits previously awarded has been made. The bureau shall establish, by administrative rule, a reasonable maximum fee for each stage of the proceedings, provided further that the maximum fee may be exceeded upon application of the claimant and approval of the bureau, which may not be unreasonably denied, upon a finding that the claim has clear and substantial merit and additional fees are warranted because the legal or factual issues involved in the dispute are unusually complex. The bureau may also provide, by administrative rule, an hourly fee for legal assistants or paraprofessionals, and fees for court reporters. The bureau may establish reasonable rules governing payment of fees, required fee statements, billing practices, reimbursement for costs, and other necessary rules governing payment for legal services not inconsistent with the provisions of this title. All attorneys' fees and costs must be paid from the bureau general fund. Nothing provided herein may be construed to prevent a claimant or employer from hiring or paying his or her own attorney; however, the claimant's attorney shall not seek or obtain costs or attorney's fees from

both the bureau and the claimant relative to the same services. The bureau may deny attorneys' fees upon a finding that the claim is frivolous. All disputes relating to payment or denial of attorneys' fees must be submitted to binding arbitration by a fee arbitration panel composed of one member selected by the claimant's attorney, one member selected by the bureau, and one member selected jointly by the claimant's attorney and the bureau. An attorney who agrees to accept compensation from the bureau for services pursuant to this section agrees to binding fee arbitration of all disputes relating to payment or denial of fees.

SECTION 2. AMENDMENT. Section 65-10-03 of the North Dakota Century Code is hereby amended and reenacted to read as follows:

65-10-03. Cost of appeal and attorney's fee fixed by the ~~court~~ bureau. The cost of the judicial appeal and an attorney's fee for the appellant's claimant's attorney shall must be set by the appellate court and taxed ~~against~~ borne by the bureau unless the appeal is determined to be frivolous when the claimant prevails. The claimant is deemed to have prevailed when any part of the decision of the bureau is reversed or the claim is remanded to the bureau for further administrative proceedings. In an appeal by the bureau to the North Dakota supreme court, the claimant shall recover costs and attorneys' fees incurred in responding to the appeal. The bureau shall pay such attorney's fee from the bureau general fund. The amount of such attorney's fee shall must be determined in the same manner as prescribed by the bureau for attorney fees, and the amount of attorney's fee already allowed in administrative proceedings before the bureau ~~shall~~ must be taken into consideration. The bureau shall, pursuant to section 65-02-08, establish a maximum fee to be paid in an appeal, provided that the maximum fee may be exceeded upon application of the claimant and approval of the court, upon a finding that the claim had clear and substantial merit, and that the legal or factual issues involved in the appeal were unusually complex. Notwithstanding the foregoing, the bureau is liable for its costs on appeal if the decision of the bureau is affirmed.

Such attorney's fee shall constitute the entire remuneration for the appellant's attorney for all services in connection with the appeal. Nothing provided herein shall be construed to prevent a claimant or employer from hiring or paying his or her own attorney.

SECTION 3. EFFECTIVE DATE. This Act applies to all legal services rendered to claimants on or after July 1, 1989.

2. If the employee voluntarily limits income or refuses to accept employment suitable to the employee's capacity, offered to or procured for the employee, such employee is not entitled to any compensation at any time during the continuance of such refusal unless, at any time, such refusal is justified in the opinion of the bureau.

to the current state's average weekly wage. Any offset calculated cannot exceed forty percent of the employee's weekly social security retirement benefit. If a claim has been accepted on an aggravation basis and the worker is eligible for social security benefits, the bureau's offset must be proportionally calculated. AN ACT to create and enact two new sections to chapter 65-05.1 of the North Dakota Century Code, relating to workers' compensation rehabilitation services; to amend and reenact sections 65-05.1-01, 65-05.1-02, and 65-05.1-04 of the North Dakota Century Code, relating to workers' compensation rehabilitation services; to repeal sections 65-05.1-05 and 65-05.1-06 of the North Dakota Century Code, relating to workers' compensation rehabilitation services; and to provide an effective date.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

* SECTION 1. AMENDMENT. Section 65-05.1-01 of the North Dakota Century Code is hereby amended and reenacted to read as follows:

65-05.1-01. Rehabilitation services.

1. The state of North Dakota exercising its police and sovereign powers, declares that disability caused by injuries in the course of employment and disease fairly traceable to the employment create a burden upon the health and general welfare of the citizens of this state and upon the prosperity of this state and its citizens.
2. It is the purpose of this chapter to provide for the health and welfare by ensuring to ~~workmen's~~ workers' compensation claimants otherwise covered by this title, services, so far as possible, necessary to assist the claimant and the claimant's family in the adjustments required by the injury to the end that the claimant may receive comprehensive rehabilitation services. Such services shall include medical, psychological, economic, and social rehabilitation.
3. It is the goal of vocational rehabilitation to return the disabled worker to substantial gainful employment with a minimum of retraining, as soon as possible after an injury occurs. "Substantial gainful employment" means bona fide work, for remuneration, which is reasonably attainable in light of the individual's injury, medical limitations, age, education, previous occupation, experience, and transferable skills, and which offers an opportunity to restore the worker as soon as practical and as nearly as possible to the worker's average weekly earnings at the time of injury, or to the average weekly wage in this state on the date the rehabilitation consultant's report is issued under section 3 of this Act, whichever is less.

* NOTE: Section 65-05.1-01 was also amended by section 83 of Senate Bill No. 2056, chapter 69.

4. The first appropriate option among the following, calculated to return the worker to substantial gainful employment, must be chosen for the worker:
 - a. Return to the same position.
 - b. Return to a modified position.
 - c. Return to a related occupation suited to the worker's education, experience, and marketable skills.
 - d. On-the-job training.
 - e. Short-term retraining of fifty-two weeks or less.
 - f. Long-term retraining of one hundred four weeks or less.
 - g. Self-employment.
5. By agreement between the bureau and the worker, the priority options in subsection 4 may be waived.
6. Vocational rehabilitation services may be initiated by:
 - a. The bureau on its own motion; or
 - b. The worker or the employer if proof exists:
 - (1) That the claimant has reached maximum medical recovery;
 - (2) That the claimant is not working and has not voluntarily retired or removed himself from the labor force; and
 - (3) That the worker has made good faith efforts to seek, obtain, and retain employment.
7. The provisions of chapter 50-06.1 do not apply to determinations of eligibility for vocational rehabilitation made pursuant to this chapter.

SECTION 2. AMENDMENT. Section 65-05.1-02 of the North Dakota Century Code is hereby amended and reenacted to read as follows:

65-05.1-02. Bureau responsibility. The ~~workmen's~~ workers compensation bureau shall:

1. Appoint a director of rehabilitation services and such other staff as necessary to fulfill the purposes of this chapter.
2. Cooperate with such federal or state agency as shall be charged with vocational education, vocational rehabilitation, and job placement in order that any duplication of effort can be avoided, as far as possible, in any individual claim.
3. Make determinations on individual claims as to the extent and duration of the ~~workmen's~~ workers compensation bureau involvement under this chapter.

4. Enter into such agreements with other agencies and promulgate any rules or regulations as may be necessary or advantageous in order to carry out the purpose of this chapter.
5. Provide such rehabilitation services and allowances as may be determined by the bureau to be most beneficial to the claimant worker within the limits of this chapter.
6. Establish medical assessment teams, the composition of which must be determined by the bureau on a case-by-case basis, as the nature of the injury may require, for the purpose of assessing the worker's physical restrictions and limitations. The medical assessment team must be provided the medical records compiled by the worker's treating physicians. The medical assessment team may consult the worker's treating physicians prior to making its final assessment of the worker's functional capacities. The provisions of section 65-05-28 do not apply to the medical findings made under this section.
7. Appoint one or more vocational consultants, the identity of which must be determined by the bureau on a case-by-case basis, as the nature of the injury may require, for the purpose of assessing the worker's transferable skills, employment options, and the physical demand characteristics of the worker's employment options, and determining which option available under subdivisions a through f of subsection 4 of section 65-05.1-01 will enable the worker to return to employment within the physical restrictions and limitations provided by the medical assessment team. The vocational consultant shall issue to the bureau a report as provided in section 3 of this Act.

SECTION 3. A new section to chapter 65-05.1 of the North Dakota Century Code is hereby created and enacted to read as follows:

Vocational consultant's report. The vocational consultant shall review all records, statements, and other pertinent information and prepare a report to the bureau and worker.

1. The report must:

- a. Identify the first appropriate rehabilitation option by following the priorities set forth in subsection 4 of section 65-05.1-01.
- b. Contain findings of why a higher listed priority, if any, is not appropriate.

2. Depending on which option the consultant identifies as appropriate, the report also must contain findings that:

- a. Identify jobs in the local or statewide job pool and the worker's anticipated earnings from each job;
- b. Describe an appropriate on-the-job training program, and the worker's anticipated earnings;

- c. Describe an appropriate short-term or long-term retraining program, the employment opportunities anticipated upon the worker's completion of the program, and the worker's anticipated earnings; or
- d. Describe the worker's potential for specific self-employment, limitations the worker might have in such a self-employment, any assistance necessary, and the worker's anticipated earnings.

SECTION 4. AMENDMENT. Section 65-05.1-04 of the North Dakota Century Code is hereby amended and reenacted to read as follows:

65-05.1-04. Injured worker responsibility.

- 1. It shall be the responsibility of the injured worker to seek, obtain, and retain reasonable and substantial employment in order to reduce the period of temporary disability to a minimum. The worker has the burden to establish that the worker has met this responsibility.
- 2. In the event that the injured worker is unable to obtain substantial employment as a direct result of his injury he shall promptly notify the bureau and thereafter be available for such examinations and testing as may be prescribed by the bureau to determine whether or not a program of rehabilitation is necessary under subdivision b of subsection 6 of section 65-05.1-01.
- 3. It is the responsibility of the injured worker to be available for testing under subsection 6 or 7 of section 65-05.1-02, and for any further examinations and testing as may be prescribed by the bureau to determine whether or not a program of rehabilitation is necessary.
- 4. If the bureau determines that a program of rehabilitation is necessary and feasible, the injured worker, upon having been so notified, shall be available for such a program. Upon notification, with the appropriate assistance and testing from a vocational coordinator appointed by the bureau, the worker shall identify a specific qualified rehabilitation program within sixty days. A qualified rehabilitation program is a rehabilitation plan that meets the criteria of this title, and which is an approved option of the rehabilitation consultant, or is a stipulated rehabilitation plan under subsection 5 of section 65-05.1-01.
- 5. If the injured worker shall fail to comply with this section without a reasonable cause, the bureau, by ~~format~~ administrative order, shall discontinue all lost-time benefits under this title during the period of noncompliance. If, upon the bureau order becoming final, the period of noncompliance shall continue for six months, the bureau shall have no further jurisdiction in awarding any further temporary total, temporary partial, permanent total, or rehabilitation benefits.

SECTION 5. A new section to chapter 65-05.1 of the North Dakota Century Code is hereby created and enacted to read as follows:

Rehabilitation award.

1. If the bureau determines that vocational rehabilitation is necessary and feasible, the bureau shall make an award of rehabilitation services by order, under chapter 28-32. The bureau shall establish, by administrative rule, an hourly rate to compensate a worker's attorney from the date the bureau has notified the worker to identify a rehabilitation plan under section 65-05.1-04. The bureau may establish, by administrative rule, absolute maximum fees for such representation.
2. The rehabilitation award must be within the following terms:
 - a. For the worker's lost time, and in lieu of further temporary total, temporary partial, and permanent total disability benefits, the bureau shall award a rehabilitation allowance. The rehabilitation allowance must be limited to the amount and purpose specified in the award, and must be equal to the disability and dependent benefits the worker was receiving, or was entitled to receive, prior to the award.
 - b. The rehabilitation allowance must include an additional twenty-five percent while the worker maintains two domiciles, or meets other criteria established by the bureau by administrative rule.
 - c. The rehabilitation allowance must be limited to one hundred four weeks except in cases of catastrophic injury, in which case additional rehabilitation benefits may be awarded in the discretion of the bureau. Catastrophic injury includes:
 - (1) Paraplegia, quadraplegia, severe closed head injury, total blindness, or amputation of an arm or leg, which renders a worker permanently and totally disabled without further vocational retraining assistance; or
 - (2) Those workers the bureau so designates, in its sole discretion, provided that the bureau finds the worker to be permanently and totally disabled without further vocational retraining assistance. There is no appeal from a bureau decision to designate, or fail to designate, a worker as catastrophically injured under this subsection.
 - d. The rehabilitation award must include the cost of books, tuition, fees, and equipment, tools, or supplies required by the educational institution. The award may not exceed the cost of attending a public college or university in the state in which the worker resides, provided an equivalent program exists in the public college or university.
 - e. The rehabilitation allowance may be paid only during such time as the worker faithfully pursues vocational retraining. The rehabilitation allowance may be suspended during such time as the worker is not faithfully pursuing the training program, or has failed academically. If the work injury itself precludes the worker from continuing training, the worker remains eligible to receive disability benefits.

- f. In the event the worker successfully concludes the rehabilitation program, the bureau may make, in its sole discretion, additional awards for actual relocation expenses to move the household to the locale where the claimant has actually located work.
- g. In the event the worker successfully concludes the rehabilitation program, the bureau may make, in its sole discretion, an additional award, not to exceed two months disability benefit, to assist the worker with work search.
- h. If the worker successfully concludes the rehabilitation program, the worker is not eligible for further vocational retraining or total disability benefits unless the worker establishes a significant change in medical condition attributable to the work injury which precludes the worker from performing the work for which the worker was trained, or any other work for which the worker is suited. The bureau may waive the provisions of this section in cases of catastrophic injury defined by subdivision c of subsection 2.
- i. If the worker successfully concludes the rehabilitation program, the worker remains eligible to receive partial disability benefits, as follows:

 - (1) Beginning the date at which the worker completes retraining, until the worker acquires and performs substantial gainful employment, the partial disability benefit is sixty-six and two-thirds percent of the difference between the injured worker's average weekly wages before the injury, and the worker's wage-earning capacity after retraining, as measured by the average wage in the worker's occupation, according to criteria established by job service North Dakota in its statewide labor market survey, or such other criteria the bureau, in its sole discretion, deems appropriate. The average weekly wage must be determined on the date the worker completes retraining. The benefit continues until the worker acquires substantial gainful employment, but in no case may exceed two years in duration.
 - (2) Beginning the date at which the worker acquires substantial gainful employment in the field for which the worker was trained, or in a related occupation, the partial disability benefit is sixty-six and two-thirds percent of the difference between the injured worker's average weekly wages before the injury, and the worker's wage-earning capacity after retraining.
 - (3) Beginning the date at which the worker acquires substantial gainful employment in an occupation unrelated to the worker's training, the partial disability benefit is sixty-six and two-thirds percent of the difference between the injured worker's weekly wages before the injury, and the worker's wage-earning capacity after retraining, as determined under paragraph 1 of this

subdivision i, or the worker's actual postinjury wage earnings, whichever is higher.

- (4) The partial disability benefit payable under paragraphs 1, 2, and 3 of this subdivision must be reduced so that the benefit and the worker's earnings or calculated earnings capacity, together, do not exceed one hundred twenty-five percent of the average weekly wage in this state. For purposes of this subsection, the average weekly wage must be determined on the date the worker completes retraining or the date the worker acquires substantial gainful employment. The partial disability benefit so calculated is not subject to increase or decrease when the average weekly wage in this state changes.
- (5) The partial disability benefits paid under paragraphs 1, 2, and 3 of this subdivision may not together exceed five years' duration.
- (6) For purposes of paragraph 1 of this subdivision, the date the worker completes retraining is defined as the date the worker is available for full-time work. A worker cannot be deemed available for full-time work while the worker pursues education, unless such pursuit will in no way interfere with full-time work.
- (7) For purposes of paragraphs 1, 2, and 3 of this subdivision, "substantial gainful employment" means full-time bona fide work, for a remuneration, other than make-work. "Full-time work" means employment for twenty-eight or more hours per week, on average.
- (8) The bureau may waive the five-year limit on the duration of partial disability benefits, in cases of catastrophic injury under subdivision c of subsection 2.

* SECTION 6. REPEAL. Section 65-05.1-05 of the North Dakota Century Code and section 65-05.1-06 of the 1987 Supplement to the North Dakota Century Code are hereby repealed.

VETO

April 18, 1989

The Honorable William Kretschmar
Speaker of the House
House Chamber
State Capitol
Bismarck, North Dakota 58505

Dear Mr. Speaker:

House Bill 1071 provides for the implementation of the interstate fuel tax agreement.

Amendments are being prepared to Senate Bill 2243 to make the language currently in this bill compatible with the Department of Transportation bill language and to combine, for two years, the expertise of the offices of the Motor Vehicle Registrar and the Tax Commissioner to develop the program.

That language will be helpful and a technical improvement over the language currently in House Bill 1071.

Therefore, I veto House Bill 1071.

Sincerely,

GEORGE A. SINNER
Governor

INJURY REPORTS

AN ACT to amend and reenact subsections 1 and 2 of section 43-17-41 of the North Dakota Century Code, relating to duty of physicians and others to report injuries.

VETO

April 7, 1989

The Honorable William Kretschmar
Speaker of the House
House Chamber
State Capitol
Bismarck, North Dakota 58505

Dear Mr. Speaker:

House Bill 1076 would amend N.D.C.C. Section 43-17-41 which presently provides for the duty of physicians or other medical or mental health professionals to report any person they treat that may be suffering from any self-inflicted injuries or injuries inflicted by another in violation of any criminal law. House Bill 1076 would exempt from this reporting requirement a suspected violation of the DUI law as long as there are no additional persons injured, other than the driver.

Driving while under the influence of alcohol or other drugs is a very serious offense in our state as evidenced by the nearly 3,000 persons arrested per year for this violation. Furthermore, nearly one-half of all traffic fatalities in our state continue to have measurable amounts of alcohol or other drugs. To eliminate the responsibility of physicians and other medical and mental health professionals from reporting these offenders could seriously jeopardize our DUI enforcement efforts by delaying or even preventing a timely investigation of the facts and circumstances of an automobile accident.

Furthermore, forcing medical professionals to determine the possibility of other victims being at risk is not appropriate. Timely investigations of the scene of an accident save relevant evidence and more importantly enable a quick on-site investigation to accurately determine whether other individuals were injured.

Finally, N.D.C.C. Section 43-17-41, without these amendments, has served the criminal justice community well since it was initially enacted in 1977.

Therefore, I veto House Bill 1076.

Sincerely,

GEORGE A. SINNER
Governor

The Honorable William Kretschmar
Speaker of the House

Dear Mr. Speaker:

Quality education is fundamental to economic and social progress.

Around the country, states are using open enrollment, teacher and student testing, greater educational requirements for teachers and a myriad of other methods to promote accountability, to ensure that education continues to serve our needs in an era of global competition.

In recent years, national studies on education reform, particularly those of the National Governors' Association and the Carnegie Foundation, have emphasized the need for accountability. Teachers, administrators, school boards and students need to be accountable to parents and the public for performance -- or lack of performance.

Open records help assure the accountability in North Dakota. And, if there have been any abuses resulting from open records, they have been few and infrequent. In fact, in some instances, an individual's rights and interests are protected by keeping such records open. Closing records implies that there is something to hide. No such implication is justified in North Dakota.

Further, there are many other public employees who may want the same secrecy sought in this bill. If the trend in this bill continues, no public

employee's records will be available for scrutiny by the public, which those employees serve.

In the end, this is not so much an issue of privacy vs. the public's right to know as it is an issue of accountability. And one way to help ensure accountability is that teachers' and administrators' records and school board meeting records remain open for public review. The records are, after all, not 'personal' files, but 'personnel' files. Given the critical role of education and the high percentage of public money expended on it, this bill moves in exactly the wrong direction.

Clearly we must get better pay for teachers. To do that, public confidence must be ensured.

Therefore, I veto HB 1254.

Sincerely,

George A. Sinner
Governor

GROUNDS FOR EVICTION

AN ACT to create and enact a new subsection to section 33-06-01 and a new section to chapter 33-06 of the North Dakota Century Code, relating to grounds for eviction and eviction orders.

VETO

April 14, 1989

The Honorable William Kretschmar
Speaker of the House
House Chamber
State Capitol
Bismarck, North Dakota 58505

Dear Mr. Speaker:

House Bill 1320 amends Section 33-06-01 of the North Dakota Century Code to allow the eviction of a tenant if there is a direct or indirect disturbance of the peace. It also provides that a court must evict the tenant immediately, unless the eviction would cause a substantial hardship to the tenant. Upon a showing of substantial hardship, the court may allow the tenant to remain on the premises for a reasonable period not to exceed fifteen days if the eviction is for failure to pay rent, and, in all other cases, the period before eviction must not exceed five days.

The use of the word "indirect", as it refers to a disturbance of the peace, is very ambiguous. The nature of apartment living lends itself to a variety of situations that could be construed as "indirect" disturbances. It is not difficult to imagine a number of circumstances that could be considered "indirect" disturbances but, in fairness, would not warrant the severe remedy of an eviction.

An ambiguity of this nature could lead to abuse by both landlords and other tenants. Rather than impose this uncertainty on all landlords and tenants, it is better to allow them the opportunity to tailor the terms and conditions of a lease and choose the appropriate remedies for a breach.

The problem of ambiguity is aggravated by the provision demanding the court to limit the time frame in which the eviction must take place. The varied circumstances surrounding the eviction require flexibility, not a rigid rule. I have great confidence in the ability of the judges of North Dakota to

fashion a remedy that will serve the interests of justice and protect landlords and tenants. I do not believe it is proper to tie the hands of judges, particularly where it could lead to such serious consequences. The eviction of a tenant from his or her home under any circumstance may have a significant impact on the life of the tenant and a tenant's family and should be given careful consideration.

Therefore, I veto HB 1320.

Sincerely,

GEORGE A. SINNER
Governor

Bismarck, North Dakota 58505

Dear Mr. Speaker:

House Bill 1520 adds a representative of the state long-term care association to the Health Council, thereby increasing the number of health care health council members from 15 to 16 and increasing the number of provider representatives from eight to nine.

I have no objection whatsoever to having a long-term care association representative on the Health Council.

However, the Health Council, with 15 members, is currently large enough. Continuing to add new members will simply make the Health Council an unwieldy body.

In addition, with 15 members, the Health Council now has one more provider than consumer. I would much prefer to see a consumer dominance on the Health Council. This bill adds to the provider dominance of the Health Council.

In an era when health care costs continue to increase significantly, when health care access is becoming a major problem and when thousands of North Dakotans are unable to even afford health insurance, consumer concerns and influence should be strengthened, not lessened.

Finally, having a council consisting of an even-number of members would make it even more difficult by causing tie votes without authority for the state health officer or anyone else to break ties.

Therefore, I veto House Bill 1520.

Sincerely,

GEORGE A. SINNER
Governor

HOME CARE MINIMUM WAGE

AN ACT to create and enact a new section to chapter 34-06 of the North Dakota Century Code, relating to the application of wage and hour standards to persons providing companionship services, personal care services, and family home care.

VETO

April 15, 1989

The Honorable Lloyd B. Omdahl
President of the Senate
Senate Chamber
State Capitol
Bismarck, North Dakota 58505

Dear Mr. President:

Senate Bill 2395 provides exemptions from minimum wage and hour standards for certain categories of workers.

It is probably appropriate to clarify that family members who provide family home care services for relatives who live in their homes are exempt from minimum wage and hour standards. And I could support such legislation.

This legislation, however, goes too far. Subsection 2 of this bill also exempts from any minimum wage and hour standards those who provide personal care services under county contracts. It could be read to exempt from any and all minimum wage and hour standards even private individuals, who under county contracts, hire other workers to provide personal care or family home care services.

Such provisions would probably save money for the state and political subdivisions but at the expense of a minimum standard of living for those decent enough to provide these much-needed services.

While I appreciate the concerns this bill attempts to address, I strongly believe that the state and political subdivisions need to provide the best example they can in this area.

Therefore, I veto Senate Bill 2395.

Sincerely,

GEORGE A. SINNER
Governor

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. A new section to chapter 34-06 of the North Dakota Century Code is hereby created and enacted to read as follows:

Exemption for companionship and personal care services and family home care.

1. Employees who provide companionship services for individuals who, because of age or disability, are unable to care for themselves are exempt from any minimum wage and hour standards that may be prescribed under this chapter, to the extent that those companionship services are provided by an employee from ten p.m. to nine a.m., up to a total of eight hours, during which time the employee is available to perform duties for the aged or disabled individual, but is free to sleep and otherwise engage in normal private pursuits in the aged or disabled individual's home. Employees who provide companionship services are not entitled to any overtime premium that may be prescribed under this chapter.
2. Individuals who provide personal care services or family home care under written contract with a county social service board are exempt from any minimum wage and hour standards that may be prescribed under this chapter.
3. As used in this section:
 - a. "Companionship services" means those services that provide fellowship, care, and protection for individuals who, because of advanced age or physical or mental disabilities, cannot care for their own needs. Those services may include household work related to the care of the aged or disabled person, including meal preparation, bed making, washing of clothes, and other similar services, and may include the performance of general household work if that work does not exceed twenty percent of the total weekly hours worked. "Companionship services" do not include services relating to the care and protection of the aged or disabled which require and are performed by trained personnel, including a registered or practical nurse, and do not include individuals who provide care and protection for infants and young children who are not physically or mentally disabled.
 - b. "Family home care" means family home care as defined in section 50-06.2-02.
 - c. "Personal care services" means personal care services as defined under the home and community-based waiver for the aged and disabled, secured by the department of human services pursuant to 42 U.S.C. 1396n(c).

MANDATORY CRIMINAL SENTENCING

AN ACT to amend and reenact subsection 9 of section 12.1-32-02, sections 12.1-32-02.1, 19-03.1-23, and 54-21-25 of the North Dakota Century Code, relating to sentencing alternatives, prison terms for certain offenders, penalties for unlawful manufacture, delivery, or possession of controlled substances, and authority to contract with other governmental agencies for prisoners and juvenile delinquents; to provide a penalty; and to provide an effective date.

VETO

April 28, 1989

Mr. Jim Kusler
Secretary of State
State Capitol
Bismarck, North Dakota 58505

Dear Mr. Kusler:

Senate Bill 2332 requires minimum and enhanced sentences in a variety of drug-related cases.

I firmly believe that judges are in the best position to address the unique cases that may come before them. Judges must impose strict sentences on those who are so evil as to maliciously prey on our children and young people, and they currently have all of the authority they need to do so.

However, I am especially concerned about first-time offenders for whom a jail or prison sentence, instead of providing any sort of rehabilitation, may only serve to confirm in them their worst instincts and result in lifetime criminals. All of us know that there are many cases--many people--who could have been saved had some form of alternative sentence been allowed and provided.

I believe in a system in which the judges who are present at trial, who have heard the evidence, who have available to them a pre-sentence investigation report and who have the input of the victims are able to make an appropriate decision which conforms to the criminal, the crime and the victim.

Furthermore, no appropriation has been provided to address the significant increase in prison sentences which are likely to result from this Bill. Corrections budgets in other states which have enacted mandatory sentences have gone out of control.

Therefore, I veto Senate Bill 2332.

Sincerely,

GEORGE A. SINNER
Governor

INDEPENDENT ADMINISTRATIVE HEARING OFFICERS

AN ACT to create and enact a new section to chapter 28-32 of the North Dakota Century Code, relating to the appointment of independent administrative hearing officers.

VETO

April 28, 1989

Mr. Jim Kusler
Secretary of State
State Capitol
Bismarck, North Dakota 58505

Dear Mr. Kusler:

Senate Bill 2193 would provide for the appointment of an independent hearing officer at the request of one of the parties to a hearing before an administrative agency.

North Dakota has no system of administrative law judges, and no such system has been created by law. Nor has an appropriation been made for such a system.

I realize that we may need a system which is perceived as more fair to those who appear at hearings before state agencies. Such a system would provide for hearing officers who are not employees of the administrative agencies whose cases they hear.

Therefore, I intend to work with the Attorney General, other elected officials and my appointees to set in motion a pilot program in which the administrative law judges would be separate from state agencies.

If we can find an efficient, fair system that will work and is affordable, we will put it in place on a limited basis and report our results to the next session.

Therefore, I veto Senate Bill 2193.

Sincerely,

GEORGE A. SINNER

Governor

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. A new section to chapter 28-32 of the North Dakota Century Code is hereby created and enacted to read as follows:

Independent hearing officer - Request - Appointment.

1. An administrative agency shall inform a respondent in the notice for hearing of the right to an independent hearing officer assigned by the attorney general if the respondent so requests in writing to the agency and the attorney general at the time of answering a complaint. The complainant or the agency may also request the assignment of an independent hearing officer, if made in writing within twenty days after service of a complaint by the agency. The agency shall make such a request to the attorney general.
2. The attorney general shall assign an employee of the executive branch who is not employed by the agency involved in the hearing to act as hearing officer. A hearing officer must have demonstrated knowledge of administrative procedures, although does not need to be legally trained, and must be free of any bias or prejudice that would impair the officer's ability to function officially in a fair and objective manner. The attorney general shall assign hearing officers so that no undue burden is placed on the personnel of any one agency.
3. The attorney general shall adopt rules to govern the procedural conduct of all hearings conducted by a hearing officer assigned under this section. Such procedural rules for hearings are binding upon all agencies and supersede any agency procedural rules which may be in conflict.
4. Hearing officers assigned under this section may:
 - a. Preside over hearings and advise the agency on matters of law.
 - b. Administer oaths and affirmations.
 - c. Examine witnesses.
 - d. Rule upon offers of proof and receive evidence.
 - e. Regulate the course and conduct of the hearing.
 - f. Hold conferences, before or during the hearing, for the simplification of the issues and for such other purposes as the demands of justice require.
 - g. Rule on motions and dispose of procedural requests or similar matters.
 - h. Prepare recommended findings of fact and conclusions of law for the agency involved in a hearing, but any final decision as a result of the hearing must be made by the agency involved.

- i. Institute contempt proceedings as provided by this chapter.
 - j. Exercise such other powers as are granted hearing officers pursuant to this chapter.
5. This section does not apply to the public service commission, the industrial commission, the state personnel board, or the central personnel division.

ADMINISTRATIVE HEARING OFFICER CHANGE

AN ACT to amend and reenact section 28-32-05 of the North Dakota Century Code, relating to a change of an administrative hearing officer.

VETO

April 28, 1989

Mr. Jim Kusler
Secretary of State
State Capitol
Bismarck, North Dakota 58505

Dear Mr. Kusler:

Senate Bill 2192 provides for a change of hearing officer at the request of any of the parties to a hearing before an administrative agency, with certain exceptions.

I appreciate the concerns which this Bill addresses. My veto message on Senate Bill 2193 also addresses some of those concerns more specifically.

However, I believe that, without an administrative law judge system, this requirement would be unworkable for many state agencies. It is also likely that it would have budget impacts which could be significant and for which no appropriations have been provided. And it would certainly result in delays of hearings.

Therefore, I veto Senate Bill 2192.

Sincerely,

GEORGE A. SINNER
Governor

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. AMENDMENT. Section 28-32-05 of the 1987 Supplement to the North Dakota Century Code is hereby amended and reenacted to read as follows:

Upon filing of the complaint, the appropriate administrative agency shall serve a copy of the complaint and a notice for hearing upon the respondent personally or by certified mail, as the agency may direct, at least forty-five days before the time specified for hearing. Service may be waived in writing by the respondent, or the parties may agree upon a definite time and place for hearing with the consent of the agency having jurisdiction.
3. The notice for hearing ~~shall~~ must fix the time and place for trial upon the merits, must inform the respondent of the name of the officer, special examiner, chairman, or acting chairman before which the hearing is to be held, and ~~shall~~ must inform the respondent that an answer to the complaint must be served upon the complainant and agency giving the notice within twenty days after service of the complaint and notice for hearing, or the complaint will be deemed admitted, and the agency will enter such order as the facts and law may warrant. Except in proceedings before the public service commission, the industrial commission, the state personnel board, or the central personnel division, any party to the proceeding may obtain, without cause, one change of the officer, special examiner, chairman, or acting chairman before which the hearing is to be held. A demand for a change of the hearing officer must be made in writing to the appropriate administrative agency within ten days after service of the complaint and notice of hearing. Upon receipt of a timely demand for a change of the hearing officer, a new hearing officer must be assigned for the hearing, and notice of the new officer must be given to all parties. A demand for a change of the newly assigned hearing officer by a party not previously requesting a change of the hearing officer must be made within ten days of assignment. If necessary to allow adequate time for preparation for the hearing, the administrative agency may reschedule the hearing for a later date upon notice to all parties.
4. In an emergency the agency, in its discretion, may notice a proceeding for hearing upon the merits upon less than forty-five days' notice. Every party to such proceeding shall be given a reasonable time within which to serve an answer and to prepare for the hearing, which may be extended by the agency upon good cause being shown.

6. Unless otherwise precluded by law, informal disposition may be made of any contested case, or any issue therein, by stipulation, agreed settlement, consent order, or default subject to agency approval.
7. If the nature of the action does not involve a complaint and specific-named respondents, the above rules shall not apply. Unless specific provision for notice is otherwise provided for in this code or the rules of the agency, public notice of the hearing shall be given by publication in the official newspaper in the county or counties in which the subject matter involved is located. All rules must provide for at least fourteen days' notice before the hearing except in cases of emergency.

INTERBASIN WATER TRANSFER STUDY

A concurrent resolution directing the Legislative Council to study the interbasin transfer of biota, waterfowl diseases, waterfowl wastes, and the possibility of moving Missouri River water to the James, Sheyenne, Souris, and Red Rivers.

WHEREAS, the issue of the interbasin transfer of fish, fish eggs, fish diseases, biota, and undesirable plant species has affected development and construction of the Garrison Diversion Unit Project; and

WHEREAS, the interbasin transfer of fish, fish eggs, fish diseases, biota, and undesirable plant species may be facilitated by the movement of migratory waterfowl between and among drainage basins; and

WHEREAS, the Missouri River would be a good source of water to flush waterfowl refuges and thus help control waterfowl diseases and water quality problems caused by waterfowl wastes in waterfowl refuges;

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF NORTH DAKOTA, THE SENATE CONCURRING THEREIN:

That the Legislative Council study the interbasin transfer of fish, fish eggs, fish diseases, biota, and undesirable plant species; the impact of migratory waterfowl moving between and among drainage basins on this transfer; waterfowl diseases; the impact of waterfowl wastes on water quality and the incidence of waterfowl diseases; and mechanisms for moving water from the Missouri River to the James, Sheyenne, Souris, and Red River basins as a solution to waterfowl disease and water quality problems in these basins; and

WHEREAS, many individuals aged 55 or older need or want meaningful employment; and

ADULT VOCATIONAL EDUCATION STUDY

A concurrent resolution directing the Legislative Council to study the feasibility and desirability of developing a comprehensive, statewide delivery system for adult vocational and technical education and industrial training.

WHEREAS, the economic downturn in the agricultural and energy sectors of the state has left many farmers and energy workers without jobs and has affected other businesses, resulting in the closing of some of those businesses or the layoff of workers who are now in need of retraining, career and personal counseling, remedial education, job search assistance, work experience, and other job-related services; and

WHEREAS, an increased emphasis on economic development in the state has placed a greater demand on vocational education programs to provide new and expanding businesses with customized training for workers; and

WHEREAS, ever-expanding technology is changing the way workers perform their jobs which requires not only an updating of current curriculum but also the upgrading of opportunities for existing workers to maintain their competitiveness in a world market economy; and

WHEREAS, the declining number of secondary students exiting the state's public schools will require that the demand for new workers be met by individuals within the existing work force who traditionally have been underserved by education and training; and

WHEREAS, although there are a number of public and private sector organizations that deliver education and training programs and services throughout the state, many of those organizations offer similar and seemingly duplicative services;

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF NORTH DAKOTA, THE SENATE CONCURRING THEREIN:

STATE SURFACE MINING CONTROL URGED

A concurrent resolution urging Congress to amend the Surface Mining Control and Reclamation Act of 1977, to allow the duration of the responsibility period for revegetation to be determined by each state regulatory authority.

WHEREAS, Public Law 95-87, 30 U.S.C. 1201, known as the Surface Mining Control and Reclamation Act of 1977, provides for a fixed responsibility period for revegetation; and

WHEREAS, the necessary time for successful revegetation varies due to regional differences in soils, weather, and other conditions; and

WHEREAS, many years of reclamation experience have proven that the presently required responsibility period for revegetation is unnecessarily long for the state of North Dakota and results in lands being out of the control of landowners for extensive periods of time; and

WHEREAS, such requirements impose an unnecessary financial burden upon both the coal mining industry and the agricultural industry in North Dakota; and

WHEREAS, it is in the best interests of North Dakota to amend the law to allow the duration of the responsibility period for revegetation to be determined by each state regulatory authority:

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF NORTH DAKOTA, THE SENATE CONCURRING THEREIN:

That the Fifty-first Legislative Assembly urges the Congress of the United States to amend Section 515(b)(20) of the Surface Mining Control and Reclamation Act of 1977, as follows:

(20) assume the responsibility for successful revegetation, as required by paragraph (19) above, for a period of five full years after the last year of augmented seeding, fertilizing, irrigation, or other work in order time determined by the regulatory authority as necessary to assure compliance with paragraph (19) above; except in those areas or regions of the country where the annual average precipitation is twenty-six inches or less, then the operator's assumption of responsibility and liability will extend for a period of ten full years after the last year of augmented seeding, fertilizing, irrigation, or other work. Provided, That when the regulatory authority approves a long-term intensive agricultural postmining land use, the applicable five- or ten-year time period of responsibility as determined by the regulatory authority for revegetation shall commence at the

date of initial planting for such long-term intensive agricultural postmining land use: Provided further, That when the regulatory authority issues a written finding approving a long-term, intensive, agricultural postmining land use as part of the mining and reclamation plan, the authority may grant exception to the provisions of paragraph (19) above; and

BE IT FURTHER RESOLVED, that copies of the resolution be forwarded by the Secretary of State to the Secretary of the Interior, the chairman of the House Committee on Interior and Insular Affairs, the chairman of the Senate Committee on Energy and Natural Resources and to each member of the North Dakota Congressional Delegation.

MISSOURI RIVER BRIDGE URGED

A concurrent resolution urging Congress to provide funds to the appropriate agency to construct a bridge over the Missouri River approximately midway between Bismarck, North Dakota, and Mobridge, South Dakota, in the vicinity of Fort Yates and Emmons County, North Dakota.

WHEREAS, the Legislative Assembly in 1929 appropriated \$130,000 for a study regarding construction of a bridge in the Fort Yates area; and

WHEREAS, the Fortieth Legislative Assembly in 1967 adopted Senate Concurrent Resolution Z urging Congress to give favorable consideration to the construction of such a bridge; and

WHEREAS, the Forty-first Legislative Assembly in 1969 adopted House Concurrent Resolution No. 45 urging Congress to give favorable consideration to United States Senate Bill 229, which would authorize the construction of the bridge; and

WHEREAS, Congress adopted Senate Bill 229, which authorized construction of the bridge as part of the 1970 Flood Control Act; and

WHEREAS, \$470,000 has been expended on site studies, bridge design, and other preparatory work as of June 1972; and

WHEREAS, no further funds have been appropriated since that time for construction of the bridge, and the bridge project is in danger of being deauthorized by law if further funds are not expended on the project; and

WHEREAS, the vast area of North Dakota and South Dakota lying between the Missouri River crossings at Bismarck, North Dakota, and Mobridge, South Dakota, a distance of over 100 miles, has been bisected by the Missouri River and Lake Oahe, requiring residents of, and travelers through, the area to travel great distances to established river crossings; and

WHEREAS, a modern bridge crossing over the Missouri River in the vicinity of Fort Yates and Emmons County, North Dakota, would be of great benefit to those engaged in agricultural activities in the area and would provide increased potential for industrial development, tourism, and recreational use of areas endowed with great natural beauty which will otherwise lie dormant; and

WHEREAS, the construction of a bridge over the Missouri River midway between Bismarck, North Dakota, and Mobridge, South Dakota, would further provide social, medical, and academic opportunities for the residents of south central North Dakota and north central South Dakota;

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF NORTH DAKOTA, THE SENATE CONCURRING THEREIN:

That the Fifty-first Legislative Assembly urges the Congress to provide funds to the appropriate agency to construct a bridge over the Missouri River in the vicinity of Fort Yates and Emmons County, North Dakota; and

LEGISLATIVE PROCESS STUDY

A concurrent resolution directing the Legislative Council to study the legislative process, with emphasis on the appropriate use of the 80 natural days allowed for the Legislative Assembly to be in session.

WHEREAS, in 1976 the Constitution of North Dakota was amended to allow the Legislative Assembly to meet in regular session for 80 natural days and to provide that days spent in regular session need not be consecutive; and

WHEREAS, as the result of a Legislative Council study during the 1977-78 interim, no specific recommendation was made concerning the use of the "additional" 20 days as a result of the constitutional amendment changing session length from 60 legislative days to 80 natural days; and

WHEREAS, after six sessions of operating under the 80 natural day provision, alternatives to the current use of the time permitted under the constitution should be studied to determine if the efficiency of the Legislative Assembly could be increased; and

WHEREAS, various alternatives on the use of time permitted under the constitution could result in dramatic changes in the legislative process, including, but not limited to, using approximately one-half of the allotted days in each calendar year of a biennium; and

WHEREAS, all members of the Legislative Assembly, state and local governmental officials, and the public at large should have an opportunity to be heard prior to adoption of any procedure that could result in a dramatic change in the legislative process;

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF NORTH DAKOTA, THE SENATE CONCURRING THEREIN:

That the Legislative Council study the legislative process, with emphasis on the appropriate use of the 80 natural days allowed for the Legislative Assembly to be in session during a biennium; and

WHEREAS, the Congress of the United States enacted the Omnibus Budget Reconciliation Act of 1981 on July 29, 1981, thus creating several categories of "block" grant programs; and

WHEREAS, legislatures of the states are required to conduct public hearings; and

WHEREAS, the Appropriations Committees have held the required public hearings on block grant moneys expected for the next biennium by the Office of Management and Budget, Department of Human Services, and State Department of Health and Consolidated Laboratory Services; and

WHEREAS, the Fifty-first Legislative Assembly cannot hold public hearings on revisions to current block grants or additional block grants that may be approved by the Congress after the recess or adjournment of the Legislative Assembly; and

WHEREAS, the Legislative Assembly will not meet in regular session during 1990 and thus its public hearing responsibility for grants not approved by the Fifty-first Legislative Assembly must be delegated to a legislative entity;

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF NORTH DAKOTA, THE SENATE CONCURRING THEREIN:

GARRISON UNIT ADVISORY COMMITTEE URGED

A concurrent resolution urging the Congress of the United States to create a Garrison Unit Advisory Committee to review the impact of the impoundment of the waters of the Missouri River on the social and economic base of North Dakota including the impact on Indians of the Fort Berthold and Standing Rock Indian Reservations.

WHEREAS, the Pick-Sloan Missouri River Basin Program was developed to manage the Missouri River Basin as the result of serious downstream flooding during World War II and was designed to provide irrigation, hydroelectric power, flood control, navigation, sediment abatement, fish and wildlife enhancement, municipal and industrial water supplies, and pollution control; and

WHEREAS, dams located on the Missouri River have prevented \$4 billion in flood damage at a cost of \$1.5 billion; and

WHEREAS, North Dakota has lost approximately 550,000 acres of land, \$50 million of unrecoverable lignite, \$120 million of unrecoverable oil, \$3.5 million in forest products, 2,600 jobs involving 10,000 people, and \$45 million in annual personal income due to inundation caused by Missouri River dams; and

WHEREAS, the Garrison Diversion Unit Commission was established by an Act of Congress, Public Law 98-360, to review the contemporary water development needs of the State of North Dakota; and

WHEREAS, the Garrison Diversion Unit Commission, in its final report to the Secretary of the Interior and committees of the Congress of the United States, agreed with the Congress that a moral commitment was made in 1944 to the Upper Missouri Basin States and Indian Tribes with the passage of the Pick-Sloan Missouri Basin Program, and found that North Dakota sacrificed hundreds of thousands of acres of land, much of it prime river bottom land, for the greater benefit of the Nation; and

WHEREAS, the Garrison Diversion Unit Commission further found that the Federal Government promised but has not provided assistance to replace the economic base of the State and Indian Tribes; and

WHEREAS, at the recommendation of the Garrison Diversion Unit Commission, the Secretary of the Interior on May 10, 1985, established the Garrison Unit Joint Tribal Advisory Committee to examine the impact of the impoundment of waters under the Pick-Sloan Missouri Basin Program on the Fort Berthold and Standing Rock Indian Reservations; and

WHEREAS, the Garrison Unit Joint Tribal Advisory Committee held several hearings during which it was made aware of the accuracy of the observation of the Garrison Diversion Unit Commission that the tribes of the Fort Berthold and Standing Rock Indian Reservations bore an inordinate share of the cost of implementing the Pick-Sloan Missouri Basin Program mainstream reservoirs; and

WHEREAS, certain recommendations and findings of the Garrison Unit Joint Tribal Advisory Committee were incomplete insofar as the inequities borne by individual Indians of the Fort Berthold and Standing Rock Indian Reservations and further hearings and discussions by the Garrison Unit Advisory Committee are necessary to address the needs of reservation Indians; and

WHEREAS, the inundation of rich Missouri River bottom land by the Garrison and Oahe Reservoirs and project delays have resulted in agricultural, mineral, and forestry losses not only to tribal interests but nontribal interests as well;

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF NORTH DAKOTA, THE SENATE CONCURRING THEREIN:

That the Congress of the United States is urged to create a Garrison Unit Advisory Committee composed of citizens affected by the impoundment of Missouri River waters and representatives of grassroot non-Indian and Indian organizations to review the impact of the impoundment of waters under the Pick-Sloan Missouri River Basin program on the social and economic base of non-Indian and Indian people and entities; and

WHEREAS, in 1978, in response to airline deregulation, the Congress of the United States enacted the Essential Air Service program to ensure air service to isolated communities in rural America and, in 1987, Congress reaffirmed its strong commitment to these communities by enacting a 10-year extension and an intended enhancement of the program; and

WHEREAS, the Department of Transportation has issued a Notice of Proposed Rulemaking, that if allowed to become effective, will drastically upset the program with disruption of service beginning March 1, 1989, for the cities of Devils Lake, Williston, and Jamestown, and many communities in other states; and

WHEREAS, the heartland of this country, in its struggle toward economic resurgence, requires the Essential Air Service program; and

WHEREAS, the fiscal year 1989 appropriations for the Essential Air Service program are deficient in support of 1988 service needs and lacking in support of the program at levels authorized by Congress;

FEDERAL FUEL TAX INCREASE REJECTION URGED

A concurrent resolution urging the National Economic Commission and Congress to reject any proposals to increase federal excise taxes on motor fuels.

WHEREAS, the National Economic Commission reportedly is considering a large increase in the federal motor fuel tax as a way to help reduce the nation's deficit; and

WHEREAS, motor fuel is already one of the most heavily taxed commodities consumers buy; and

WHEREAS, the federal deficit is everyone's problem, not just the country's highway users; and

WHEREAS, the nation's highway transportation system is largely the result of an effective state-federal partnership utilizing federal highway trust fund money paid by highway users; and

WHEREAS, with growing congestion, heavy replacement costs for bridges, and traffic growing at an annual rate of four percent, additional highway user taxes for nonhighway purposes could seriously hamper federal and state ability to meet highway needs; and

WHEREAS, in addition to being inflationary, a large added motor fuel tax for deficit reduction would cost thousands of jobs, reduce the gross national product, and reduce federal income tax revenues; and

WHEREAS, increasing the federal motor fuel tax for nonhighway purposes would seriously erode public support for the successful pay-as-you-go federal-state highway program; and

WHEREAS, such a tax increase would fall heaviest on the working poor; and

WHEREAS, such a tax burden is inequitable in distribution in that it would cost a North Dakota resident more than twice as much as a resident of the District of Columbia, and a Tennessean more than one and one-half times as much as a resident of Hawaii; and

WHEREAS, for most people there are no practical alternatives to driving; and

WHEREAS, the public has little confidence, based on past actions, that Congress will effectively control spending;

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF NORTH DAKOTA, THE SENATE CONCURRING THEREIN:

SPECIAL EDUCATION DELIVERY STUDY

A concurrent resolution directing the Legislative Council to study the feasibility and desirability of adopting an alternative method of delivery of special education and related services to developmentally disabled students in this state.

WHEREAS, one of the mandates of Public Law 94-142 is that education must occur in the least restrictive environment, which requires students with handicapping conditions to be educated to the maximum extent appropriate, with nonhandicapped students; and

WHEREAS, the delivery of special education and related services to developmentally disabled students in the past has primarily resulted in education systems that segregate those students from nonhandicapped students; and

WHEREAS, under current trends in the delivery of special education, integration has taken on a new meaning resulting in the inclusion of developmentally disabled students with nonhandicapped students in the same classrooms; and

WHEREAS, there are currently programs in school districts in this state that are integrating developmentally disabled students by placing them in the same classrooms as nonhandicapped students; and

WHEREAS, under these programs, students that formerly would have been placed in a self-contained classroom are attending regular classes with nonhandicapped students; and

WHEREAS, teachers in these programs have reported that the developmentally disabled students attending the regular classrooms appear more attentive, verbal, and happier; and

WHEREAS, the integration of students with handicapping conditions into regular classrooms may be a more efficient way to serve children with low incidence handicaps in rural areas; and

WHEREAS, such integration may be a beneficial way to deliver the social skills curriculum needed by many students with handicaps; and

WHEREAS, such integration also presents a challenging and rewarding learning experience for nonhandicapped students; and

WHEREAS, many other successful models of community integration currently exist across the country and could be implemented in this state;

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF NORTH DAKOTA, THE SENATE CONCURRING THEREIN:

WHEREAS, this broad liability threatens the viability of such efforts as designated driver programs by penalizing the nondrinking, nonpossessing operator for the actions of others in the motor vehicle; and

WHEREAS, House Bill No. 1654 was introduced in the 1989 Legislative Assembly to address these concerns; and

WHEREAS, the open bottle law should be reviewed to determine if a more narrowly tailored law would address the situations contemplated under the present law without jeopardizing such efforts as designated driver programs;

WHEREAS, numerous used motor vehicle dealers fail to comply with some or all of these requirements and thereby gain an unfair competitive advantage over other dealers; and

WHEREAS, there may be insufficient staff and funding for the Motor Vehicle Department to ensure efficient and increased enforcement of dealer licensing laws; and

That we express our sorrow on their passing and our appreciation, on behalf of the people of North Dakota, of the loyal and devoted service of our former colleagues, through the words of the following poem, which was the last poem written by the former Representative Ralph Dotzenrod:

Today I'll start with the rising sun
To use what God has given me
To use as I will 'til the day is done
For good or ill as my choice may be.

It's really important my choice is true
I'm trading a day of my life away
When tomorrow comes may I never rue
What I've bought with the coins of life today.

May it not be loss, but a gain I buy
May it not be evil, but good instead
May I cheer the heart of a passerby
Or brighten a life by the right word said.

Tomorrow will come, and today will fade
May I be sure when this day is past
The things I have bought with my coins in trade
Will not be regrets, but are joys that last.

BE IT FURTHER RESOLVED, that for the perpetuation of their memory this token of respect and sympathy by their successors in trust be printed in the Journal of the House of Representatives and that enrolled copies of this resolution be presented by the Secretary of State to the surviving families of these deceased Representatives.

SENATE CONCURRENT RESOLUTIONS

CHAPTER 870

SENATE CONCURRENT RESOLUTION NO. 4001
(Legislative Council)
(Interim Education Finance Committee)

SCHOOL DISTRICT REVENUES STUDY

A concurrent resolution directing the Legislative Council to study in lieu of property tax payments to school districts; school district revenues derived from oil, gas, and coal taxes; and other payments to school districts other than from the state to determine whether to include these funds as local resources when measuring school district contributions to the foundation program.

WHEREAS, under the property equalization component of the foundation aid formula, a 20-mill equalization factor is multiplied times the net assessed and equalized valuation of real property in each school district and the resulting amount is subtracted from the school district's foundation aid payment; and

WHEREAS, many school districts receive federal educational funds to replace taxes lost because of the presence of federal property, which is not subject to state or local taxation, in the school districts; and

WHEREAS, this gives a double benefit to such school districts because the 20-mill equalization factor is not applied to federal property, thus reducing the amount that is subtracted from the foundation aid payment; and

WHEREAS, school districts with federal property also receive federal impact aid; and

WHEREAS, federal law requires states to have a finance system designed to equalize expenditures among school districts in the state in order to deduct federal impact aid from the amount of state aid a school district receives; and

WHEREAS, some school districts derive revenues from the state impact aid program, the tax on the production of oil and gas, and the tax on coal conversion facilities to compensate such school districts for extraordinary expenditures caused by coal or oil and gas development and the growth incidental to the development; and

WHEREAS, some school districts also receive other money such as federal payments for game and fish land; and

WHEREAS, some states, in an effort to equalize their education finance formulas, deduct in lieu of property tax payments and other revenues from school districts' state aid;

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF NORTH DAKOTA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:

That the Legislative Council study in lieu of property tax payments; school district revenues derived from oil, gas, and coal tax; and other payments to school districts other than from the state to determine whether including these funds as local resources when measuring school district contributions to the foundation aid program would result in a more equitable distribution of state aid; and

BE IT FURTHER RESOLVED, that the Legislative Council report its findings and recommendations, together with any legislation required to implement the recommendations, to the Fifty-second Legislative Assembly.

(Legislative Council)
(Interim Education Finance Committee)

FOUNDATION AID EQUALIZATION STUDY

A concurrent resolution directing the Legislative Council to study the use of various factors in addition to property wealth which could be used in the education finance formula to equalize educational opportunities for students.

WHEREAS, North Dakota has had a formalized state foundation aid program for elementary and secondary education since 1959; and

WHEREAS, property equalization is one component of the foundation aid formula; and

WHEREAS, under the property equalization component, a 20-mill "equalization factor" is multiplied times the net assessed and equalized valuation of real property in each school district and that amount is subtracted from each school district's state foundation aid payment; and

WHEREAS, the intent of this equalization factor is to make state educational funds available for redistribution to school districts that have relatively low property valuations; and

WHEREAS, the underlying assumption justifying the application of this equalization factor is that a school district with a high property valuation is in a better position to raise locally a portion of its total cost of education than is a district with a low assessed property valuation; and

WHEREAS, the use of the hypothetical 20-mill deduct as the only equalization factor may not equalize state education funding so as to meet the state constitutional guarantee to provide a free and uniform system of public school education; and

WHEREAS, some school districts with relatively low property valuations have high taxable income per capita; and

WHEREAS, other states use factors such as taxable income, assessed valuation of personal property, valuation of public utilities, motor vehicle license receipts, value of farm products, number of employed workers, and sales taxes to measure local ability to support schools; and

WHEREAS, the use of other equalization factors in the foundation aid formula may enhance equalization of educational opportunity for students in North Dakota;

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF NORTH DAKOTA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:

That the Legislative Council study the use of various factors, in addition to property wealth, which could be used in the education finance formula to enhance equal educational opportunities for students and to meet the state constitutional guarantee of a free and uniform system of public school education; and

BE IT FURTHER RESOLVED, that the Legislative Council report its findings and recommendations, together with any legislation required to implement the recommendations, to the Fifty-second Legislative Assembly.

GAME AND FISH LAWS STUDY

A concurrent resolution directing the Legislative Council to study the state's game and fish laws and rules.

WHEREAS, the Legislative Council's 1971-72 interim Natural Resources Committee studied the state's game and fish laws for the purpose of revising and rearranging the laws and removing unused and archaic sections; and

WHEREAS, the Legislative Council's 1983-84 interim Judiciary "B" Committee studied the penalty provisions of the state's game and fish laws, with emphasis on the desirability of establishing noncriminal penalties for certain offenses; and

WHEREAS, the Legislative Council's 1987-88 interim Judicial Process Committee studied the state's game and fish laws and rules, with an emphasis on the laws and rules concerning the issuance of game and fish licenses and the role of county auditors in the issuance of game and fish licenses; and

WHEREAS, the scope of the 1987-88 interim study was limited to the role of county auditors in the issuance of game and fish licenses; and

WHEREAS, any legislation enacted by the 1989 Legislative Assembly relating to the bonding of county auditors and agents appointed by county auditors to issue game and fish licenses or stamps should be reviewed to determine the effectiveness of such legislation; and

WHEREAS, the state game and fish commissioner, the deputy state game and fish commissioner, bonded game wardens, county auditors, and agents appointed by county auditors are authorized to issue game and fish licenses; and

WHEREAS, public accessibility to game and fish licenses must be ensured; and

WHEREAS, all of the state's game and fish laws should be the subject of a comprehensive study for the purposes of reviewing the issuance of licenses, feasibility of a central license issuing authority, public accessibility to game and fish licenses, level and use of fees, eligibility for licenses, and any other area of concern;

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF NORTH DAKOTA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:

That the Legislative Council study the state's game and fish laws and rules; and

BE IT FURTHER RESOLVED, that in conjunction with this study the Legislative Council review the effect of any legislation enacted by the 1989 Legislative Assembly relating to the bonding of county auditors and agents appointed by county auditors to issue game and fish licenses or stamps; and

BE IT FURTHER RESOLVED, that the Legislative Council report its findings and recommendations, together with any legislation necessary to implement the recommendations, to the Fifty-second Legislative Assembly.

WHEREAS, health care spending by and for the elderly and retired population has risen faster than health care spending for any other population group in the United States, while Medicare, the primary source of health care protection for retired workers aged 65 or over, does not cover retired persons under that age, requires substantial cost sharing, and generally pays less than half of the health care expenses of the elderly; and

WHEREAS, the acceleration of health care costs in the United States during the past two decades has markedly raised health care insurance costs for the elderly and retired population, including retired public employees and officials, and has imposed a considerable financial burden on many elderly or retired persons living on fixed incomes; and

WHEREAS, the Legislative Council's Committee on Public Employees Retirement Programs has recommended a bill to the Legislative Council which would provide a mechanism for prefunding retiree health insurance benefits for retired members of the Public Employees Retirement System and the Highway Patrolmen's Retirement System; and

WHEREAS, various options may be available to provide these retired public employees and officials and their dependents with access to adequate and affordable health insurance coverage;

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF NORTH DAKOTA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:

Cates, a Marine of distinction, courage, and character whose unremitting service to his country spanned three wars and five decades;

ORGAN TRANSPLANT STUDY

A concurrent resolution directing the Legislative Council to carry out a comprehensive study, with additional public and private sector involvement, of the governmental and societal impact of the incidence and cost of organ and tissue transplants, and the appropriate statutory and regulatory policy to address those impacts.

WHEREAS, organ and tissue transplantation is increasingly viewed by the medical community, patients, and others as therapeutic and lifesaving; and

WHEREAS, no recognized treatment alternatives exist for certain end-stage organ and tissue diseases and thus a prospective transplant recipient suffering from one of these diseases will face imminent death; and

WHEREAS, organ and tissue transplantation, unlike most advanced medical technologies, is subject to a dramatic limitation which cannot be addressed by making more fiscal resources available, which is the limitation on the availability of transplantable organs and tissues; and

WHEREAS, in other cases there is a limitation of fiscal resources; and

WHEREAS, the cost of a liver transplant procedure may range as high as two hundred thirty-eight thousand dollars, and the cost of a single heart transplant may reach one hundred ten thousand dollars; and

WHEREAS, current exclusionary fiscal handling of transplantation does not reflect medical recognition of transplantation as appropriate treatment for certain end-stage organ or tissue diseases; and

WHEREAS, several state agencies and other associations are involved in either policy decisions, reimbursement, or both, with respect to organ transplants; and

WHEREAS, the Legislative Assembly ought to review all of the current statutory materials that relate to policymaking and reimbursement activities to ensure that the statutory materials are coordinated, and to satisfy themselves that the activities of the several involved executive branch agencies are coordinated to the greatest extent feasible;

WHEREAS, North Dakota's economy benefits increasingly from tourism and recreation-generated dollars; and

WHEREAS, the Trophy Takers Salmon Club actively supports the growth and development of salmon fishing, works toward the improvement of facilities on Lake Sakakawea, and promotes the expansion of trout and salmon fishing on the Missouri River system; and

NO-FAULT INSURANCE STUDY

A concurrent resolution directing the Legislative Council to study the operation and effect of North Dakota's no-fault insurance law in comparison with no-fault insurance laws in other states.

WHEREAS, the unintended result of the operation and effect of North Dakota's no-fault insurance law has been higher motor vehicle insurance rates and greater litigation costs; and

WHEREAS, the experience in other states, such as Michigan, has been that a well-designed no-fault insurance law results, and should result, in lower motor vehicle insurance rates and lower litigation costs; and

WHEREAS, it is in the best interests of the citizens of this state to have a no-fault insurance law that provides lower motor vehicle insurance rates and less incidence of litigation;

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF NORTH DAKOTA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:

That the Legislative Council study the operation and effect of North Dakota's no-fault insurance law in comparison with no-fault insurance laws in other states to determine if this state's law should be modified or replaced to ensure lower motor vehicle insurance rates and fewer litigation costs for the citizens of this state; and

SOCIAL AND HEALTH SERVICE DELIVERY STUDY

A concurrent resolution directing the Legislative Council to study the delivery of in-home and community-based services and to explore methods by which such services can be made more affordable.

WHEREAS, although most older persons and disabled persons wish to live independently and avoid nursing home placement, they may find this increasingly difficult for a number of reasons, including poor health, loss of loved ones, and lack of affordable community support services; and

WHEREAS, the premature admission to nursing homes of frail elderly or disabled persons is precipitated by the lack of cost-effective and affordable in-home and community support services, tends to further the deterioration of the elderly or disabled person's well-being, increases the level of required care, and increases the cost to the state and the individuals involved; and

WHEREAS, there is a growing tendency on the part of state and county government to contract for services on behalf of elderly and disabled persons resulting in increased layering of administration and increased costs and overhead; and

WHEREAS, North Dakota should be commended for having developed excellent in-home and community-based services; nonetheless, the elderly and the disabled population has become increasingly mindful and concerned over the impact that a sophisticated cost-allocation process designed to maximize federal payments in Medicaid-financed programs is having on the cost of unsubsidized services paid by many elderly and disabled individuals, resulting in making the cost of these excellent services prohibitive to many private consumers; and

WHEREAS, many elderly and disabled persons prefer to purchase in-home and community-based services on a direct cost basis without bearing the overhead of government and third-party providers in the delivery of those services; and

WHEREAS, in addition to the costs of in-home and community-based services, to determine the need for and proper utilization of appropriate services, may cost the private-pay consumer up to six hundred fifty dollars annually; and

WHEREAS, many excellent public services, including social services and health services are made available to the public, without a means test and without charging the taxpaying recipients for the indirect cost of governmental delivery of those services; and

WHEREAS, the failure of the state to put in place an affordable, cost-effective, in-home and community-based service system will seriously impact the viability of these services as an alternative to costly and perhaps unnecessary nursing home care; and

WHEREAS, the lack of affordable in-home and community-based services will increase the demand for, and utilization of, long-term institutional care, thereby prematurely and unnecessarily exhausting the private resources of the elderly and disabled and in turn impacting negatively on the state budget for Medicaid-purchased nursing home services;

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF NORTH DAKOTA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:

That the Legislative Council study the current method used to reimburse in-home and community-based services, the effectiveness of the current delivery system, having government bear the indirect costs of in-home and community-based services rather than passing such costs on to the taxpaying consumer, and the feasibility of greater utilization of elderly and disabled recipients and their relatives in managing and supervising their services thereby minimizing agency administrative costs; and

BE IT FURTHER RESOLVED, that the Legislative Council report its findings and recommendations, together with any legislation required to implement the recommendations, to the Fifty-second Legislative Assembly.

WORKERS' COMPENSATION STUDY

A concurrent resolution directing the Legislative Council to study the structure, organization, and administration of the Workers Compensation Bureau and the qualifications of the Workers Compensation Bureau claims analysts and rehabilitation staff.

WHEREAS, the North Dakota workers' compensation law is designed to provide sure and certain relief to employees injured in the course of their employment; and

WHEREAS, the dramatic increase in the costs of the Workers Compensation Bureau and in the complexity of litigation involving the bureau in the last 10 years as well as the depleted nature of the workers' compensation fund may jeopardize the ability of the bureau to economically provide compensation to injured employees; and

WHEREAS, premium income has been significantly less than fund expenditures in recent years, fund equity has been greatly reduced, and there is concern about the solvency of the workers' compensation fund; and

WHEREAS, workers' compensation claims have been decided inconsistently and employees have received various modes of treatment from health care providers; and

WHEREAS, claims analysts and rehabilitation staff should be qualified and adequately trained; and

WHEREAS, to decrease work-related injuries, employees and employers should be educated concerning the services provided by the bureau; and

WHEREAS, a number of alternate plans to reorganize or restructure the bureau have been proposed; and

WHEREAS, insufficient data is available to make reasoned and informed decisions concerning major changes in the structure and organization of the bureau, claims adjudication, benefits, premiums, and other matters that may affect the solvency of the fund;

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF NORTH DAKOTA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:

That the Legislative Council study the structure, organization, and administration of the Workers Compensation Bureau and the qualification of Workers Compensation Bureau claims analysts and rehabilitation staff; and

BE IT FURTHER RESOLVED, that the Legislative Council report its findings and recommendations, together with any legislation required to implement the recommendations, to the Fifty-second Legislative Assembly.

JOB CORPS CENTER IN MINOT URGED

A concurrent resolution urging the Secretary of Labor to select North Dakota as one of the sites to open a Job Corps Center and to enter an agreement to open the center in Minot.

WHEREAS, Congress appropriated \$48 million in 1988-89 appropriations bills to undertake an effort of the Department of Labor to open six new Job Corps Centers; and

WHEREAS, the Senate Appropriations Committee specified criteria for the Department of Labor to consider in selecting sites for new Job Corps Centers including priority consideration to states currently without a Job Corps Center; preference to states where existing government facilities can be used at a nominal cost; preference to states that have demonstrated a commitment to linking a center with other federal, state, and local employment, training, and education programs; consideration to states that have shown a commitment to utilizing the Job Corps program in conjunction with other training programs to meet the needs of individuals with other barriers to employment; and priority consideration to enhancing Job Corps services for persons with disabilities; and

WHEREAS, North Dakota meets the criteria established by the Senate Appropriations Committee in all respects and is one of only six states without a Job Corps Center; and

WHEREAS, Congress has enacted Public Law 100-322, Section 423, allowing the Secretary of Labor to enter an agreement for use of a former hospital in Minot, North Dakota, as the site for a Job Corps Center; and

WHEREAS, the Minot area stands ready to welcome a new Job Corps Center;

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF NORTH DAKOTA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:

That the Fifty-first Legislative Assembly urges the Secretary of Labor to take necessary steps to open a Job Corps Center on the site of the former Veterans Administration Hospital in Minot, North Dakota; and

LEGISLATORS' INCOME TAX CHANGES URGED

A concurrent resolution urging Congress to reverse its action whereby the Department of the Treasury was directed to issue regulations to restrict income tax deductibility of expenses of members of state legislatures.

WHEREAS, service in state legislatures, especially in states as North Dakota where legislators are part-time elected officials, is often undertaken by legislators at a personal financial sacrifice; and

WHEREAS, state legislators' "tax home" provisions of Internal Revenue Code Section 162 (h) were made substantially less advantageous and infinitely more complicated by the conference committee report on the Tax Reform Act of 1986, which directed the Department of the Treasury to issue regulations coordinating employee business expenses and travel expenses of state legislators (99th Congress, Second Session House of Representatives' Report 99-841); and

WHEREAS, the minor revenue effect of the treasury regulations is more than outweighed by the burden on state legislators and the resulting disincentive to service in state legislatures;

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF NORTH DAKOTA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:

HUMAN SERVICES STUDY

A concurrent resolution directing the Legislative Council to study the state's system of delivering various human services in light of recently enacted federal welfare reform legislation to determine the most efficient, effective, and responsible method of delivering public assistance to low income families and individuals, and to study the financial and other impacts on the state of implementing recently enacted federal Medicare catastrophic coverage legislation.

WHEREAS, the Family Support Act of 1988 places additional requirements upon states to operate a Job Opportunities Basic Skills (JOBS) program for welfare recipients with children over age three, to guarantee child care to allow families to take part in the JOBS program and to ease the transition from welfare to work, to provide cash assistance and Medicaid coverage to two-parent families, and to strengthen child support enforcement through immediate wage withholding and other measures; and

WHEREAS, North Dakota water rights may be preempted by federal legislation pending before Congress which would authorize the use of North Dakota water to transport coal by slurry pipeline; and

DISASTER ASSISTANCE INCOME TAX TREATMENT

A concurrent resolution urging Congress and the Department of the Treasury to rescind or amend legislative and rulemaking provisions that require Disaster Assistance Act of 1988 payments to farmers to be treated as income in a single taxable year.

WHEREAS, due to the nature of farming there is a substantial fluctuation in farmers' year-to-year incomes; and

WHEREAS, farmers have adapted to fluctuating year-to-year income by methods such as storing agricultural products or entering deferred payment contracts for agricultural products and these methods are used in the normal course of their business as a means of preparing for poor crop years and income tax planning; and

WHEREAS, the drought of 1988 resulted in severe economic damage to farmers which was compensated in part by Disaster Assistance Act payments from the federal government; and

WHEREAS, Congress required, in the Technical and Miscellaneous Revenue Act of 1988 amendment of Section 451 of the Internal Revenue Code, that Disaster Assistance Act payments must be treated as income to the recipient in a single taxable year, rather than allocated among multiple taxable years, as would be the farmer's option in the normal course of business with agricultural products that were replaced by the payments; and

WHEREAS, this legislation and Internal Revenue Service rulings fail to recognize the options available to farmers in the normal course of business and require some farmers to forego ordinary income tax planning methods used in the farming business, thus extracting from farmers a portion of Disaster Assistance Act payments that were intended by the federal government to partially offset losses to American agriculture from the drought of 1988; and

WHEREAS, allowing the allocation of farmers' federal Disaster Assistance Act payments to multiple taxable years would be compatible with the intent of the federal government in providing disaster payments to farmers, would more closely parallel normal farm income circumstances, and could be done under certain reasonable limitations such as allowing payments to be spread over a limited number of years or requiring payments to be included in income in a manner that requires claiming of a minimum percentage of the income reported by the farmer in the previous taxable year;

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF NORTH DAKOTA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:

That the Fifty-first Legislative Assembly urges Congress and the Department of the Treasury to rescind or amend legislation or rules that require federal Disaster Assistance Act payments to farmers to be reported as income in a single taxable year and to provide for allocation of income from federal Disaster Assistance Act payments to multiple tax years, subject to reasonable limitations, and to allow filing of amended returns by those farmers who have already filed income tax returns for taxable year 1988; and

BE IT FURTHER RESOLVED, that copies of this resolution be forwarded by the Secretary of State to the Secretary of the Treasury, the chairman of the United States Senate Finance Committee, the chairman of the United States House Ways and Means Committee, and each member of the North Dakota Congressional Delegation.

WHEREAS, tribal courts do not have the authority to order involuntary mental health commitments under North Dakota Century Code Chapter 25-03.1; and

MISSOURI RIVER BANK FUNDS URGED

A concurrent resolution requesting the United States Congress to provide funds to construct bank protective works on the Missouri River downstream from the Garrison Dam and other Pick-Sloan dams.

WHEREAS, in 1988 Congress and the President approved legislation directing the United States Army Corps of Engineers to construct bank protection works on the Missouri River downstream from the Garrison Dam and other Pick-Sloan dams; and

WHEREAS, this legislation finally recognized the continual bank erosion and net loss of valuable land occurring and recognized that this loss is a Pick-Sloan Project responsibility; and

WHEREAS, land loss is continuing and is especially severe during high winter water release rates and during high summer flood release rates; and

WHEREAS, it is urgent to install protective works as soon as possible on the river banks in the most vulnerable locations to prevent more loss of valuable land; and

WHEREAS, this bank protection project must be considered a necessary correction of problems caused by the installation and operation of the Pick-Sloan dams and not as a water development project;

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF NORTH DAKOTA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:

That the United States Congress and the President are commended for passing legislation that finally addresses the Missouri River bank erosion problem and the net loss of valuable land downstream from the Pick-Sloan dams; and

BE IT FURTHER RESOLVED, that the Fifty-first Legislative Assembly urges the United States Congress to provide up to \$3,000,000 per year as provided in the approved legislation so bank protective works can be installed on a timely basis to prevent more loss of valuable land; and

BE IT FURTHER RESOLVED, that funding for this project should not be a normal federal water project appropriation, but instead should be charged to the maintenance budget of the Pick-Sloan project; and

BE IT FURTHER RESOLVED, that the Secretary of State forward copies of this resolution to the members of the Congressional Delegations of North Dakota, South Dakota, Nebraska, and Montana; the Commanding General of the United States Corps of Engineers; the Commander of the Omaha Division of the United States Corps of Engineers; the North Dakota State Water Commission; and the Office of Management and Budget.

STATE EMPLOYEE COMPENSATION STUDY

A concurrent resolution directing the Legislative Council to study state employee compensation levels and practices.

WHEREAS, some state employees may be receiving salaries resulting in family incomes below the poverty level; and

WHEREAS, state employee compensation should be based on equitable factors; and

WHEREAS, low salary jobs should be reviewed, and employees receiving low salaries should be given the opportunity to advance through job training or education to higher pay grades; and

WHEREAS, across-the-board percentage increases tend to continue disparities in compensation levels;

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF NORTH DAKOTA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:

That the Legislative Council study the current administration of salary increases, the numbers of persons in various pay grades, the nature of job duties and responsibilities in the lower pay grades, and make recommendations for options to improve compensation levels for lower paid state employees; and

BE IT FURTHER RESOLVED, that the Central Personnel Division provide such assistance to the Legislative Council as the Legislative Council requests in conducting the study; and

HIGHWAY AND AIRPORT TRUST FUND APPORTIONMENT URGED

A concurrent resolution urging the Congress of the United States to remove the highway trust fund and the airport and airway trust fund from the unified federal budget process and enact legislation to apportion to the states over a five-year period the surpluses currently retained in the trust funds and to repeal the "trigger tax" affecting the airport and airway trust fund before the January 1, 1991, effective date of that tax.

WHEREAS, the highway and airport trust funds are funded by user fees collected in advance of expenditure and are dedicated to highway and airport improvement programs; and

WHEREAS, at the national level, the highway trust fund can support an annual spending level of approximately \$14 billion and the airport and airway trust fund can support an annual spending level of approximately \$4 billion; and

WHEREAS, inclusion in the unified federal budget has limited appropriations from the highway trust fund to approximately \$13 billion a year and appropriations from the airport and airway trust fund to approximately \$3 billion a year; and

WHEREAS, the inclusion of appropriations from the highway and airport trust funds in the unified federal budget prevents North Dakota from receiving approximately \$6 million each year in highway funds and approximately \$2.5 million each year in airport funds to which the state is entitled; and

WHEREAS, reduced appropriations from the funds has resulted in surpluses being retained in the funds of approximately \$9 billion for the highway trust fund and approximately \$6 billion for the airport and airway trust fund; and

WHEREAS, if the surpluses retained in the trust funds were apportioned to the states, North Dakota would be entitled to receive approximately \$35 million in highway funds and approximately \$15 million in airport funds; and

WHEREAS, reductions in highway and airport transportation trust fund appropriations and retention of surpluses in the funds hamper North Dakota's, as well as other states', ability to address identified, critical transportation needs; and

WHEREAS, the moneys in the highway and airport trust funds cannot be transferred to other programs included in the unified federal budget and limitations on trust fund expenditures and retention of surpluses in the trust funds may reduce the total federal budget but do not result in a real reduction in the federal deficit; and

WHEREAS, it is inappropriate that the dedicated trust funds for highways and airports are subject to the unified federal budget process; and

WHEREAS, the 50 percent reduction in taxing authority of the "trigger tax" affecting the airport and airway trust fund would adversely affect the modernization and improvement of the total airway and airport infrastructure of the national air transportation system;

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF NORTH DAKOTA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:

That the Fifty-first Legislative Assembly urges the Congress of the United States to remove the highway trust fund and the airport and airway trust fund from the unified federal budget process and to enact legislation to apportion to the states over a five-year period the surpluses currently retained in the trust funds and to repeal the "trigger tax" affecting the airport and airway trust fund before the January 1, 1991, effective date of that tax; and

BE IT FURTHER RESOLVED, that copies of this resolution be forwarded by the Secretary of State to the Secretary of the United States Department of Transportation, the chairmen of the United State Senate and House Committees on Appropriations, and to each member of the North Dakota Congressional Delegation.

FOUR BEARS BRIDGE FUNDING URGED

A concurrent resolution urging Congress to provide funds to replace the Four Bears Bridge west of New Town, North Dakota.

WHEREAS, the Four Bears Bridge, named in honor of Chief Four Bears of the Hidatsa tribe, provides an important transportation link across Lake Sakakawea; and

WHEREAS, the Four Bears Bridge, at 4,483 feet in length, is the state's longest highway bridge and earned a place in North Dakota history when it became the only three truss span highway bridge of its size to be moved over 50 miles; and

WHEREAS, the Four Bears Bridge was constructed by combining the Elbowoods, North Dakota, town bridge, which was constructed in 1930, with additional girder and deck spans to enable the bridge to extend across Lake Sakakawea; and

WHEREAS, in 1987 the bridge had traffic of approximately 2,400 vehicles per day and traffic is expected to increase to approximately 4,000 per day by the year 2007; and

WHEREAS, the bridge's narrow width, which is 20 feet from curb to curb, restricted load limit, and low vertical clearance have rendered the bridge functionally obsolete and its advancing age contributes to structural deficiencies; and

WHEREAS, to ensure the continued existence of this important transportation link, the Four Bears Bridge should be replaced and any replacement bridge should bear a plaque observing the historical significance of the Four Bears Bridge and its name;

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF NORTH DAKOTA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:

That the Fifty-first Legislative Assembly urges the Congress of the United States to provide funds to replace the Four Bears Bridge west of New Town, North Dakota; and
